SID: In 2005, Chuck Pierce prophesied that an African-American man would be in the White House. Wait 'til you hear what he says will happen - shortly - in America.

*Is there a supernatural dimension, a world beyond the one we know? Is there life after death? Do angels exist? Can our dreams contain messages from Heaven? Can we tap into ancient secrets of the supernatural? Are healing miracles real? Sid Roth has spent over 35 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural**.*

SID: Hello, Sid Roth here. Welcome to my world where it's naturally supernatural. My guest, I met about 15 years ago for the first time. I was at a leaders meeting in Israel and I was so struck with the accuracy of a prophet, and he is a prophet, and he knew nothing about me. He didn't know that I was struggling. He did not know that God had given me a new revelation, and I was proclaiming it everywhere, and I was being hit with the worst resistance. And I went into the meeting where he was speaking, in Israel. **I sat down, and your first words to me, do you remember your first words, Chuck Pierce?**

CHUCK: I do remember.

SID: What was it?

CHUCK: I remember how I saw what you were struggling with, and how God had such a plan for you to move the body of Christ into a whole new dimension of thinking.

SID: He said the word, "one new man".

CHUCK: Absolutely.

SID: ...I was so encouraged...when you said something to the affect, "You're going to bring the one new man." The first time I met you, I knew you had a genuine, true, prophetic gift. I want to find out about how this gift developed in you. But the thing that's so amazing to me is in 2005, you heard a word about the President of the United States. What did you hear? And by the way, this was documented. This isn't just he said it after the fact. In 2005, what did you hear?

CHUCK: Well we were traveling across every state in America, Doug Sheets and I, and we had gone across Alabama from Birmingham to Montgomery. In Montgomery, we were in a large church, Kyle Searcy's church, and while we were there the Spirit of God came down and said, "You prophecy that the next president will be a black man; and an Afro-American would become the next President in America."

SID: Now that took, we Jewish people have a word. It's called "chutzpah", nerve. That took chutzpah, Chuck.

CHUCK: It did. It really did to be that specific because I knew, that by 2008, that would be able to be tracked.

SID: And the thing that's interesting to me is that he realized, when an African-American would become President of the United States; but he knew it way back then, that the curse from slavery would be neutralized; but as you put it, the roots would not be dealt with. Now, if a curse is neutralized, and let's not get into it yet, but the basic root of the curse is not dealt with; what's the repercussion?

CHUCK: Well if the basic root isn't dealt with, Sid, it's going to rise up, and it's going to produce a different type of fruit; not the fruit that we were normally used to seeing, but the root will come alive again. Now the root of all slavery is anti-Semitism, linked with the concept of Mammon. And so, one of the things that I was seeing was, God was going to deal with the slavery issue that had divided America. But the root issue of anti-Semitism would then arise, and I believe the Lord showed me within three years...

SID: You know, the most amazing thing is, what he showed you on that. We'll get to that in a minute. But I want to find out about the making of a prophet. You ended up, through sheer exhaustion, in a hospital; and there was a Pentecostal minister in the next bed. Talk about a set-up. So take me to that.

CHUCK: It was a sovereign time. First of all, our family had great potential. And my dad, who was a wonderful man; who had the ability to prosper, had fallen into corruption and died a premature death. That left me with being the first child over a 400-acre piece of land, ranch, and various aspects of it. And in the midst of it, we were not in good shape. Exhaustion came to me because I was working, I was going to school. I was partying, in ways I shouldn't have been partying. And my grandmother, who was a godly woman, came to me, on my mother's side, and said, "God has a different plan for you. Not the same plan that your dad, not the same direction your dad went." And of course, when you're 18, you don't want to hear all that. Three months later, I ended up exhausted, with double pneumonia, in the hospital; and of course, my grandmother was a nurse in the hospital, came into my room and said, "I told you this was going to happen to you." I was under oxygen. But God - in His sovereign grace, put me in a room with a Pentecostal preacher, who introduced me to someone I didn't know, the Holy Spirit.

SID: And the Spirit of God came on you, literally.

CHUCK: He got out of the hospital and the Spirit of God visited me for three days.

SID: And there were two main things that were accomplished during these three days. The first thing that happened was Israel.

CHUCK: The first thing that happened was he told me, "Read the Bible." Well there was something, the Spirit of God was there. He drew me to the Word of God. I started reading. In Genesis, you can't read Genesis without coming into a question and an understanding of covenant. Now remember, the Spirit of God was visiting me. Therefore, it was as if the Word of God was redoing me from inside out; using the Word of God, and producing an understanding of

covenant. The God of Israel, I believe, visited me. I believe the Spirit of God, who is represented through the Son, revealed to me the God of Israel. And in the midst of that, I began to see Israel. Something else happened, Sid. During the time I was there, it was the Munich Olympics, and I saw the hatred. Now I'm reading the Word, and God is revealing to me Israel. And how did He do that? My dad had acquired all the 12 sections of land of his inheritance. And there, I'm reading the Bible, and it's about 12 tribes. And all of a sudden, it was as if I knew that if God could promise this group; who had a lot of mess about them, what He was promising them, He could do a work with the same family, bloodline that I had.

