

SID: My guest was taught by God the keys to accelerate supernatural healings. Many are now physically and emotionally healed when she teaches on the King Killer.

*Can ancient secrets of the supernatural be rediscovered? Do angels exist? Is there life after death? Are healing miracles real? Can you get supernatural help from another dimension? Has the future been written in advance? Sid Roth has spent 30 years researching the strange world of the supernatural. **Join Sid on this edition of It's Supernatural.***

SID: Hello. **Sid Roth here with Katie Souza.** Welcome to my world where it's naturally supernatural. Hard to believe as I talk to Katie that she was into drugs, had her own meth lab, high speed car chases with guns. She was a collector for drug debt. She went to prison, but you got into a relationship with the Lord. He supernaturally got you out of prison. He's such a good guy.

KATIE: Yes.

SID: But tell me a bit about a few years later after you got out of prison supernaturally, you went to a church called Bethel Church. Why did you go there?

KATIE: Well my mom had been really sick for like 25 years. She got bit by a limes tick and it releases spiral bacteria into her body, and then she got severe rheumatoid, and it started to eat the bones and the cartilage in her body. She lost her knees and they put artificial ones in. She lost her left hip and they put an artificial one in, and then they had to take it out because the disease ate the plastic parts of the man-made hip. Crazy.

SID: So you had heard that there a lot of miracles going on at that church. You didn't know anything about it. You go to this church called Bethel Church. Where is it located?

KATIE: It's in Reading, California. And I didn't even know anything about Bethel. God just commanded me to go there. He said, "When you go I'm gonna give you the Mathew 10 anointing that drives out demons and heals the sick." So I get on a plane, which is like three planes later I'm there. It's a big deal for an ex-con like me to take a trip, and I go. And when I'm there I find out it's world famous for signs and wonders. And like the second night in one of the services two women put their hands on me and the liquid power of God filled me up and I received that anointing.

SID: What did you feel when this happened? What was actually going on with you?

KATIE: It's like I felt like thick liquid was filling me up, and my arm got heavy. I was actually kind of walking around like this. And so I knew, 'cause I had a tangible experience in my physical body, it's like, wow, I don't have to use my faith. I know something really big happened.

SID: Okay. So she knows something big happened. She knows because God has told her that now she can pray for the sick and they're going to get better. And the most important person for

her to pray for is her mom. So she goes there. Great woman of power. You put your hands on your mom. What happens?

KATIE: Well I have all the promises, as God said, something great was gonna happen. I got this anointing now. And when I put my hands on her I felt this heat generating that I had never felt before. So I'm getting excited and I'm thinking, yeah, she's gonna jump up and be healed. And I pray and pray, and nothing happens. The next day nothing happens. Third day, the same thing. But then my father who had just come back from the emergency room, they had scheduled him for two major surgeries on his prostate, and when he came back I laid hands on him and he was instantly healed. Two weeks later he goes to the doctor and they cancel the surgeries.

SID: Okay, so I don't get it. You feel all these feelings, the heat. You're praying for your mom. You know you receive this. Nothing happens with her. Your father is instantly healed, instantly has a miracle. Well what was the blockage with your mom?

