

*Is there a supernatural dimension, a world beyond the one we know? Is there life after death? Do angels exist? Can our dreams contain messages from Heaven? Can we tap into ancient secrets of the supernatural? Are healing miracles real? Sid Roth has spent over 35 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural**.*

**SID:** Hello. Sid Roth here. Welcome to my world where it's naturally supernatural. My guest went to Heaven and was given books to read on how to pierce the veil so that the Father's blessings can come upon us. How many of you would like to learn what he read in Heaven? Interested? I'd like that, too. And Tony and I had an amazing experience together. You see, Tony pastored for some 20 years and he saw some people healed, but he didn't really see breakthrough miracles, and then found out about *It's Supernatural* television, started going over our archives. How many hours a day did you sometimes look at these archives?

**TONY:** At least six and eight hours a day, and sometimes more.

**SID:** What caused you to do that? I mean, the average person isn't going to do that, Tony.

**TONY:** I was very frustrated, Sid. In about 26 years of ministry I only saw about a hundred people saved, ten people healed and they were minor conditions, headaches, backaches, and I was really, really frustrated, and I felt stuck. And I know this is an experience that people have in their personal lives and I knew that there was more. And so I just happened to come across your program and all of a sudden the Holy Spirit said, "You need to study this program and get the revelation of my Word and I will cause breakthroughs to happen in your life and in your ministry."

**SID:** And just rattle off a few types of healings you're seeing that happen normally when you speak.

**TONY:** We've seen the blind see, the deaf hear, people get up out of wheelchairs and walk. Tumors and growths disappear, supernatural weight loss, metal disappear from bodies, metal turn to bone, body parts appear where they're not even there.

**SID:** How about the dead raising dead? You had five dead people come back to life.

**TONY:** Yes.

**SID:** Tell me about one, especially someone that saw something when they were dead and reported on it.

**TONY:** Yes. I ministered to a woman. She had a boyfriend who was not even saved at the time and I gave a prophetic word that her boyfriend was going to get saved, and he was going to come to know the Lord. One month later, he literally dies. When he dies, this prophetic word, I like to say it this way, the Father's blessing and this powerful prophetic word that came from Yeshua was over his life. When his spirit leaves his body he meets Yeshua who begins to show him, by pictures, the sins of his life and he literally repents, and he gives his heart to the Lord. And Jesus says, "It's not your time. I'm going to send you back to Earth and you're going to be witness for

me.” He literally comes back to life and then he comes to the church, and he has given his testimony of how Jesus became his Lord and savior and raised him back to life.

**SID:** Now something that is amazing is can you imagine what kind of witness this is? This isn’t someone saying, I hope there’s a Heaven and maybe you can go there, too. No. One experience trumps any argument there is. But you have gone, you’ve literally gone to Heaven. Tell me about the time you went to Heaven and you saw the records.

**TONY:** Yes. I was in a church service and all of a sudden I began to feel my spirit lift and I went into a heavenly vision, and I found myself in a place, I’ll call it a room, it was very much like a library. The floor was white and it had silver, and there were tables and chairs there. And there was an angel there that had a scroll, and I got a chance to see a few pages of the scroll that would reveal the Father’s blessing, supernatural breakthrough, on how believers can get their prayers answered and how they can see miracles.

**SID:** This may be a dumb question, but I’m curious. Was the scroll printed? Was it in cursive? Was it in another language?

**TONY:** It had to be in English so that I could read it. But I just read the words and then just began to follow the instructions. This is what I’ve learned, Sid, that before the Father is going to give you a miracle he gives you an instruction to follow, which is interesting because what people call the Law is really the Torah, the instruction.

**SID:** I know the Law has negative connotations. The instructions have a positive connotation.

**TONY:** Yes, because it’s the Father giving instructions for our benefit to bring his blessing, supernatural breakthroughs in our lives, and so that he can present himself so that we can know him through Yeshua.

**SID:** When we come back, how would you like to find out the Father’s instructions so you can pierce the veil and that you can walk in the fullness of the blessings that God intended for you. I can’t wait to find out some of these keys. Be right back.

