

*Is there a supernatural dimension, a world beyond the one we know? Is there life after death? Do angels exist? Can our dreams contain messages from Heaven? Can we tap into ancient secrets of the supernatural? Are healing miracles real? Sid Roth has spent over 35 years researching the strange world of the supernatural. **SID:** You must be expecting something. But I can tell you, you might be expecting, but I think the baby has arrived. Let me tell you about this baby. So few in this generation have been in the presence of the full Glory of God, so few, too few. We have been functioning in what is called the Anointing of God. But in order to get this world no longer upside down but right way up, we need the Glory of God. I believe that on this show at this moment you are going to experience the Glory of God! Kevin Zadai, he's a nice flight attendant for a major airline. He goes to a dentist, has a procedure, dies, goes to Heaven. You didn't want to come back. Why?

**Kevin:** Because everything that you could ever hope for is there in this presence of Jesus and you look in his eyes, and you don't ever want to leave that place again. You want to stay with him for the rest of your eternity.

**SID:** You told me he sent you back. Why? You didn't want to, I know.

**Kevin:** His heart was that everyone would be activated and to walk in the Spirit these last days just like Enoch did. And so he asked me to come back and activate people, and he said he would be with me. He said it was essentially rigged in my favor and that I can't lose.

**SID:** Now I've noticed this, but you literally live in two worlds. How do you function living in Heaven and Earth at that same time?

**Kevin:** Well at times it's kind of amusing because it's slower down here. So Jesus will show me things that are supposed to happen and it takes weeks sometimes for people to get it. And so I have to help them along a little bit sometimes. So I either pray or I start to talk to people and get them moving in the right direction.

**SID:** You had an experience where you were taken back into time and saw Enoch go to Heaven and Elijah go to Heaven. What did you see?

**Kevin:** Well Sid, first of all, I just want to tell the audience that while I tell this story about Enoch and about Elijah and what happened to them, every time I tell this story the power of God will come through either the television set or in an auditorium when I speak because this is an example of the power and the Glory of God that's going to come upon the earth. Enoch's walk with God and Elijah's ride in his chariot, the power that took them is the same power and glory that is coming upon the earth. So open your hearts right now and receive as I tell this story. When I was on an airplane with my wife going to Seattle, I felt somebody come pass me in the aisle way and stop right in front of my seat. So knowing that someone was standing there looking at me, I looked up and there was no one there and then immediately I saw an angel. He grabbed me by the arm and whisked me away, and we went off the airplane. I watched the airplane go behind us and we went to a place on the earth that didn't look familiar with me, and there was an open field, and I saw a man walking on a path. And the angel said, "I have been given

permission to show you what the powers of the coming age are." He said, "It's the resurrection power." And he said, "It's the power that caused Enoch to go to Heaven without dying." And he said, "Behold, the resurrection power, the power of the coming age." And he pointed at this man, and I watched him take his last step. And the Glory surrounded him and enveloped him around. And then all of a sudden his last step was in the other realm, and he disappeared right before our eyes. But Sid, what happened was, is that Glory came back and hit the angel and I, and almost knocked us over. And immediately after that, he told me that that was Enoch and that was his last step. And so then he grabbed me and we went up into the air, and we were flying. And I didn't know it, but we were going to another time. And we landed, and I saw a chariot pull up. It was on fire, and this man got into it. And I saw someone standing beside the chariot as well, and the chariot took off with this man. And the same power that I saw around Enoch went around the chariot, and the power of God came back and hit us, and almost knocked us over again, and the angel told me that that was Elijah. And that was what I came back with. I actually came back with what hit my spirit, came back and imprinted me.

**SID:** You came back with that. Can anyone walk in that resurrection power glory that's a believer?

**Kevin:** Yes. Before he brought me back to the plane he handed me a scroll and he said, "Here's your ministry." And I said, "Can I keep it and take it back with me?" And he said, "No, because it's in the Bible. It's in Second Corinthians, Chapter 5." He said, "That's your ministry. You have a ministry of reconciliation." He said, "You go and you reconcile people back to God because the price has been paid. Just tell them that."

**SID:** Do you believe we are at the beginning stages of the last move of God?

**Kevin:** Yes, Sid, I do believe that. I believe that right now there is a quickening of the spirit with that resurrection power. It's the same power that rose Jesus from the dead. It also caused us to become a new man in Christ with the born again experience. But that same power is also now coming in glory, and when the Glory of God comes in then things begin to correct. And so in the next coming months the Lord showed me that there is going to be such a correction that people are going to have to watch their words.

**SID:** You know what I've been feeling, that as this glory increases, if we say something even in jest it's going to happen.

