

On "It's supernatural" over twenty-five reports of people being raised from the dead, thousands of others have been miraculously healed; it's been called "the Florida Outpouring" "the fire from Florida" and "the Lakeland Revival." In this second part of a two-part series see how God is using Todd Bentley in the greatest healing revival since Azusa Street.

*Do angels exist?

Last week, Monday night I came and you gave a word of knowledge about hepatitis C and I stood up over here and my lab reports came back the next morning at nine a.m. totally gone. Clapping and shouting
Do you have those reports?
I do, I got them here.
We've got the evidence; we've got the medical lab reports of this healing of hepatitis C.

Sid: Hello, Sid Roth here welcome to my world where it is naturally supernatural.
I don't want to breathe just ordinary air, I want to breathe God air, supernatural air, now my guest makes it a lot easier for me to do this, his name is Todd Bentley and I am in Lakeland, Florida where there is a major eruption of God air, a major eruption of the spirit of God.
You tell our people what is happening in the supernatural right here in Lakeland, Florida.
Todd: We have been experiencing a mighty outpouring of God's presence and glory, it is one of the most unique outpourings I have ever been a part of because the glory of God is so thick it is like honey, it is overwhelming and day after day, week after week, the presence of God is so overwhelming I am literally spending hours a day, most of the time weeping, crying, laughing, on my face.
And with that outpouring is coming credible, notable, signs and wonders, I mean like people that are being healed of terminal cancers.
Sid: Wait a second; something just happened in the atmosphere, can you sense it?
Todd: Yeah I can.
Sid: Something just, I don't know whether an angel walked in or what, but something just happened.
Todd: The glory just whoom, it is a confirming bearing witness presence coming into the room just now.
People are going to feel it in their homes that same anointing is coming right into their homes.

Thank you Lord, release that glory.

It is here now I can feel it.

This is what happens to us.

Sid: I am getting hot, but go ahead.

Todd: I am starting to feel a tingling now in my hand and you know that is a sign of the gift of healing being stirred up for me.

Sid: The thing that is so amazing about what is going on now it's transferable, explain that.

Todd: People are receiving it, we are praying for people, a pastor friend of mine in the UK, he came all the way here to Lakeland, we laid hands on him, he took it back to the UK and announced "I just got back from Lakeland, Florida, I am going to have an impartation service to release the anointing, fifteen hundred people showed up for the first meeting and now there are going to be extended meetings and the same kind of miracles are happening there, they had over a hundred people healed in the first meeting.

Sid: So it is not you it is God.

Todd: It is absolutely God.

Sid: what did Rick Joiner just tell you?

Todd: Yeah, Rick Joiner told me that two of his students came from his ministry school to Lakeland and they were just sitting in the meetings, so that one young man got saved, they went back to the school and they started testifying what they saw and what it was like in Lakeland when they were here, and then all of a sudden the Holy Spirit fell on all the ministry school students and a bunch of the staff at Morningstar, and at midnight they were on their faces weeping, repenting and then the parents that came to pick up their kids, they came in to this atmosphere of glory, they are all on their face, and it went on the next day, and then it went on the next day, and we are still hearing reports of the young people being touched in a mighty way just because a couple of young guys came to Lakeland.

They carried it back then to North Carolina.

Sid: What is going to happen with this move of God's Spirit that is going on has God shown you?

Todd: He has.

Sid: What is going to happen?

Todd: What is beginning right now, it is going to begin to break out all over the earth, that's the first thing, it is global, it is international, it won't be stopped, we are in the third wave.

Sid: Could this be the last wave of God's Spirit before Jesus returns?

Todd: It could be, I believe that what is happening now, I don't know how long it is going to last, will carry us right in to the second coming.

Whereas the move of God was Toronto, and a lot of what was happening went around the world of course, but you know it was centered in one place, Pensacola as well, but we are in a place right now we are moving all the time, this thing is going to go everywhere, and I believe it is a global outpouring, I mean it is like a wind and the

wind is blowing here, and the wind is blowing there,
and the wind blows wherever it wishes.

Sid: You said something else; it is going to be
not defined to a stadium.

Todd: No, it is going to be everywhere there will be
stadiums all over the earth being filled, all over the earth,
and it won't be one man, one ministry, here is the stadium,
and over here one man, a ministry and a stadium,
and thank god for that, I want to be in the stadiums
and we are, but I believe there is going to be stadiums
in Kansas City, stadiums in England, stadiums in you
know, Asia, Australia, and Canada, nameless faces all
kinds of young people, it's going to be happening
in the streets and malls and Starbucks.

Sid: Wait, did you notice me, you might not have, just
kind of lunge forward like that, the Spirit of God got so
excited within me I couldn't sit still over what Todd was
speaking, don't go away we will be right back with His
presence in the studio right now all things are possible.