**SID:** I’ll tell you, I meet so many people, and most I don’t know that well, although we do our due diligence in our research. But Tony Kemp I know well. I’ve known him a number of years. He’s on our Board of Directors. So when he tells me something I believe him. Tony, you actually had a visitation from an angel, called Breakthrough. Tell me about that.

**TONY:** Yes. I was actually in the state of Georgia. I was in a hotel room and this angel appears. It was a surprise. And he let me know that he was there on assignment and that his purpose was to bring the purpose of God into my life and in the life of every person that the Father wants to bless. And he let me know his reason for being and that there were many, many breakthrough angels. Because in Chronicles 14, David had a battle with the enemy and he defeated the enemy, and he called the name with the place the Lord God of the breakthrough. And he talked about how God would go before him and clear the way. When the Father's blessing comes into a life or a marriage, or family, or finances, God the Father sends this angel that clears all demonic interference out of the way, and so then Heaven lands on Earth. The resources of Heaven come and so there's tremendous blessing and breakthrough.

**SID:** Okay. When you were in Heaven you were in the area where Book of Ephesians talks about that we are seated in heavenly places. You really were seated there. But you had a revelation on breakthrough and on, tell me about what God taught you about being seated together. I've read that so many times in the Book of Ephesians, and I'm thinking, well I'm there and yet I'm here. He's in me here, I'm in him there. It's just, I kind of ponder that a lot. Help me.

**TONY:** Yes. Even though my feet are on the earth because the Messiah lives in me, Colossians 1:27, "The Messiah in you, the hope of glory," even though my feet are on the earth, I'm in a heavenly place. And because I live in the Messiah Jesus, I don't live from Earth to Heaven, I live from Heaven to Earth.

**SID:** What has God shown you about time? You see, my understanding is once we leave this earth suit we go into a realm with no time. How does that affect us here?

**TONY:** Well here it is interesting. Since I am in the Messiah Jesus and I'm positioned in Heaven with him, here's the truth. When Heaven invades Earth, whenever God is going to do a miracle, whenever the Father is going to release a blessing and a breakthrough he suspends time or he turns it back, or he supernaturally accelerates it forward. Just look at Moses who is in the [glory]. He's in the face of the presence of God. He literally goes 80 days without drinking anything or eating anything. That's impossible. That's where he is, time has stopped.

**SID:** I never thought about it. That is brilliant. I love it.

**TONY:** I read it in the book—and the sons of Israel.

**SID:** You read this in the book in Heaven?

**TONY:** In Heaven. So then the sons of Israel, when God takes them through the desert you'll notice this. The Father breaks the law of time and he breaks the law of physics. Their clothes never wear out. Their shoes never wear out. Here's what's amazing. Their children are growing and the clothes are growing with their children. Their shoes are growing with their children. And so the Father's blessing is he provides whatever it is you need and he will break the law of time and the law of physics to provide it for you.

**SID:** Now you teach something that everyone should know, but very few people know this, and that is children, all children make judgments on their parents. And then they become a believer later in life, and they forget the judgments they made on their parents. What affect does it have on them?

**TONY:** Well yes. What the enemy does is the enemy uses these judgments, these bitter judgements of the sons and daughters to bring them into a form of captivity because, and the fifth commandment in the Torah says, "Honor your father and your mother." Well somebody will say, "You know, I had such a bad father, such a bad mother, there's no way I can honor them." But here's what that father and mother did, no matter how bad they were. Maybe they were neglectful, maybe they were abusive, maybe they were hard and harsh, but they gave you a gift called life. They were the person that the Father used to bring you into the earth, and if you just honor them for that you honor God. And when you honor God and honor that parent, and you forgive that parent and you reverse your judgment, the enemy can no longer hold you in captivity, and he can bring a blessing. And so people will look at their parents and say, you know what, I forgive you, the vow that I made, I reverse it and I let it go, the Father will heal their heart, release them from captivity and the blessing will come upon them.

**SID:** What about something so simple as you look in the mirror and you say, I hate the way my nose looks, I hate the way my face looks, I hate the way my body looks, judging ourselves. Does that affect us?