SID: I believe that he had such an encounter with the Holy Spirit that, number one; someone's neck was just healed. That's not number one. But that's what God just told me. But number one, he got a revelation on Israel, and he has hung with that revelation. Number two, God spoke to him, and said he would restore everything that had been taken; and he could teach others how to restore everything that has been stolen from them; because of this revelation in Israel. And number three, he was so saturated with the Spirit of God, he began to prophecy the most astounding things. Wait 'til you hear what he heard about President Barak Obama. Be back right after this word.

SID: Hello, Sid Roth here with Chuck Pierce. Chuck, I love the gift of prophecy, the true gift of prophecy. And I have to tell you, I have a problem. My problem is, coming from a Jewish background, reading the prophets in the Old Testament; reading about Samuel; reading that not one word fell to the ground that he stated; and after all, if there's no time in eternity, and God knows everything, He's not going to make a mistake. I hear too many cop-outs today on prophecies. Well people didn't pray enough. I hear these excuses. I just want to see someone prophecy like an Old Testament prophet, and we have even a better covenant.

CHUCK: A newer, a new covenant.

SID: Ok. Now in 2005, God told you something that you had a lot chutzpah to say; that there would be an African-American president. In 2008, you received a word of what this president that will be in office; obviously it's now, it's Barak Obama; would do that would dramatically affect our nation three years later, in May of 2011. Tell me about it.

CHUCK: Well see, Sid, what was happening was, he had yet even been nominated. And yet, I knew, because of what God had said, who was going to be nominated. But that wasn't the issue. Because remember, God was going to heal this issue of the division from racism in our nation. But it was going to actually get a little worse for us, because we were going to have to go deeper, and deal with anti-Semitism. And what God showed me, He caught me up. He gave me an incredible vision. We were at the Liberty Park. I was doing a big meeting there. I was the guest speaker. It was a meeting of 1500 people. And the Lord caught me up, and began to show me three years in advance, what would happen; and how He would start looking at America based upon how America would align with Israel. And that this President would then come back, and start pulling Israel; and be a tremendous advocate, to pull Israel out of its current progression and restoration; back to the state of where it was, before it actually began its new boundaries, and new progress.

SID: So in effect, when President Barak Obama made the proclamation...

CHUCK: ...in May

SID: ...In May, which you knew three years from then.

CHUCK: It was very specific. It would be May 2011.

SID: And the proclamation was Israel should go back its pre-'67 borders. When President Barak Obama made that proclamation, what happened in the invisible world to America?

CHUCK: It pulled us back into the progress we had made spiritually. See, when you make a declaration like that...

SID: Could it affect racism even?

CHUCK: It will cause racism to rise up - back to 1967.

SID: Whoa!

CHUCK: See, it's going to cause things. But see, God saw it in time, so it will be in this age. It won't look like it was pre-1967. It will cause our nation to begin to have to process this age with that demonic structure; that we've already warred through, in measure. See, covenant, all nations reconcile around Israel. So if you're attempting to bring; and being the proponent or voice, to bring Israel back into a place where it is not progressing, but back where it loses a lot of what it's already worked for; you're going to do the same thing in your own freedom.

SID: Do you see a correlation of the following events? Right after President Barak Obama made that statement, in Joplin, Missouri, we were hit with the deadliest tornado; the deadliest in 70 years. Do you see a correlation?

CHUCK: Well see, actually you had Alabama. Again, we're back to Alabama. Then you had Missouri. Both had deadly, deadly tornados. Alabama, I just came from there last weekend, here. Alabama went into, it lost almost 400 people, and then Joplin lost a whole city. I mean, almost a whole city wiped aside. Do I see a correlation? Yes, I see it releases a spiritual force that brings; because I believe God controls the wind; and I believe biblically from a prophetic standpoint; we see that winds can be adverse and controlled by the enemy, or winds can be sent by the Lord. I believe the enemy structure came into this land. And now what God is going to ask us to do now; we're coming into a place where we're going to have to war for our covenant alignment; and the roots of the covenant of this land, coming back into alignment with the God of Israel.

SID: You have so many revelations. Do you see a correlation, right after President Barak Obama released those words into the atmosphere; that Israel should go back to the pre-'67 borders? Do you see a correlation with what happened to the president of the IMF, International Monetary Fund?

CHUCK: Absolutely. Absolutely.

SID: And by the way, this was the man that was caught attacking a maid in a hotel room, and lost everything as a result of it.

CHUCK: See, I see all of a sudden. And it just wasn't Barak Obama. You can go back to President Bush, when he made certain statements that created a movement in the atmosphere, during the time of Katrina; the hurricane that hit America, and came up through New Orleans. You're going to start seeing a correlation. Why? Because there's certain scripture that talks about how we are in the process, when we won't listen to the voice of God, He has ways of speaking. He has ways of getting our attention.