**Kevin:** Correct.

**SID:** And it's almost, it's going to be dangerous.

**Kevin:** Right. And I feel like there's a lot of you out there right now, you're going through a lot and I just want you to know that this time that you've gone through it's very hard for you. But the Lord wants you to know right now, thus saith the Lord, that your time of coming out is here. Don't wait another day. The Lord says you are going to break out by the resurrection power in Jesus' name. That power, Sid, is there and it's waiting. The Lord said don't wait another day. So I see that in the next months coming that people are going to start being quickened in the Spirit. They're going to be activated. People aren't going to know. They're going to say, who was this

person? I don't know him anymore. It's going to be their friends. They're going to change. They're going to be transformed in the quickening power of God.

**SID:** You know, I just feel such a presence of God. I'm going to have you back later really praying, really moving actually in the Spirit. And when we come back, I'm going to have Dr. Keith Ellis by faith demonstrate creative miracles in the Glory.

**SID:** You know, the presence of God is sweet like honey. Keith, I'm reminded, you were such a reluctant prophet. God literally pinned you to the ground. Do you remember that?

**Keith:** Yes he did. The Lord was calling me to speak and preach, and prophesy, and I had been given my first major prophecy, which was the Lord had come to me. Jesus appeared to me when my son was in a coma. He said go and prophesy to the doctors he'd be raised from the dead, and he was totally healed.

**SID:** Take me to the time God pinned you to the mat.

**Keith:** Yes Sid, I want to go back there because the Lord was dealing with me after I repented. I think repentance is so important. When I got a word from God and then when Justin my son went into that coma and there was no hope, no brain activity, and they unplugged him, I did a lot of repenting. And when I got home the Lord appeared to me. One minute it was God, he told me what to do and had to go back and I prophesy to the doctor and say he would live and would not die. Our words, what you were talking about earlier are going to be very important in this last day. I mean, we've got to watch our words if we're going to have what we say. I mean, that's very important to think about. I was pinned to the floor and all day long I tried to get up, I couldn't get up. And the Lord said, "When are you going to surrender and preach?" How would you like to be called like that? "When you are going to prophesy for me? I showed you these dreams as you were young and here you are running from me." I said, "Lord, I repented. Justin got raised up." He said, "Yeah, but you haven't surrendered your whole life to win this world to Jesus, which is me." So I said, "Okay, Lord, if you will do five things."

**SID:** Tell me one. And by the way, he felt very confident they were too hard for God. Just tell me one.

**Keith:** You know Sid, always growing up you look at the ministers up on the platform and they were educated and all. So I thought, first thing to come in my mind, I have no Bible education. I just went to church. So when I said, "Lord, I can't preach because I have no Bible." I gave God five excuses why I couldn't do it. God already knows how to fix it. So I gave these five excuses, but the number one, I can't preach because I have no Bible education. He said to me, "You're going to have some education if you'll surrender to me." So I surrendered to preach. That night I

went to church. The pastor couldn't preach. He said, "Somebody in here has got the message." I gave the message and revival broke out.

**SID:** Both of us had a friend who is currently in Heaven. His name was Bob Jones and he reminded me of you a lot because he also, when he had a dream, it was a hundred percent accurate. But Bob told you there was a point and he was talking about the Glory. Tell me what he told you about the Glory being lifted.

**Keith:** You know, Bob had told me, he came to my church a good bit. We were good friends, him and his wife Bonnie, and we just loved them. Bob was such a great man of God. And he came, and he was talking about this End Time revival that's coming where a billion souls would be swept into the Kingdom. No church could hold them. They'd be in the fields. They'd be in stadiums instead of sports events. And there will be sports events, but the stadiums will be full of people hungry for God. That's what's fixing to happen right now. So I asked Bob a lot about that during that time, and he said, "You know, Keith," he said, "years ago the Lord came to me and told me he was going to take the Glory off the earth for a while, but he was going to leave the Anointing, and thank God for the Anointing." And Bob said, "You know, Lord, if you're going to take the Glory I just want to go." And he said, "I'm going to bring it back." And so, you know, Bob had a prophecy about this time, about 40 years later, and here you are celebrating 40 years that the Glory would begin to return to this earth.

**SID:** So is the 40 years the same celebration I'm having, is it going to happen, did he say this year we've been 40 years?

**Keith:** Well many people have told me, and he, they have a book out called "The Shepherd's Rod." Bonnie has it out, and it says in there that it will be 40 years. The way it's going to fall it's going to fall in the spring of this year is when it's going to begin. So I'm ready. How about you all?

**SID:** Keith, we just have a couple of minutes in this segment, and of course we'll have you back in a little later segment. But there are many people suffering right now.

**Keith:** Yes.

**SID:** They're in the wilderness and they don't even know why, and you're crying out to God, God, where are you? God, did I commit a horrible sin? God, we had such sweet fellowship. What word would you give them?

**Keith:** What I'd like to say is we didn't endure if not for joy coming in the morning. And I want to say that I believe that we're at a mile marker today.