**TONY:** Oh absolutely. I was in the state of Louisiana. I was ministering to a woman and she had 60 percent bone loss, and was in pain. And I prayed for her, and nothing happened. But I had a revelatory moment because the Father loved her so much. And the Father said this to me. He said, "When she was young she had an abortion. She repented and I forgave her, but she has never forgiven herself. She had judged herself. She got into self-rejection and self-hatred." And the Father said, bring this up to her. She goes in tears. When she reverses on herself, she instantly gets healed. And I have seen so many people, Sid, physically healed, mentally healed, emotionally healed, not just when they forgive, because that's one part of it, but when they reverse their judgment on their parents or on a pastor, or on an older brother or sister, or step-parent.

**SID:** Or you just pointed out, of themselves.

**TONY:** Of themselves.

**SID:** Yes, like I did something horrible ten years ago. I know God has forgiven me, but I still feel bad about that. What would you say?

**TONY:** See, The Father no longer has judged that person because they're forgiven. But now I need to take the judgment of the Father on me, which is, it's forgiven, it's washed in the blood of the Lamb. It's a Passover. In other words, I'm bringing you out of Egypt into the Land of Milk and Honey. I'm bringing you out of captivity into freedom and liberty. It's as if that never happened. You know, the scripture says this, it says, "As far as the east is from the west, that's how far the sins, my sins are taken away." Well how far do you go east before you go west? You never get there. And so when I make that judgment and I agree with the Father, all of a sudden I'm released.

**SID:** Well I am so excited. When we come back I'm going to have Tony pray some of the prayers that he was taught the principles of in this book he read in Heaven. I want him to pray it over you. But I am just doubly excited because this is the key you've been looking for your whole family. You see how dysfunctional it is. Well you know that's not what God wants. I believe it's a Divine appointment. We'll be right back.

*We now return to **It's Supernatural**.*

**SID:** If that encounter that we talked about, the angel breakthrough and going to Heaven wasn't enough, you had this other encounter in Heaven, and you were told to take notes. Explain.

**TONY:** Yes. In 1989, I got caught up to Heaven. An angel came. He was about five-foot-ten, white, had chocolate brown hair, went to Heaven, ended up in the Heavenly Tabernacle. And I saw the Glory of God, and as a result of that, the Father asked me a question. He said, "What do you think made Abraham great?" And of course in Heaven, whatever you think, it's there. And so the first scripture that came to mind obviously was, came out of Genesis and Romans 4, "Abraham believed God and was accounted him for righteousness." And the Father says to me, "That's true." But then he refers me to Genesis 18, where Abraham commands his children and his household after him to have intimacy to God, with God and to walk in his way. So what the Father said, "What made Abraham great," was he revealed his intimacy with God, he revealed his faith and he imparted it and transmitted it to his children and his family, and he told them to follow in his steps.

**SID:** Now that's got to be the perfect definition of the blessings of Abraham.

**TONY:** Yes.

**SID:** Being passed on.

**TONY:** Yes.

**SID:** In fact, there's a word, it's called a legacy. Wouldn't it be wonderful for you to have a legacy of the things you've learned passed on to your children and your children's children, and maybe your children's, children's children.

**TONY:** Amen. And see, because of the blessing you had Genesis 26, where Isaac literally sowed in the land in the time of famine and reaped a hundredfold return because of the Heavenly Father's blessing and because of Abraham's blessing. And this blessing, because of the one new man, because of the root, we can enjoy that fruit if we'll hook into the true Hebrew Scriptures,

because the Hebrew Scriptures are true and they're for believers today, Jewish person or gentile. If we hook into that we can see the Father's blessing through Yeshua.

**SID:** You know what? Christians miss it because they say, well that's the old. The emphasis is on Old Testament. Jewish people miss it because they say, well that's the New Testament, we're not supposed to read it. You know Tony, the most amazing thing is the Jewish believer in Jesus, I found there's nothing new in the New Testament. Everything in the New Testament, which is predicted would come in the Tanach, the Jewish Scriptures, it says, "Behold the days come. I'll make a new covenant, a new testament with the House of Israel and the House of Judah." Everything in that New Testament, if you have eyes to see, it's in the Old Testament. Tell me about finances. How did the blessings relate to finances?

