

On It's Supernatural:

*Doctors said a woman only had a few hours to live.
See how she suddenly got up and went home miraculously.
Plus, Jesus appeared at the foot of this woman's bed.
See how He reached down inside her
and took away every hurt and rejection she ever had.*

Do angels exist?

Are healing miracles real?

Is there life after death?

Can people get supernatural help from another dimension?

Has the future been written in advance?

Sid Roth has spent 25 years researching

the strange world of the supernatural.

Join Sid on this edition of It's Supernatural.

Sid: Hello, Sid Roth here.

Welcome to my world, where it's naturally supernatural.

My guest, Jean Blasi.

We were just talking about,

I've been having a new experience, Jean.

There has been heat from my neck up.

It's like I'm on fire. And this has happened often
to you and many of your friends.

What does that mean to you?

Jean: Well, it's an anointing of the Lord.

It's an increase of anointing for one thing,

and it's God really increasing Himself in our life.

Often I feel the healing anointing is from the neck up.

Sid: Are a lot of people going to be healed
that are watching this TV show?

Jean: I believe that, yes I do.

Sid: Now Jean had more rejection and fear

than a human should have; than any human should have.

When she was 3 years of age, she had pneumonia.

Literally died, came back, was resuscitated,
but had a lot of complications.

When she was 8, your father's holding you, and he dies.

Then one month later, her mother dies.

She's adopted three times,

she's away from her brothers and sisters.

She eventually gets married, and then your first child dies.

What did you think about God at that time? Or did you?

Jean: I was such a hurt, wounded vessel,

I don't know if I even thought about God.

I just was pain. I guess I did think about God,
because I thought He didn't like me.

I thought something had to be very wrong

that I would lose that many people.

Yeah, I did think about God.

Sid: But in God's infinite love,

He walked into your bedroom. Explain that.

Jean: Yes He did. One night He just came into the room.

It was that incredible, glorious resurrected body,
and the radiance of the throne room.

He came in and held His arms out to me like this

and just stood there, and every, I don't know what to call it,

fiber of His being for lack of words,
every part from His head to His feet
was rays and rays of love.
His whole being just coming out into me,
and the joy, such incredible joy.
I'd never known such a thing.
I literally said "Oh Jesus!" I knew who He was,
and I said "Oh Jesus!" I'd never felt so good.
I didn't know anybody could feel happy inside.
It began a whole series of incredible experiences
of Him drawing me to the Lord, to Himself.
Sid: Your husband lost his drug store. What happened?
Jean: Yes. That also led into another experience.
I was standing in my living room, just going
"I don't know what we're going to do."
Just lost. "Oh God, what are we going to do?"
And I heard this voice. Now that I know God's voice,
I understand it was an audible voice. I heard this voice say
"Jean, your husband will not always be just a pharmacist.
I've called him to be a minister for Me."
It scared me to pieces,
because I thought a man had walked in my front door,
and I turned around to see if there was a man in the room,
and there was not. I can go on,
we felt the Lord told us to move to northeast Texas,
we moved there, and I had another experience with the Lord.
I got in with a bunch of people
who thought I should work my way to heaven,
so they told me... I was a concert pianist at the time,
and they said I need to give piano lessons.
If I didn't, God would take away my talent.
So I thought, maybe I could get to heaven.
I didn't understand these experiences,
so to me, that didn't mean I was saved.
Sid: You were really on a search for Jesus
that came in your bedroom.
Jean: Yes I was, I was so hungry for Him,
but I didn't know how to find Him.
Sid: So you're giving the piano lessons,
and one day you happened to have a mother
that is unlike the other mothers. She stays,
and she wants to talk to you. What did she say?
Jean: I'm just me, I'm just honest about things.
When she sat over there, I thought
"Oh, nobody has that kind of love. She's just putting on."
She was rather disgusting to me.
And so, one day she said
"Could you just make a pot of coffee
and we could have a cup of coffee together?
I'd like to share something with you."
Outside, I put on a smile and said "Oh yes",
and in my heart I thought "That's really rude."
So Jesus just works with you like you are.
We sat down at my kitchen table,
and she shared the gospel with me,
which I had never heard before. She said to me
"Jean, has anyone ever told you that Jesus loves you?"

