*Is there a supernatural dimension, a world beyond the one we know? Is there life after death? Do angels exist? Can our dreams contain messages from Heaven? Can we tap into ancient secrets of the supernatural? Are healing miracles real? Sid Roth has spent over 35 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural**.*

SID: Hello. Sid Roth here. Welcome to my world where it's naturally supernatural. I just hope that you can breathe in the rarified air of Heaven because wherever that air is there's healing. It's a river and there is a river in this studio. I know that your whole paradigm for End Times is about to be turned upside down. Why? Because you have been instructed man's opinion from the West, his understanding of End Time Bible prophecy. What if you looked through the lens from the East where the Bible was originally written. You would have an entirely different End Time perspective. But here is the thing I want to caution you, and I want to warn you. Study the scriptures, show yourself approved and think for yourself. I can't wait for you to hear this interview. I have a guest that in his wildest imagination he never thought he would be sitting opposite a Jewish man and loving him. Why? He was born in a city that you're very familiar with, Bethlehem, as Micah says, Bethlehem of Judea, and he was raised to hate the Jew. He was raised to be a terrorist bomber. He actually released a bomb, I believe it was in Bethlehem. You wanted to kill Jewish people. And the thing that I find very, very interesting is you came to the United States and you were with an organization that was a forerunner of groups that we hear in the news all the time, a forerunner of Hamas, Al Queda, the Muslim Brotherhood. I mean, we hear this in the news all the time. A lot of the Middle East countries, their new freedom is allowing them to vote, and many are getting into office from the Muslim Brotherhood. What were you taught by this organization in America? Why were you part of it?

WALID: You said it. I wanted to kill Jews in America. We were planning for Jihad in America for destruction, mayhem and all kinds of things. What part of kill Americans don't get? The Council of American-Islamic Relation that says we are a peaceful entity was born from the IAP, Islamic Association of Palestine, branch Hamas in the U.S. Hamas was active in the U.S. My mentor, Jamal Sareed, he was a colleague of Abdul Azam. Most Americans don't understand. I say those names like Abdul Azam. Abdul Azam was the godfather of Al Queda. Most Americans don't know that real godfather of Al Queda was not a Saudi. He was a Palestinian from Jenin.

SID: Let me ask you about this Muslim Brotherhood, because they seem to be winning a lot in the elections in these new democracies in the Middle East.

WALID: Of course.

SID: They appear, I mean, they're accepted in the United States on our television, in the White House. Are they kind of peace loving as opposed to radical?

WALID: They're absolutely radical. There is no such thing as peace loving Muslim Brotherhood. Muslim Brotherhood is the umbrella organization that gave birth to all Islam terrorism.

SID: I know, but they appear to be peace loving.

WALID: Well they play the flowchart, there is a very simple flowchart. During an uprising, the people arise, the governments begin to clamp down on the uprising. Then the media goes there and they get the film from CNN, BBC and all these things. Then they begin to call for democracy and then of course what better word to use for the West. We want democracy. And the West is happy to think, well wait a minute, maybe what we are having here is Islamic democracy. So Islamic democracy is like saying capitalistic communism. It doesn't exist. So the West is basically fooled by the words of democracy. Seventy-five percent of the Egyptian government now, the parliament is Muslim fundamentalist, and then of course after they take over the government, out with democracy. In the Middle East, yeah sure, they use democracy. It's one man, one vote, once. That's it.

SID: Okay. The description from the Muslim holy books of their Messiah is a mirror image of the Christian description of the Antichrist. Why do you say that?

WALID: Absolutely. Everything about the Islamic Messiah, Islam is not void from [unintelligible], by the way. They have what is called the Mahdi. The Mahdi, by the way, is the Messiah to both Sunni and Shiite All Muslims must believe in this coming Messiah. And everything in the Bible that talks about what is called the Antichrist is there in Islam about the Islamic Messiah. If Daniel talked about the Antichrist making a 70-year covenant, Islam talked about the Mahdi creating seven years of peace. If it talks about some of the martyrs that were beheaded or Israel being invaded by the Antichrist, Islam talked how the Mahdi will even unify Turkey and Iran to advance against Israel. Let's see, [unintelligible] rings a bell here. If it talks about the Trinity in the Bible, Islam says that the Mahdi will come and denounce the Trinity, that they will come and destroy the cross. They will break the cross. From everything in Daniel, Revelation, you can think of, the rider of the white horse from the Book of Revelation. By the way, Muslims take pride about what's in Revelation regarding the rider of a white horse. That's the Mahdi. That's the Mahdi to the Shia. That's the Mahdi to the Sudanese as well. So in every aspect of the Bible when you read Antichrist or the "man of sin" and you look at the definition of the man of sin it is Islam.