**TONY:** Well let me do this with a testimony.

**SID:** Okay.

**TONY:** Because there was a young man, he was in the projects, and he was classified as mentally challenged. He was on drugs and he gives his heart to the Lord. He's delivered from drugs. He is healed from mental retardation. He couldn't even read. And not only that, he gets filled with Spirit. I began to instruct him, be a spiritual father to him and I'm bringing the Heavenly Father's blessing into his life. The spirit of wisdom and revelation comes on him, according to Ephesians 1:17, and God begins to give him ideas. This is what the Jewish people have enjoyed for years. "I will open up the windows of Heaven." In other words, you see out of where you are, you see it to what the Father has for you. He gives you these creative ideas on how to prosper. He gets an idea to have a cleaning business and he cleans businesses. And then the Father speaks to him and says, "Get your nursing home administrator's license." He takes the state test, the federal test. He passes. He then becomes an administrator. Then he owns the nursing home. Then this multi-millionaire sees that everything this man does seems to prosper.

**SID:** You know, he sounds like a modern day Joseph.

**TONY:** Yes.

**SID:** That's what happened to Joseph.

**TONY:** Exactly. Because the Father's blessing was on Joseph. And so when we come into the Messiah Jesus, the Father's blessing, we begin to see breakthroughs. And so what happens to this young man is he begins to become an administrator, executive vice president over a chain of nursing homes, and believe me, making lots of money, and is a seven-figure income. And not only that, he trains other people up in the Father's blessing and they get personal breakthroughs, and they get financial breakthroughs. This is what it's all about.

**SID:** I think it's time for you to pray whatever God wants you to pray of things you learned from Heaven.

**TONY:** Amen. If you remember, in Numbers 6, there's a prayer that's given, an Aaronic blessing, but it's really the Father's blessing. And it's like this. It's like the Father comes down from Heaven. He presents himself to you all that he is and says, "Through the Messiah Yeshua, I will give you access to all that I am," which is provision, it is protection, it is intimacy. It's not just a blessing, it's the fullness of the blessing through the Messiah Jesus. I will present my power. I will present my presence. I will do this for you, spiritually, mentally, emotionally, physically for your marriage, for your family, for your grandchildren, for your ministry. And so right now what I want to do is I want to pray a prayer over you. We're going to pierce the veil and we're going to enter into the Father's blessing and there are going to be breakthroughs for you. And I want you to begin to pray this or some version of the same prayer over yourself and over your family. And if you will do this, amen, like Sid was sharing with me about the word of a prophet, about how the Father wants to bring fruit into your life, and if you will begin to share this truth in your own heart with your family, you will enter into great fruitfulness because the Father wants to make you fruitful. I want you to bow your head with me. Holy Father, in the name of Yeshua, I know that you are going to release your blessing and you're releasing your blessing now. You are presenting all that you are to this person and they are being given access to the great I AM, and that's provision. That's protection. That's your presence. That's intimacy. That's your love, your fullness. It's coming into this person's life and you are receiving healing. You're being healed spiritually, mentally, emotionally, physically. You're being made whole. In the name of Yeshua the Messiah, the Father's blessing is coming upon your marriage and upon your loved ones, and upon your finances. And now the angel of breakthrough is being released by the Lord God of the breakthrough. And now every demonic interference is being removed. Those family members will be saved. They will come to know Jesus the Messiah. They'll be filled with the Spirit. Healing and miracles are being released. The Lord is prospering you in every area of your life and every area of your personal ministry. It is yours now because the blessing and the breakthrough, it belongs to you. The Father gives it to you now in the name of Jesus the Messiah.

**SID:** And remember this. The Father's blessing is the final word. No more nonsense.

**SID:** Next week on ***It's Supernatural***. What if Paul, Peter, John came from Heaven to Earth to observe what is going on, and they walked into the average church? They would say, how did what we started 2000 years ago evolve to this? They would say something like this: oy vey. Oy vey, loosely translated means oy vey.