We now return to, "It's Supernatural."

He was breech and from the belly button
all the way down they ripped me.
So the doctors like...
The ripped me.
They ripped you open
Muscles and all and it took three months for me to heal
and the scar tissue was horrible and it was like a worm.
And yesterday I had a girlfriend at home who is a nurse
and I had the nurse, Yvonne, come here, and I had..
So you had...the nurse checked it?
Yes and she is new in the Lord so I went like this
and I showed her and she went like,
"Wow girl God took your scar away."
A five-inch long two inches deep
raised scar and it is removed.
Yeah.

Sid: Hello Sid Roth here with Todd Bentley and there is a
tangible heat in this studio; it invaded in the last segment.
And why is there this heat in the studio?

Todd: Well you know I believe its, when we talk about
heavenly things, the supernatural, miracles, signs and
wonders you know and heaven on earth you attract the
angelic realm, you attract heaven, you attract the way that
it is in heaven because it is the Spirit of God in
you and me and the Spirit of God working in the
earth bearing witness to heaven is coming to earth
and it is going to be here as it is in heaven.
You know when you think about that, as it is in heaven,
what it is like in heaven right now?

Sid: But there's no evil in heaven for starters.

Todd: No sickness, no sorrow, no pain, no disease.

Sid: No worry.

Todd: No worry, and we can pray God your kingdom
come your will be done on earth as it is in heaven.
We pray that it would be heaven on earth.

That's what is happening right now.

Sid: Some people say well I can't wait to get to
heaven but it could be heaven on earth if you have
your focus on the word and the Lord.

Todd: It's in you, the kingdom of heaven is in you,
it's in me.

Sid: You know it is literally the Messiah in us, like right
now, is there an angel here, why is this going on.

Todd: Yeah there's a tingle, there's a presence of the Lord
and I recognize as a gift of healing for me.

Sid: Tell me about that guy that was ready to have
hip replacement surgery that the wires were in him,
tell me about that.

Todd: Yeah that's right, there was a man in the hospital,
admitted, and he was going to have a surgery to replace his
hip, and the epidural guy was coming and they were just
going to give him the epidural so they could do the surgery

and he didn't feel a peace about it, he just felt like I can't do this.

And he looked at his wife and the doctor and said I'm sorry, and they ripped the IV out of his arm, the IV was in his arm, he said to the epidural and to the doctors, I don't want the surgery, I am going to go to that meeting here and he came to the healing meeting instead, came upon the platform, I called out a word of knowledge, I saw a vision. a word of knowledge, I have a vision and see pictures in my head and I saw a man needing a surgery on his hip and I called that out and he came up and told me the story, I just came from the hospital, he still had the arm band, and the power of God touched him in a radical way, he was jumping up and down, screaming, on his knees.

Sid: He said no pain; there was bone on bone.

Todd: No pain, bone on bone.

Sid: You can't have "no pain" bone on bone.

Todd: That's right, absolutely.

Sid: what in your opinion should someone do that is watching us and they are saying, you are saying right now, I know that you are saying this, "What about me, that's good for that guy but what about me, I'm here in pain; I am here in agony, I have prayed and nothing has happened."

Would you talk to them right now?

Todd: Absolutely.

Faith can do everything right now and all you need to do is receive.

If you can believe right now that these miracles are possible then I want you just to put your hand on the part of your body, wherever the pain is, you got pain in your body, you got tumor, cancer, put your hand on that part of your body and I am going to pray that this presence that is in the studio right now is going to come right through the television, right through the television.

That light, we call it the "lightnings of God," the power of God just flowing right now coming into your body, a heart condition was just healed, the woman, you have got an irregular heartbeat, you take medication for it, it just went right through your heart right now, it's going right through somebody's bloodstream right now and healing a circulatory disease, right now in the name of Jesus somebody's right foot is being touched and healed, the broken, fractured bone in the right foot is being healed, and it is just moving right now, let it come on your body, the left shoulder, the rotary cuff that was torn, it is being healed right now, just begin to move that and just let it come, let it come, you might feel that fire, heat, burning, electricity, I pray you do, I pray that fire, I pray the fire, the heat, the power, just be released right now.

And I rebuke infirmity, I rebuke sickness, I rebuke pain, I rebuke cancer, come out of your body now.

And we just release healing, may you feel it in your home right now, you are watching, just say, "thank you for my healing, thank you for healing me Jesus."

Just say thank you, thank him for it right now.

Sid: You know I am amazed at the number of healings that are coming in from people watching the outpouring on the Internet, how many are there?

Todd: Hundreds a day, hundreds a day, literally thousands now, and we get just from one station four to five hundred testimonies every single night and that is not including the people being healed watching on the webcast, on the internet, and the stories getting healed in the meetings, it is absolutely explosive, we cannot keep track.