KATIE: So I'm asking God that question, like what's going on? And He said, "I want you to read that scripture in Matthew 10 about the anointing he just got and look at the order in which Jesus talks about the anointing." So I looked and it said, "Jesus gave them the anointing, one drive out demons and two, heal the sick." And when I saw that the Lord said, "Sometimes you got to first drive out demonic powers that are making people sick before you can then heal the sick." So I'm like, all right. I'm going to do that. And so I started praying every demon off of Mom on the face of the planet, and nothing happens. So I'm like, okay God, what's going on now? And He said, "Well you're fighting. You're doing the right thing. But now it's about order and you're fighting the enemy in the wrong order." You see, the kingdom of darkness operates like an army and it has ranks. And the Lord told me, "You can't fight your way from the bottom of the ranks up. You got to learn how to start from the top and go down." And when He said that He took me to that Ephesians scripture in 6:12, and in the amplified it says the order, it shows the order in which the demonic kingdom operates. It says that, "We rest on the flesh and blood, but against the despites of the powers and the master spirits." And the Lord says, "That's the order." So what's a despite, because that's the first thing in the order. It's a tyrant king. And no king is a king unless he has a kingdom underneath him. And so who's in his kingdom? The next two on the list, the powers and the master spirits. I mean, the word "powers" in Webster's means "orders of angels". So there's the ranks. And when I saw that I go, okay, God spoke and He said this. He said, "If you'll learn how to fight and defeat the king then the powers and master spirits underneath him in his kingdoms will just submit to you." I'm like, okay then. Where's that in the Bible? And He said, "In David and Goliath." So I went to the story, Sid, and I saw proof of what God was saying. It said that the Israelites and the Philistines were lined up in battle and ready to fight, but they were fighting because they had a champion, a top dog doing the fighting for them. And everyday Goliath would come up and he'd say this, "Choose a man from amongst yourselves and he can come down to me and defeat me then we," meaning me and my army, "will submit to you." And that's what happened. David goes. He cuts Goliath's head off right in the front of the Philistine army, which symbolizes the removal of his headship of his covering. And the very next verse says, "And when the Philistines saw their champion was dead they fled." They didn't rise up and fight, Sid. When they their champion of their headship of the covering was dead they fled without a fight. And that's the way the demonic kingdom works. If we learn

how to go to the top and remove these kings from the position of power then the powers and master spirits underneath them will just have to submit to us. It's way easier that way.

SID: And you know what I'm excited about, Katie, is she has supernatural, she knows how to ascend into Heaven to get revelation and she brings it back to Earth, and she has discovered what she calls the king killer anointing. Get the head, cut it off and all the little bitty demons underneath the head, they have to flee as if in fear. Don't go away. Be right back after this word.

We'll be right back to It's Supernatural.

We now return to It's Supernatural.

SID: Hello. **Sid Roth here with Katie Souza.** And I'm so excited. She has gotten revelation on how if you can get rid of the top dog, the top demon that's got a stronghold over your life you can get him then all the other demons flee. And you had to learn this because you deal with people in prisons, large numbers. You can't deal with them one on one. You had to understand these principles. And she calls it the King Killer Anointing. Explain.

KATIE: Well if you go to the top, I mean Jesus said it. If you take out the strong man then you can ransack his house. So Jesus did it, too. And in Ephesians 6 it shows us the order: despites, powers and master spirits. Despites are kings. No king is a king unless he has a kingdom underneath him. So you go to the top and then the rest will begin to just submit to you. This is one of the keys to mass deliverance, to be able to do things, deliverance on an accelerated manner. With Mom, she was our example and we learned from her. And there was something blocking her healing. And when I asked the Lord what it was He began to give me this download. She's not the only one that's having a blocked healing. And when I asked God to show me who is the specific king that's over Mom right now I got quiet, and in my mind I heard Isaiah 14. Well I went to it, Sid, and it was about king. His name was a satanic king of Babylon. Now in the natural Nebekenezzer, King of Babylon was the king that took the Israelites into physical captivity. Right? In the supernatural that's what the satanic king of Babylon does, too. Same job. He takes God's people into physical captivity through sickness and disease. When you read Isaiah 14 it says all these words that show his job description that are totally tied in with physical disorders. It says that he, "weakens us", that he "causes us pain and he lays prostrate". It means that he is a king whose assignment is to cause us to be in physical captivity. So when I got this revey about him I was like, okay God, I don't even know how to fight him, which the stuff we're offering today, we give step by step medical instructions so they'll know exactly how to--

SID: That's wonderful.