**SID:** Would you look at someone in the eye right now and say that to them.

**Keith:** I want to say right that those that are watching, you've been hit with grief. You've been going through some struggles. You've been confused. You've been burdened about a lot of things. You can't see the end of the road. I'm going to tell you we're at a mile marker today in the Spirit. And a mile marker shows you where you're at on the road, and I believe that what you're

about to see is you're at a mile marker and just around the corner you're coming out of the wilderness into the promises of God. You're going to have the answers you've been looking for and you're going to see. God gave me during my time Isaiah, Chapter 61, I'm 61 years old, Isaiah Chapter 61 and Verse Number 3, and he said, "What I'm going to do is I'm going to give you beauty for your ashes." I want to say today that God is going to give some people some beauty for the ashes you've had in your life. And God gave me a whole thing about Job, because Job was sitting in an ash heap scraping himself. There are people that are right now, it looks like your world has turned to ashes, but God is about to resurrect you. Your best days are ahead of you. The same Jesus that got up from the dead is about to resurrect your life and it's going to be the best days. It's going to be Heaven on Earth for you people that will, believe me, many of you are being delivered right now by the power of Almighty God.

[music, singing] Holy, holy, holy, God, Lord. The elders and the angels of God, they redeem and worship you now. Holy, holy, holy, God, Lord

**SID:** Oh there is a river in this studio like we have never had before and I want you, as a matter of fact, Kevin, you were telling me about Jesus at the pool of Bethesda.

**Kevin:** I just want you to picture Jesus coming into the pool and there's all these people that are waiting for that water to be stirred. And Jesus himself told me before I came back that I was supposed to share this story. He said the church is waiting for the water to be stirred and they don't discern that the healer is before them. And so this man is trying to get Jesus if it happens while he's there to go ahead and to help into the water because that first person in gets healed. And Jesus said that's what people are doing. They are waiting for this thing that's random to happen. He said, "That man didn't even know who I was there." He said, "If he would have asked me I would have laid hands on him and healed him right there on the spot." But he said, "There's no man to put me in." See, there was a man that was seated at the right hand of God at one time and came down in a body, and he right there could have healed him, and he did. And the Lord said, "We're at this point right now where we're not discerning the day of our visitation." We're waiting for something to happen and the Lord says don't wait, just ask and believe. Amen.

**SID:** Kevin, told me something that I have felt for a long time, just a few minutes ago, that God told you about something about supernatural languages, about tongues.

**Kevin:** Jesus himself, in person, I mean, just imagine this, 23 years ago, in person he told me that the number one supernatural thing that you could do was to yield to the Spirit and let the Spirit begin to speak out the mysteries of God. He says, "And once that happens, guess what, the transaction goes from the heavenly realm into the physical realm." And I have had people who spoke the language that I speak in tongues tell me what I was saying. And for a whole week this individual translated, not interpreted, translated from his native tongue everything that I was

saying. It was naming people that I would meet within 24 hours and I did. It was every transaction that was going to happen the next week. He didn't even know. He was just telling me. He would name names, and I would go, I know what that is, and then I would come in contact with that person. He would tell me things. He said, "The Spirit is saying, Kevin," he says, "you're going into the supernatural." He said, and he told me what name of the school I was going to. He didn't know that. I was speaking his native language. So what is it that the Spirit is wanting to say through you that's going to take it from the spirit realm and bring it here? And I'm telling you, once you utter it, it is a transaction and the devil can't do anything about it.

**SID:** Keith, you told me when you were sitting on the set the fire of God, the electricity of God went through your body. But you see, I know something about you that few people know. Do you pray in tongues much?

**Keith:** All the time. I'm just hearing this from the Lord so clearly that the Lord is saying to me that Joshua stood one time at a point in his life where the Lord said, "Cross this Jordan." Now Joshua and Caleb had crossed the Jordan before, but he said, "Cross this Jordan." This Jordan that he was talking about, he was talking about not yesterday's Jordan, not tomorrow's Jordan, but the Jordan that's here right now. It was one mile wide out to the banks, very deep and rushing, and many people standing there, they thought that's impossible, that's impassable. Nobody can cross that. But when you have a word from God, when you have a word from God, anything is possible, and that's why God is going to do great things here right now.

**SID:** I'll tell you what, let's stand up. Eyes are being healed right now. Migraines are leaving right now. Pain in the fingers, in the wrist, it's gone. It's finished. It is gone. Pains of any kind, they are gone because I in the name of Yeshua Ha-Mashiach Tzidkenu, Jesus the Messiah our righteousness, I bind the enemy. I hold the blood of Jesus against the enemy. I command those spirits of infirmity to be bound and to leave right now, and I say that healing is flowing like a river.

**SID:** Next week on ***It's Supernatural***. I have a woman that has been known as Pastor John Osteen's wife. I have a woman who has been known as Pastor Joel Osteen's mother, but I found out she operates in a supernatural gift that I want.