Sid: There is something that is puzzling to a lot of people, it appears as though you don't have an agenda when you show up, it appears as though you are not going to do X number of songs, and a message, and an offering and announcements, and say "See you next week."

Todd: Yeah, absolutely no agenda.

One agenda, we are going to have worship.

You know the guy that did worship who did a worship set when he showed up, we said there is no worship list, we are just going to set up.

Sid: Wait a second; I didn't see him as worship leader I saw him under the piano in the floor.

Todd: Vibrating.

Sid: Yeah.

The worship he did was wonderful, don't get me wrong, but watching that was more wonderful.

Todd: That was so awesome.

Sid: I'll tell you what, we are going to be back in a moment and I am going to have Todd pray for a transferable anointing so that you can do the same things that we can do because you have, and if you don't you better, the same Jesus within you.
Don't go away, we'll be right back.

When Jesus prayed that they all may be one, there were only two people groups, Jews and Gentiles.

God's purpose from the beginning was for all nations to become one in Yeshua, Messiah Jesus, to break down the middle wall of separation dividing Jew and Gentile so that the world may believe that Yeshua is the Messiah and Lord over all.

When Jewish spiritual DNA merges with the New Covenant Christ DNA there will be what Paul called:

That's why Sid Roth's website is loaded with cutting edge articles and teaching about "The One New Man."

Log on to:

We now return to, "It's Supernatural."

We were waiting you know for the patient to come out of the OR, I got a phone call from the OR and one of the OR tech's said,
"They opened the patient up and nothing is wrong."
But you got the cat scan, you got the CT scan, you got the radiologist, you got all the other reports. You can't misdiagnosis a ruptured anatomy

You can't misdiagnosis that rupture?

No.

He goes in and they come out and they go,

"There is nothing wrong."

Nothing wrong.

Sid: Hello Sid Roth here with Todd Bentley, you may hear something in the background because we are here at the location the church, Ignited Church in Lakeland Florida where the outpouring of God's Spirit began. And so if you hear something in the background it is good, it is people worshipping God.

Todd, the thing that is so amazing to me is this move of God's Spirit in Lakeland isn't confined to Lakeland.

Todd: No.

Sid: It's on television networks; it's on the Internet, the churches...

Todd: Some radio.

Sid: Radio, where is it on radio?

Todd: It's on radio in Northern Ireland; it's on radio in Western Australia, and it has been on Spanish radio.

Sid: Okay, but churches are literally taking the video; showing it having miracles happen, tell me what happened at your home church?

Todd: Oh, there are overflow churches too all over the earth where their whole congregations, 1500 people they get the live feed and they are just putting it up.

Sid: When they see the video it is the same as if they were there.

Todd: People get healed, people walk in the church and they see me on video and I call out a word of knowledge and they get healed.

Sometimes days after it was recorded.

It's transferable.

Sid: Tell me about your home church.

Todd: My home church when I told they something is breaking out guys, I'm here in Florida, I said you guys gotta come down, and they all came down.

And they just got hungry and they said we are going to sit in this for four days.

We've had thousands of leaders come already, I mean there are hundreds every night that show up hungry for this anointing.

They want impartation, they want it for their ministry, they have been so dry, and so my guys came down, they got in it, they got absolutely blasted, went back, just had a service and they said in one of the last services they had the preacher got up to do his message, he didn't even have time to get his Bible, and he is a man of the Bible, he is a teacher, "We're going to have the word."

You know he is just very...

Sid: I understand.

Todd: Yeah, and he said, "Man something came over me and I felt an urrr in my belly and I wanted to roar, I just felt like urrr and I started roaring, this noise came out of me like the roar of a lion," he said.

"And the place went ballistic.

And then I thought the lion and the lamb

and then something popped in my head,
why don't you just act like a lamb"
And so he started making this noise like a lamb,
totally foolish, nothing that we would do all of the time,
we are not saying it is a manifestation but he just felt
like I gotta be humble here, BAMB.

And pretty soon hundreds of bodies were all over the
floor and he said it was like a pool of glory opened up,
very similar to what we have had in our meetings
here right in front of the pulpit.

And a pool of Bethesda, a pool of glory they called it,
and there are people down on their knees laying
in this thing and they are all just making noise
and they are rolling around.

It's one o'clock in the afternoon you know, it is absolutely
crazy, it's a transference they received in Canada.

Sid: Well the thing that is amazing to me, did you
catch that, he has a word from God for that night,
that group of people, for those watching on Internet
or something like that, but then weeks later they
see the video and it is as fresh as if it was live.
And the impartation, the outpouring of God's spirit, when
you did that I just head that someone's neck was just
healed, if you will move your head you will see and
someone's back has just been healed in Jesus Name.
And hips, hips are being healed.