KATIE: Yeah it's amazing stuff. So I had the most important thing. I had the Word of God. So I took Isaiah 14 and I said okay, I'm gonna fight this king and I'm gonna win with the scripture. And I began to decree it against him in the position of warfare. And my whole body started to just be on fire. My back was on fire. My legs were on fire. And one of the things it says in Isaiah 14 is that we can take a taunt up against him and command him to fall from his position in power

in second heavens 'cause that's where his throne is. So I began to do that and I commanded him, "Fall in the name of Jesus! Fall! Fall! Fall!" And suddenly in an open-eyed vision I saw this being. It was him and he was falling down through the clouds from the sky to the ground. And I was like, wow God, what is that? And the Lord reminded me of this story when Jesus set up the 72 with the Matthew 10 anointing, the same anointing I had gotten at Bethel. And it says that when they came back they said, "Even demons submitted to us in your name." And Jesus said this: "I saw Satan fall like lightning from the sky." He knew that Satan's kingdoms, his kings in the kingdoms, had fallen from the positions of power when his disciples went out with this anointing.

SID: Well that's what you saw in your vision.

KATIE: Exactly. And from that moment on, Sid, supernatural miracles just started breaking out.

SID: Let me start out with your mom. You're in another country. You're in Australia. What happened?

KATIE: Well that happened six months later. Okay. She had first gotten healed of an addiction to delaudid that she had been addicted for ten years. And then I go to Australia--

SID: Out of curiosity, was it a gradual getting free of that addiction?

KATIE: Within three days. About 30 days later she had a breakthrough, and in three days she was delivered.

SID: How long had she been addicted on it?

KATIE: Ten years.

SID: Wow.

KATIE: The same, it's like heroin. It's a prescription equivalent of heroin. And when she got healed of that then there are all these other people that we removed the Babylonian king off. They begin to get major breakthroughs. Instant healing of viruses. Instant healing of pneumonias. We had a guy with an incision that got infected and it had pus in it. We broke the Babylonian king off him, commanded it to be healed, his hand got warm. Totally healed. He went to the doctor the next day and they were like, "Your hand is perfectly well." People with heroin addictions instantly healed of their withdrawals. People with DTs instantly healed. Once we found out about this king and we started to remove him off people signs and wonders started breaking out everywhere we went.

SID: Now you have another tool that is so important. We've talked about it previously. It's called the Glory Light. Explain that to me.

KATIE: Well Malachi 4:2 says, "The center of righteousness," meaning Jesus the Messiah "arises with the healing in his wings and his beams." The beams there are talking about beams of

light and the wings that represents the prayer shawl, which represents the Glory Cloud. So Jesus arises with healing in his glory and his light. And you were talking about Australia earlier. Well when I went to Australia the Lord said, “Now I want you to start moving in that revelation and releasing light.” You can even release it long distance ‘cause light travels 186,000 miles per second, right? So he said, “I want you to start releasing Glory Light on your mom’s hip,” the other hip she had.

SID: From Australia?

KATIE: From Australia, okay, to get it healed. So I began to press into my faith to release the Glory Light. And so I called her two days later. Now she doesn’t know I’m doing this, and she goes, “I’ve had this angelic being coming into my room and he’s beaming light into me.” And I was like that’s what I’ve been praying for. And so the Lord began to show me how her other hip, which they were going to take out because it was being degenerated by the disease, was being restored. And so I’m in the plane. God’s saying that hip is being restored in the Glory Light. He goes, “But now the leg bone is out of the socket.” He says, “So now I want you to do some thundering.” I said, “Thundering?” So I go, “Okay, what’s thundering?” I did a word search in Bible Gateway, and it was in the scripture about the valley of dry bones. In the verse it says, “And there was a thundering, a shaking and a rattling, and the bones came together, bone fits bone.” So I fly home. I run into her house. I don’t even tell her what I’m doing. I began to command the bones to come together, bone fits bone so that the leg bone would go into the hip socket. She’s laying there. She has no idea what I’m doing and she goes, “Ow! Ow!” I go, “What’s going on?” She goes, “I have a pain.” I said, “What kind of pain?” She goes, “Well it wasn’t really a pain. It was more like the feeling of when the ball of a truck goes into the hitch of a trailer.” Didn’t have to touch her anything, Sid, and the bones came together.