And it went straight to my heart, those deep pools eyes
of her just piercing in me with such love.
I said "No, no one's ever told me that."
She talked to me about Him dying for me,
then when she left, I went into our living room
and sat down in my husband's recliner.
I was so undone, because that had pierced my heart.
I was crying so hard, and I said
"Jesus, I've got to have You.
I don't want to live if I can't have You."
And here He comes again.
The whole living room had that throne room radiance again.
The whole place was lit up.
My whole being was infused with Him again.
I can tell you the day that I got infused with the love of Christ.
Sid: Tell me about that.
Jean: That was right in that chair,
and I have loved people from that day.
God has graced me with enough love
to love them by the millions. I love His people.
Sid: Then you had an encounter with the Holy Spirit.
Jean: I called this lady and said
"I received Jesus! I've met Him!"
She said "Well, do you have the baptism of the Holy Spirit?"
I said "I didn't know there was one.
How do I? Is that more of Jesus?" and she said "Yes."
So I went into my bedroom and got on my knees
at my bed, and again, I'm just going "I have to have this.
If You love me, You'll give me this",
not knowing any better.
I actually had an unloved spirit.
That's what life had done to me.
I didn't think anybody loved me.
All of a sudden, here comes the glorious presence
and radiance of heaven again,
just filled the room again, all over me.
I did not know what you do in order to have a prayer language,
but the word, the Bible, tells us
out of our belly shall flow living water.
Gushing out of me came this incredible prayer language
and I couldn't stop!
Sid: Hold that thought. We'll be right back,
but wait till you find out what happens
when the hand of God enters such a hurting human being.
Be right back after this word.

We'll be right back to It's Supernatural.

Sid: Sid Roth here with Jean Blasi. I'll tell you something,
the rejection this woman went through,
she now has come to know the Messiah,
she is filled with the Holy Spirit,
begins to speak in a language her brain had
never been instructed, worship words to God.
And then what happened to you, Jean?

Jean: It was like floodgates opened,
I prayed and prayed. It was like I couldn't stop.
Just as fast as I had started, all of a sudden,
I just came to a stop. I slid back a little.
There was a chair against the wall, and I slid back there.
I saw the hand of Jesus go inside me,
and come back out, just lift His hand back out.
And these are the words I said:
"You've healed every hurt and rejection
and wound I've ever had."

I felt like I had never been wounded in my whole life.
I felt so clean, I felt so healed.
I knew He had sovereignly gone in, from the time
even when I was in my mother's womb, and healed.

Sid: He healed you and took all that out,
as only God can do. Took all of the hurt,
and all of that rejection.

But she still had a demonic interference.
Someone said there's more. What happened?

Jean: Thank God for people who are honest.
This lady in my life immediately after me receiving Jesus,
she said "Jeani, we can see you've been touched by God,
and we know that you know Him now
and that you're so full of His love.
But honey, you need deliverance."
And I said "Is that more of Jesus?"

That was always my question.
She said yes, and I said "Let's do this."

She sat down, she did not know me,
she was new in my life, and she delivered me from
a spirit of death that was in the generations.

Sid: Isn't it interesting, you told me that she asked you
about death; about you dying.

Jean: Yes. She delivered me from that spirit of death,
but she turned blanching white when the Lord showed her
to get a spirit of death out of me. Her mouth fell open.
She said "Did you die when you were 3?" I said yes.

Sid: Isn't that amazing that God spoke through her.
You knew it was God.

Jean: Yes I did. Well then, my rejections had rejections, my fear had fear. So then she got a spirit of rejection out of me, and a spirit of fear.

I didn't tell you this Sid, but before I met Jesus, I would not allow my children to ride even in my best friend's cars. They always had to be with me. I said "If they're going to get killed, I want to die with them." Isn't that a bleak outlook on life?

Sid: Listen, if you hadn't been set free by Jesus, there's no way you could've flown to Charlotte, North Carolina and done an international TV show. In a million years would you have done that?

Jean: No, no way. In fact, I told my deceased husband, before I met the Lord, "Norm, you will never get me on an airplane." I know I would've died. You can literally have a heart attack if the fear is bad enough, and I know I would've died. I said "You will never get me on a plane." Then I met Jesus, and the next thing I know, I've lived on one the last 28 years. I love it.

Sid: Jean, there are people who have so much hurt, so much rejection, so much fear. Would you pray for them right now?