Todd: Absolutely.

Sid: Todd I believe you can pray for our people
that are watching right now, and by the way you
are our people if Yeshua is your Messiah and Lord,
if he is not what are you waiting for?

You say I'm Muslim, I'm Jewish, well that's okay,
Jews and Muslims believe in Jesus, they just don't
believe enough, you don't believe enough, that his
blood was enough to wash away all of your sins,
his blood was enough to give you intimacy with God,
this isn't religion, this isn't tradition, just take your
religious mindset off and go off.

This is knowing God; this is what you were created for.
He knew you before you were conceived in your mother's
womb and he called you, he called you to watch right now.
Will you pray for an impartation, and if Jesus isn't your
Lord, say Jesus I make you my Lord, live inside of me.
Cleanse me of this junk; that simple, nothing religious.
Say it, mean it to the best of your ability,
what more could God ask for, the best of your ability.
Todd now pray for all of those that are watching.

Todd: Yeah, that's right.

Yeah we are talking about a transference God,
we are talking about a tangible transference, same glory,
same power, same fire, just release it now release it now
for those that really want it, you are hungry to feel the
tangible manifest presence of God, you want to know that
it is real, there it is, there it is right now, I release it to
you, Lord just right out just like a river, coming out rivers
of living water, I feel that virtue, I feel that electricity,
just beginning to flow right now and it is transference

of tangible anointing, just receive it where ever you are watching right now and you are hungry, just lift your hands up, get me, come on, get me, get me, ask him, get me, loose that take it, take it, take it. It is yours, I just release it to you now, I pray healing fires break out everywhere in the Mighty Name of Jesus.

Sid: That's so wonderful here.

Todd, tell me the short story of how a tattooed man with an earring, a young man at that, is at the epicenter of a major outpouring of God's Spirit. Tell me about that?

Todd: I'll tell you real quick, I got saved as a drug addict, 18 years old, heard God's voice in my drug dealers trailer, spent time in five prisons, the street, mom and dad divorced when I was a young child That's my story, drug and alcohol addiction and prison, ending up on the street.

And I got saved radically when I heard the voice of God at eighteen years old in my drug dealers trailer, and I just said you know, not religion, was never church, didn't grow up in the church, I just started to realize hey, this Jesus is real, I feel his presence, and I was hungry for him. And I said whatever you want to do with my life.

And I think God is using people today that are out of the box because the world wants something different.

The world doesn't want learned behavior, cookie cutter weak we can tell who is a Christian and who is not, but the way we dress.

Sid: I think it is so wonderful at your meetings, I see you lay on your face .

Todd: It is refreshing.

Sid: On your face you hear from God and you do whatever God tells you to do.

Todd: I just want God, I am not in to structured, organized religion, I am into feeling and knowing the presence of God and seeing the supernatural. And the kind of things I read about in the Bible and that is it for us.

Sid: Give me one highlight spiritual experience before this outpouring that happened to you.

Todd: Oh there has been so many of them.

Sid: Just one.

Todd: I will give you one life changing for me is I saw the Lord.

And it happened to be on Mother's Day, 1998, and it was that morning the Lord appeared to me and I wasn't expecting it, I wasn't being spiritual, I wasn't praying, I wasn't fasting.

I got out of bed like any other morning, and I felt like praying in the Spirit, I felt like praying in the Holy Ghost, and I had this sense as I was praying something was being released, I was birthing, my destiny was being altered, and this presence became so strong, I am feeling it now, that fire just, I'm burning up, I'm burning up, and as I'm praying I felt this presence, not only the peace of God around me but like a person stepped in the room behind me and then I heard the inner audible voice of God in clear

speech and every time I turned to see the Lord he was behind me, I turned, and he was behind me, but that presence followed me and I could hear him speaking to me in plain speech, and he said to me, "Today your ministry begins I'm going to take you all over the world with miracles, signs, wonders." And I was 22 years old, working in a sawmill, stacking lumber and just had this great spiritual experience. It changed my life forever.

Sid: and the good news is that knowing God is experiential, it is not just cerebral, there is nothing wrong with cerebral, but it only can take you so far, it is experiential, and God could have said those same words to you right now, "Today your life begins, today is the first day of the rest of your life, stop looking backwards, stop the pity party that you are in, stop feeling sorry for yourself, this life is wonderful.

You say, "Sid, you don't know what is going on in my life."

I don't want to know.

But I do know if you make Jesus your Messiah and Lord, read the word and do everything you know to get closer to God, he promises to draw close to you.

This is the beginning of a supernatural walk for you.

No more that same old same old.

It is Yeshua, Jesus, all the way.

Go for it.