SID: Now you were just learning about the Glory Light of God. What type of miracles are you seeing as you release the Glory Light of God?

KATIE: We’re seeing all kinds of things happen. Skin, bones, ocular eye diseases. We’ve had a couple people healed of eye disorders.

SID: You had the melanoma you were talking about.

KATIE: The light was in that glory, too, and it dried up and came off my leg. Within three days it just dried up when the glory light was applied.

SID: I want to hear more about this. We’ll be back in just a moment.

We’ll be right back to It’s Supernatural.

We now return to It’s Supernatural.

SID: Hello. **Sid Roth here with Katie Souza.** And Katie, there's something called soul wounds, and these are just things that we've carried with us, hurts, etc., that we've carried with us our whole life. Are you finding that this Glory Light gets rid of these soul wounds quickly?

KATIE: Yes. It's the accelerated tool that Jesus is imparting now in this season for us to be able to put on people's soul wounds to get accelerated healing.

SID: Well you must have had a lot of soul wounds with the life you lived.

KATIE: Oh yeah.

SID: Tell me one instance where you got free of a soul wound.

KATIE: Well soul wounds are formed by sin. Someone either sinned against you or you sinned against yourself, like I did on numerous occasions. And because they're formed by sin they give the demonic the legal right to torment you. And that torment can manifest in physical diseases. So I was going on tour in Virginia, and as I pulled up into the airport, as soon as I arrived in this new territory I had never been in before I started to get really, really sick. I had 103-degree temperature. I had a very severe bladder infection, yeast infection, could barely think, sore throat, the works. Now in the past when I get sick if I were to get sick that fast I would be roaring and rebuking the demonic and all that. But now I understand what Jesus was talking about in John 14. He said, "The prince of this world is coming, but he has nothing in me that's in common with him, so he has no power over me." You see, Jesus came as a man. He had a soul, too, and a spirit. But he had no sin in him. So he had no wounds in his soul formed by sin. So there was nothing in him--

SID: That was a much better way to start life than the way I started and you started.

KATIE: Exactly. But now he's giving a tool where we can head in that direction.

SID: We get restored.

KATIE: Get restored to what our original creation we're supposed to be. And so when I saw that teaching I knew that if we can begin to be like Jesus and apply the Glory Light to our soul then there will be nothing in us that's in common with the demonic, so the demonic will have no power over us. You see, this is what we've been missing. We've been rebuking and fighting, and warring, and we're not winning the war and we wonder why. Well if you still have a wound inside your soul formed by sin the demonic still has a legal right to harass you. So here I am getting sick, and I'm thinking, okay, there must be something in my soul, a wound formed by sin that's in common with the demonic in this region, and it's giving them a legal right to make me sick. Okay, so instead of warring I lay down and position myself to receive Glory Light on my soul. And in the teaching today we give step by step, really biblical cool instructions to show people how to do that. So I begin to put the Glory Light on my soul and I saw a vision. I saw five wounded beings hiding in rooms. They represented different rooms inside of my soul. And God said, "Go in and get them and bring them out, into the Glory Light." So I got them all out of these closets and they were all gathered together. And suddenly the spirit of the Lord just

surrounded them with glory and with light, and they were healed. Well after that happened I was like, okay, now those wounds are healed. Now I can fight the demonic. So I began to call that spirit to come up and get out of me. And Sid, it came up and it spoke to me in an audible voice.

SID: Really?

KATIE: The nerve. Yes. It was the freakiest encounter I ever had. And it spoke in a voice so loud I would fill this entire studio. It came up and it said this to me, it said, “What do you want?” And I said, “I want you to get out in Jesus’ name!” And he came up out of my body, and as he did I felt his tentacles, I didn’t even know, wrapped around my body, ripping off my body and I was healed.

SID: Now tell me someone else that the Glory Light restored their soul.