SID: Listen, you were able to think outside of the box to become a believer in Jesus. Wait until you hear as he thinks outside of the box confined only to the words of the Living God and looking through the lens of the East as opposed to the lens of the West, some conclusions he comes up with, you will be literally shocked. Don't go away. We'll be right back. I'm shocked by the conspiracy of silence by the news media concerning the dangerous results about the recent election in Egypt. On June 24th, by the narrowest of margins, only 51 percent, a member of the Muslim Brotherhood, Mohammed Morsy, became President-elect of Egypt. One of his main spokesmen shared before thousands the ultimate goal of Morsy's election. "Our capitol shall not be Cairo, Mecca or Medina. It shall be Jerusalem. Our cry will be millions of martyrs marched towards Jerusalem. Yes, Jerusalem is our goal. We shall pray in Jerusalem or else we will die as martyrs on its threshold." On top of this shocking declaration Iran has announced future joint military exercises in the Mediterranean with Russia and China. What a dangerous alliance. These are such dangerous times for Israel and for the world. We must understand that the events we are

now reading in our newspapers and watching on television news casts are predicted in the prophecies of the Bible. We'll be back with Walid Shoebat in just a moment.

SID: I am amazed at the revelation that God has given my guest, Walid Shoebat. I'm absolutely overwhelmed. I have to ask you this question. Most Christians in the West have read the Left Behind series, Hal Lindsey books, Dallas Theological Seminary, and they have ABC, this is what's going to happen in the End Times. When you talk before a group of people that have that whole scenario inside and that's the way it's going to happen, it's like a photograph, how do you change their mindset?

WALID: I go to book stores galore. I go to the airport all the time and I see all the books, fiction, fiction, fiction, fiction, as long as the eye can see. Then you have history and some. But it's fiction. I mean, even Hal Lindsey, everybody knows Hal Lindsey would know this is fiction. It's Christian fiction. The Christian fiction becomes the issue. It's very easy for me to convert the Christian fiction prophecy paradigm into biblical prophecy, in real biblical prophecy. And that is once we look at the literal references in the Bible, just the literal references, let's put Daniel aside, let's put Revelation aside, this is filled with allegory.

SID: If you could ask a couple of questions of these people what would you ask them?

WALID: Question number one, which no one in the world can answer really. Question number one, out of all the literal references in the Bible, not the allegory, every literal country mentioned in the Bible that God deals with in the End Times, what are they? No one can tell me they are not Muslim. Every single one of them is Muslim. I know people can argue over God [unintelligible].

SID: But wait a second. Where did we get this whole European Union thing?

WALID: Well in the '70s.

SID: The '70s?

WALID: Yeah. Hal Lindsey and Tim LeHaye, and all these guys made it possible. Greece joined as the tenth nation in the European Confederacy. We got the 10 horns, we got the 10 toes. So then another nation joined, 11, 12, all the way to 20, 20-some nations joined the European Union. So you got Daniel, Chapter 2, with the statue of Daniel, the Book of Nasser's dream, 10 toes. You have 23, 24 toes. All of them are protruding out of the West. One foot has got 20-some toes, the western leg, and the eastern leg is chopped off. So I go to churches and I speak to pastors, and I speak to the congregation, and I challenge the pastors. I say, okay, you believe in a revival of a Roman empire. We're fighting over semantics really. Because when I say the Islamic world, they say, on no, it's the revolving of a Roman empire. It can't be the Muslim world. I say,

okay, we're fighting over semantics. The Roman Empire didn't include North Africa. No one can deny it. Yes. What country is included in North Africa? Libya, Algeria, Tunisia, Morocco, Mauritania. What happened in Libya lately? I've been saying this 15 years. I've been talking about this Arab Spring 15 years ago, from the Bible. What happens in Egypt? Will that be part of the Roman Empire? Will I have to include them? Of course. They're part of the Roman Empire. What about Turkey? Was that part of the Roman Empire? Well that's the eastern leg. Of course I have to include it. Okay. So what's left? Europe. Well we can argue over Europe, but there isn't a single reference in the Bible where God punishes a European nation. Show me where. Rome is mentioned 16 times, some in blessing in fact, to the believers in Rome. But there is no destruction of Rome in the Bible literally by name. We're going to say mystery of Babylon. That's a whole different question. But there is no other references. Out of all the nations, Messiah fights, every nation Messiah fights in the Bible, every single one of them is Muslim.