Jean: Yes, I would love to. I want you to listen in your heart, not your head. You can't do anything but reach out to the Lord with your heart. Lord Jesus, I ask You to reach in and touch these hearts. Lord, today You've shown me there's people who fear constantly, every day, all day long, about their children and their neighborhoods. Lord, I want to right now pray for the safety of these children in the neighborhoods and some of these schools. I appropriate Your 91st Psalm, which is a divine hedge of protection. I ask You to establish angels, Father, around these children. And Lord, I thank You. Lift off, and Lord we cast away that spirit of fear. We bind it and break it's power. Lord, we say these mothers will not fear any longer. We bind up the forces that cause it. And Lord, we thank You now. We trust in You. We ask in Your name, Lord Jesus. We trust in You, and we trust in Your Word. And I thank You Lord, You've already shown me today the multitudes of mothers who are finally going to take a deep breath and rest. So we just say be free in Jesus Christ's name.

Sid: Jean, I believe some wonderful things just happened, but what is normal for you is walking in miracles. In fact, God said a statement to you that is so wonderful. He said "We reason away more of God's kingdom than we walk in." Is that you? Well say "Devil, no more. I'm going to follow these inclinations of the Holy Spirit." And my inclination of the Holy Spirit is that you are primed for miracles, and we are going to pray for you when we come back. Don't go away. Be right back.

We'll be right back to It's Supernatural.

*When Jesus prayed that they all may be one,
there were only two people groups: Jews and Gentiles.
Denominations did not exist.*

*2,000 years later, His prayer is still yet to be fulfilled.
God's purpose from the beginning was for all nations
to become one in Yeshua - Messiah Jesus;
to break down the middle wall of separation
dividing Jew and Gentile, so that the world may believe
that Yeshua is the Messiah and Lord over all.
When Jewish spiritual DNA merges with
the new covenant Christian DNA,
there will be what Paul called "life from the dead."

We now return to It's Supernatural.

Sid: Hello, Sid Roth here with Jean Blasi.
Jean, would you share about a few miracles?
This is normal for her to walk in miracles.
It's normal for everyone that knows God
to walk in miracles.
That's why I love your book, "Prophetic Fishing",
because I believe there's an anointing on this book
for people to hear God's voice and walk in miracles.
Tell me some.
Jean: One thing I want to say to some of you out there
that have had children that have been on drugs.
Maybe they're even in a state of a coma
or things are so wrong with them.
I went to the hospital one day, and there was
a young black girl in a room behind a curtain.
The Spirit of God in me, I felt gently pulled over to her.
I did not know her, so I went out to the nurses station
and said "What is the situation back there?"
They said "Oh, she won't even make it till noon today.
She has overdosed so bad.
We didn't think she'd make it through the night."
Well I know that we're spirit, soul, and body,
and I know that our spirit man never sleeps,
and our spirit man can hear even when our mind
isn't working right and our body isn't working right.
I've experienced it myself, because I died in 1992.
I didn't tell you that yet.
Sid: No, you didn't. But I know you came back!
Jean: I came back. I had acute pancreatitis.
You just can't get any worse off than I was.
So knowing the way this is,
I said "May I go in and pray for her?"
They say "Well, it can't hurt anything.
She's going to die anyway." I went in.
Our spirit man, our heart, our spirit heart, is right here,

and I leaned over and said "Honey, you don't have to die. Life is worth living." I didn't speak to her head, I was speaking to her heart.

I said "Jesus loves you, honey. You haven't done anything so bad that He hasn't forgiven you. He loves you, and I love you too."

I know there's anointing in our hands, and I just gently touched her arm.

I just went like this, and said "Sweetie, you can live. We love you. God loves you, I love you, and He wants to heal you.

Now I command the spirit of death out of you in Jesus Christ's name. I break it's power.

Now I speak life into you honey. Live. It's worth it."

And I turned around and left.

I went back the next day, and this curtain was pulled back. There was no one in that bed.

Sid: That could be a bad sign.

Jean: I know!

I went to the nurses station and said "What about that little gal, that precious young teenage black girl?"

They said "Oh, she just suddenly got up and we sent her home."

Now I'm telling you, we have a power of God in us that no one else has, not like the power of Jesus.

I like to say it this way:

We may look like regular human beings, but we've got the greatest secret on earth, and it's Jesus Christ inside us.

So that was an incredible miracle.

I had a cousin, Ralph, I hadn't seen in years. He was in Colorado, and one day I heard the name Ralph, and I knew it was my cousin, and I just started praying in this wonderful prayer language that God gave me.