KATIE: Well there was a woman in one of our meetings, and we were positioning everyone to soak in the glory and the light. And so she was laying there and she saw a vision, too. She saw herself laying on this stone slab, and on top of her was this rubber doll. It looked just like her, but it was all bloated and fat, and ugly. And these demons had pinned this doll on top of her body and she couldn’t get out from underneath it. And she knew in her spirit that the Lord was telling her, “That is what the demonic has put on your soul, to make you feel like that’s the way we look: bloated and fat, and ugly.” So she just began to focus on the Glory Light and putting it on her soul. And all of a sudden she saw this blaze of light fly in the room and pop the rubber doll, and it deflated, and she was able to escape out from underneath the clutches of these demons. Well that happened like in the very part of the month of December. Okay, now you know that month of December is the month when everybody eats all their goodies for Christmas and all that other stuff. Okay, so she went through that whole holiday season eating the treats and everything else, and without even trying she lost 15 pounds just in three weeks.

SID: So this Glory Light restores us to the way Adam was.

KATIE: Yes. It goes back and systematically it can go through time. It can go to every place where you are wounded, when somebody abandoned you or molested you, or did something to hurt you, or if you got off of drugs or alcohol. It can go back and you put the blood on the sin and the Glory Light on the wound, and you get healed. You know, the man of the spirit of legion, you know why he was able to be under the power of that spirit?

SID: Why?

KATIE: It’s because he lived out of his wounds and his soul. It says three times in that scripture that he lived among the tombs, and night and day he was among the tombs, right? I thought, that’s very interesting. It says that three times. I wonder what that word “tombs” means. And I looked it up and it means, “a monument set up to cause a perpetual remembrance.”

SID: So that’s what buried into our souls, that memory.

KATIE: Yes, exactly.

SID: So the Glory Light burns out that memory.

KATIE: Exactly. You know in that same chapter when Jesus meets up with that spirit of legion, that spirit says this to Jesus: “Oh Jesus, what is there in common between us? Do not begin to torment me.” Remember what Jesus said, right? “The prince’s rule is coming, but there’s nothing in me that’s in common with him.” So he has no power over me. That spirit recognized, “Hmmm, this man Jesus has something different about him. He’s got no soul wounds. There’s nothing in his soul that’s in common with me, so I can’t torment him.”

SID: Katie, when you got to prisons you have to do things quickly, because and that’s what the tools that God has given you, is to speed things up.

KATIE: Yes.

SID: Could you pray a prayer for our viewers right now for the healing Glory Light of the Messiah to enter them and heal them right now.

KATIE: I decree right now that the Glory Light is literally going back in time through your soul to every place where you were wounded. Maybe someone abandoned you or deserted you. Maybe a friendship hurt you. Maybe something your husband or your wife has done. The Glory Light is gonna go right now to that place. The blood of Jesus will take care of the sin, but the Glory Light will then heal that wound. And I command that every wound inside your soul get systematically more and more healed in the glory until you’re completely healed, and every part of your mind, your will and your emotions. And I speak to the demonic that’s been tormenting you, that’s been attached to those wounds inside your soul. And I say to you now, I release King Jesus on you. King Jesus, he is the king of kings. There is no king higher than him. And every king and every power master spirit that’s attached to the wounds in your soul is gonna have to go when those wounds are healed in the Glory Light. And I command angels to come and shine light into your soul and for them to escort out to the pit the enemy that would assail your physical body, your emotions, mental disorders. These are all are gonna be healed right now as God takes his Glory Light and puts it in your soul right now in Jesus’ name. In Jesus’ name.

SID: Do you know I believe that, as a matter of fact, you’re getting a lot of good results with people with mental problems and emotional problems.

KATIE: Yes. Bi-polar diseases have been healed. Depression has been healed. People say they feel like a hand scooping through their mind and clearing out their mind. When people soak in the Glory Light they come out and they talk different. They look different. Mental disorders, it’s your mind, and that’s part of your soul, and the enemy can come. If you have a wound in your soul it can come and manifest on a disease.

SID: As you’re watching us right now that glory is just pouring. It’s like a river. It’s like a river pouring into your deepest most being now in Jesus’ name right now.