SID: So okay. So let's take a look at a different paradigm. What do you believe the Mark of the Beast, 666, is?

WALID: Well we have to understand from the Book of Revelation in Chapter 13, the mark is the number of his name. We have to think of the name of the beast. People in the West think name of the beast, what would it be? On the foreheads of the followers of the Antichrist it might say something like, "Hilary Rodham Clinton" or some name.

SID: No, no, no, don't say that.

WALID: No, it's not a literal name. It has nothing to do with a literal western name. Look at the Messiah. We interpret the Bible from the Bible. The Messiah's name, what is his name? "His name shall be called Emanuel," which is what? "God with us." His name is not Emanuel. He's not Mexican. He is from Bethlehem. His name shall be called Emanuel, which is God with us. This God with us is what? A title. It's our what? A creed. Our creed is what? God with us. Only one faith in the world has God with us. In the same essence, the name of the beast, what is it? The creed of the beast. They have a creed. The kingdom of the Antichrist has a creed. It's a blasphemous creed.

SID: What is it?

WALID: The major creed of Islam is what? I declare there is no God but Allah and Mohammed is his messenger. America, you want peace with Islam? You all must recite, "There is no God but Allah and Mohammed is his messenger." Will you be willing to recite this, Sid? Of course not. Why? Number one, you're an American, no one tells you what to do. Number two, who is Allah? That is not the God of the Bible.

SID: So you believe the Mark of the Beast is the creed.

WALID: The creed. If you look at the movie, "The Kingdom of Heaven", let's say. Go watch the movie. "The Kingdom of Heaven", watch Saladin. Saladin was the figure, the Muslim guy who was fighting against the Crusades. Look at him sitting in the tent. What does he have around his arm? He has around his arm "Bismillah", in the name of Allah.

SID: On the forehead, too.

WALID: On the forehead as well.

SID: The bandana around the Palestinians?

WALID: Absolutely. Not just Palestinians. Turks, Muslims in Africa.

SID: What's the mark on the bandana?

WALID: It says, "There is no God but Allah and Mohammed is his messenger." It says, "In the name of Allah" sometimes, Bismillah. If you look at that movie I mentioned on the right arm is "Bismillah".

SID: And what does 666 mean?

WALID: Well if you look at the Greek, there's three Greek letters. No one can deny they're Greek. But they also, for some miraculous reason, supernatural reason that I cannot fathom, it also reads in the Arabic language. In fact, none of my detractors denied that it does say "Bismillah" in the Greek letters.

SID: Which means?

WALID: "In the name of Allah."

SID: So 666, the Mark of the Beast, is on the forehead or the arm, the name of Allah.

WALID: In the Greek it reads it that way.

SID: Wait until you find out what he has to say the Bible shows us in reference to Allah and the crescent moon. Don't go away. We'll be right back.

[Arabic]

SID: Walid Shoebat is an ex-Muslim terrorist who reveals the End Time scenario being played out right now in the Middle East with Egypt electing a radical Muslim as president, whose followers proclaim a new United States of Islam will be in the Middle East, and says that their capitol will be Jerusalem.

SID: Hello. Sid Roth here and I'm with Walid Shoebat. And he told me things that I've never heard before, such as, tell me the correlation between Allah and the crescent moon.

WALID: When most westerners read in Isaiah 14, where it talks about Lucifer, look at the English translation: Lucifer. I go to the Hebrew. The Hebrew says [Hebrew], "How art fallen from Heaven." [Hebrew]. "Hillel" is the word for brightness and it's also the Aramaic, Hebraic, Arabic word for "crescent moon". So you read it in context. "How art that fallen from Heaven, o crescent moon, sun of the morning star." So there's the crescent, there's the star, there's the symbol of Islam itself as in the name of Lucifer. Let's not forget in Isaiah 14 it continues to say, "When he's captured," this Lucifer, this Hillel Ben Zohar, he's judged. People will look at him and say, "Is this the man that made the earth tremble?" They say this is the rebelliousness of Lucifer in Heaven. When did Lucifer become a man? The anti-Messiah, the Antichrist, no question.

SID: Okay. What about Allah? What are the various names for Allah? What is he called in the Koran?

WALID: He's called many names.

SID: Tell me a few of the names that we're interested in right now.