I was praying, and suddenly I said "You spirit of heart attack and death, get off of him!"

You do it in the authority at the time, so sometimes it's hard to repeat that.

I said "In the name of Jesus Christ, I forbid him to die."

I tried for three days, it was so strong, I kept calling, and the third day I happened to get them.

I happen to have looked up at the clock, and it was 10 o'clock Monday morning.

I finally got them, and they said on Monday morning at 10 o'clock, he was having open heart surgery and died, but the doctors brought him back.

Sid: There's so much that God is doing for us.

When someone intercedes for us, we don't even know it's happening, they don't even know what's happening, but it's the difference between life and death.

We serve a good God.

Jean: It connects heaven with earth real quick, and we're the connection.

I was ministering in west Texas.

I do a lot of prophecy, because that's a very strong gift in me.

There was a man, about 25 years old, on the back row.
Couldn't really see him very well,
but the Lord said "Call him up here."
Now Jesus is pretty funny, He has a sense of humor,
because when he got up, I'm going
"I don't think he can make it up here."
But I didn't know that. I said "Sir, would you come up here?
Jesus wants you to walk up here."
He got up, and his feet were all crippled.
He was like this. His whole body twisted.
He got up there as best as he could, and Jesus said
"Ask him if he's saved. Has he been reborn?"
I said "Are you saved?",
and he said "Umm, uh, well, I think so."
I said "I don't think so."
When you know Jesus, you know you know Him.
He said "I think you're right."
I said "Do you want to know Jesus", and he said yes.
I prayed with him. A glorious countenance came,
the presence of God all over him.
His eyes were shining.
I said "Well, you need the power to live the Christian life,
and you can't do it in your own power.
You need the Holy Ghost, the baptism of the Holy Spirit.
That's the power. Do you want that?" He said yes.
So I kind of walked him through that, explained it to him.
When God moves in this infinite supernatural power,
you see it, you hear it, it's happening.
It's so split-second timing. And the Lord said to me,
and I'm telling you it happened just like this
as I was saying it, He said
"You command those bones to straighten."
And I was doing it as He said it.
I said "Bones straighten in the name of Jesus!"
This guy's whole body straightened up.
Being that I'm human, I said
"Oh Lord, I hope I'm not imagining this.
This is pretty creative stuff here."
The pastor got up and said "Young man,
I hope you know you're 3 inches taller now."
Sid: I hope you know that God wants to heal people
miraculously right now.
Would you pray for those people right now?
Jean: Yes I will.
Lord Jesus, I thank You that You're the same
yesterday, today, and forever. You never change.
You have given Your healing power to those here on earth
that belong to You and believe in You.
Father, I thank You now. I want to speak to pancreatitis.
Lord, You're wanting to touch.
There's cancer in people's pancreas.
There are a number of you, not just one.
I curse the cancer. I sever the roots of it.
And most of all, Jesus, come in with Your presence
and infiltrate now into the pancreas.
Let the presence of God come in
and bring healing power into those pancreases.

The Lord's showing me, open up your heart again.
Don't make it hard. You can't earn it,
you can't make it happen. Just open up.
Like you're going to take a glass of water and drink,
just drink in Jesus right now.
The Lord said every one of you are going to be healed
that have heard this today.
We speak complete healing to the pancreas.
We command those pancreases to become normal
and to function like Jesus Christ meant for them to be.
Lord, there is a leg that is crooked,
and I thank You right now that same power
that raised Jesus Christ from the dead lives in me.
We speak that same creative power.
It's a young man. You're probably 5'9" at the most.
You have brown hair, you have dark eyes.
The Lord said it's the right leg.
I'm just checking this a little. I've got to make sure here.
I want to change that, it's the left leg, and it's crooked.
The Lord said "I'm going to straighten that leg today."
That leg was injured in an accident.
Sid: Jean, I want to see...
Agree that person's healed right now.
Remember what Jean prayed?
Jesus, help Yourself to my life.
That's what I want you to pray.
I want you to say it out loud and mean it.
These miracles are real.
What you see with your eyes is temporary,
but we're talking about the reality.
Aren't you tired of just seeing the temporary?
It's time to see the reality. Pray out loud now.
Jesus, help Yourself to my life.
I make You Lord. I repent of my sins.
Help Yourself to my life.