WALID: The interesting names of Allah is [Arabic] [Arabic] in the Arabic. In the English it means "the greatest of all deceivers."

SID: Really?

WALID: Absolutely. In fact, there are prayers in Islam of having Allah give you the gift of cunningness. So some of the names in Allah in the Koran is also [Arabic], "the most proud one". So this is what I'm trying to say.

SID: So who's going to be the Antichrist?

WALID: You mean his name?

SID: His name or where will he be from?

WALID: Everyone who tried to figure out his name was wrong.

SID: For sure.

WALID: I think I know which country he comes from.

SID: Which country?

WALID: He comes from the country of Turkey, no question.

SID: That begs the question, we are taught that the Antichrist is going to rule the world. You say different.

WALID: No. He can't rule the world. Because if you look at several places in the Bible he fights against other nations. In Daniel 11, Daniel 11 gives us the best description of the Antichrist. He declares war on the what? The strongest of all fortresses. Well the strongest fortresses or the strongest military minds in the world is not the Antichrist, it's someone else. In fact most Westerners hardly if ever study how the Antichrist falls. When you ask a typical western Christian, how does the Antichrist get destroyed? Well Jesus breathes on him and that's it.

SID: Why?

WALID: Well there's more to it than that. That's the command by the way of battle that the Messiah orders. But the destruction of the Antichrist is in Ezekiel 28. He's number one there, the Prince of Lebanon, the prince of fire. His destruction, in Verses 8, 9, you can continue on, it says, that "God will raise nations and those nations are the most terrible of the nations militarily, and they will destroy him, and they will throw him into the pit." In Micah 5, God raises seven shepherds and eight principal men to fight against—

SID: Who are these seven shepherds and eight principal men?

WALID: Well no one knows them yet. But they are definitely mentioned in the Bible. Let's not forget, even the Antichrist has basically seven horns, 10, three plucked out of the root. What remains? Seven. So you have seven good leaders versus seven evil ones. Seven will stand with God. Seven will be against God. So in this essence, Micah, Chapter 5 is a mystery to people today. But it is seven nations that God will raise. They will rule, the most powerful nations militarily, in the world. Let me maybe suggest, how about America, while many people think America is doomed.

SID: Is America going to survive?

WALID: I believe so. It's such an edifying message when I hear America is doomed, America is finished. We've been through a depression before. We've been through all kinds of things before.

SID: Just briefly, because I want to know the answers to these. Is oil mentioned in the Bible?

WALID: Absolutely. How can anyone deny Isaiah, Chapter 34, in which God destroys Edom Let's not forget.

SID: What is Edom?

WALID: Ezekiel 25.

SID: Edom is what, what country?

WALID: Arabia. Absolutely. Because Ezekiel 25 tells us, Edom is from Teman to [unintelligible]. These are biblical cities that are in Arabia. And then in Isaiah 34, it says about this place in Arabia, it becomes, "what a burning pitch. It will burn forever and ever." I mean, Arabia will burn literally. It will be destroyed. Even the Bible tells us what nation destroys Arabia.

SID: What nation?

WALID: Iran.

SID: Wow.

WALID: Yes.

SID: This is making sense now.

WALID: Yeah. In Isaiah 21, Isaiah 21, you look at the reference. "Babylon has fallen, has fallen." That should ring a bell. That's the same reference in Revelation 14, Revelation 18, regarding the mystery of Babylon. Who destroys it? "Arise O Elam."

SID: What's going to happen to Iran?

WALID: Iran will eventually be destroyed.

SID: What's going to happen to Egypt?

WALID: Egypt, the Messiah is going to come down and fight for the believers in Egypt. There will be persecution of the believers in Egypt, Christians.

SID: They already have persecution in Egypt.

WALID: No. I am talking about major persecution. I am talking about persecution like you had with the Jewish people in Auschwitz. I'm talking about major massacres in Egypt. I'm talking about crucifixion, amputations. In fact, how many Americans are aware, one of the bills they're trying to pass in Egypt in the parliament is what is called [Arabic]. Look it up. Look up my name and look up what I talk about it. The idea of passing laws on crucifixion and amputating of the right hand and the left foot.

SID: You know what the most important thing is? I believe that you're going to hear revelation about End Times that you have never, ever even thought about. It's never even been addressed. But what is important than what the order of events will be is, where are you going and whether you have intimacy with God right now. And the way you have intimacy with God is if someone was to die for your sins. Jesus already did. Believe the blood of Jesus washes away your sins, and with your mouth say, Jesus you are my Lord.