SID: Now here's some good news. There are ways that you can be like the children of Israel, when they were slaves; and the curses came on the Egyptians, and they bypassed the Jewish people. And there's ways of...you can get out of the mess that's coming. In fact, Chuck Pierce saw what will happen over the next five years, in the United States of America. Don't go away. We'll be right back after this word.

*We now return to **It's Supernatural**.*

SID: I've always been intrigued with, in the Gospel of Matthew, the 25th chapter, there's a separation between goats and sheep. There are goat nations and sheep nations. A goat nation has a mind of its own. A sheep nation follows the shepherd. And in Matthew 25:40, we know the one sin that causes a nation to be a goat nation or a sheep nation. The one sin is, "As you have done onto the least of these, my brethren," and in the Greek, the word "brethren" means "those from the womb". "As you have done onto the least of these, my physical brethren from the womb, it will be done unto you." Now I have a question for you, Chuck. You see a division of the states in the United States. And will this be the issue that will release the judgment of God on some states, and have other states walk in blessings? Explain this.

CHUCK: See, Sid, I think God is a God of restoration. He wants to restore us back to His original covenant plan. The earth is the Lord's in the fullness thereof. He wants the blessings of Heaven to align with Earth. He wants us to produce the garden that He intended in the earth realm. But in the midst of it, I think we'll rebel against that. And with that, in America, the real issue is going to be each state's relationship with Israel; not just a nation relating to Israel, but each state. I think you will start seeing how states are blessed based upon their relationship with Israel. Right now, Texas, for instance, has an economy that's growing. Texas has made a proclamation that it is aligned with Israel. You'll see its economy shift differently than other economies.

SID: Now I'm even seeing countries based on their position with Israel. For instance, Canada has done some pretty good things in reference to Israel recently.

CHUCK: God sent me to Canada with a tallit. I had a double tallit from Israel.

SID: A prayer shawl.

CHUCK: A prayer shawl. And He said a new prayer mantle needed to come across Canada. This was five years ago. He said, 'you start in Vancouver.' I gave it to David Damien. He took it all the way across Canada. The government changed. In this May issue, Canada stood and said, "We will stay focused and aligned with the Nation of Israel." The unequivocally said, "We are aligned with the God of Israel and this nation will be aligned."

SID: And, you know, curses can change. For instance, take Germany. Germany was under a horrible curse. Look what happened to them.

CHUCK: The worst curse that the world has ever known probably.

SID: Six million Jews. But now they're being blessed. Why?

CHUCK: Well they've made proclamation. First of all, they went back and they restored wealth back to Israel that had been taken from people. Wealth that they had documented was sent back. Then they have made the statement, "We will align with Israel as opposed to other nations that are anti-Israel."

SID: What did God show you about China?

CHUCK: God showed me that China is going to be our most influential nation. Now China, yes, is a communist nation, and we all know that. But what China will do is it will have the greatest movement toward Israel. Economically, it will align with Israel. It will align with Israel for a season; now for a season, and get military technology from Israel. It will have an incredible alignment. That is going to cost China. And when God showed me this in '86, I said, by 2016, China becomes the most incredible economic power in the world. IMF said it would be 2032. They have come back, three months ago, and said it will be 2016.

SID: They should have checked with you.

CHUCK: Well they should have checked with God, I tell you.

SID: Okay. Now you talk a great deal about, we, the believers in this country, as we see things getting so decadent; that our spirit is going to be vexed. Explain that.

CHUCK: See, the environment around you, the atmosphere around you, like Lot, righteous Lot's spirit was vexed. The atmosphere around you can vex your spirit man. That causes it to be annoyed and controlled by the environment around you; conformed by the environment around you. Romans 12:1-2 says that. So what I see happening is you have a choice. And I see Christians coming into an understanding of the concept of where we began: one new man. God's plan of fullness: Jew and gentile; and a triumphant remnant rising up with their spirit man free. "The spirit of man will withstand its infirmity." That's what the Word of God says. And all those things that are attempting to weaken us, we rise up, and we become a remnant with a voice that is powerful; doing supernatural exploits, as Daniel 12 says.

SID: I tell you what; I'm just getting so excited as I hear him share what's about ready to happen. It's going to be the worst time in the history of Planet Earth, and the best time in the history of believers. But Chuck, there's something separating people from the blessing that you and your family received; that I've received, that my family has received; and that is there is a curse of anti-Semitism. Lead us briefly to repent for any anti-Semitism we have as individuals.

CHUCK: Now all of you out there that's listening, you have to understand; He is the Father of our spirits. No matter what your bloodline is, no matter what your bloodline has done, you can bring your blood under the Father of your spirit and your blood can be cleaned by His spirit. I decree right now in the name of Jesus, Yeshua; the one who came to shed his blood; that your blood will be set free of anti-Semitic rules. Where you have resisted the prophetic, you will start hearing God in a new way. Where you have come against and tried to dominate and manipulate others; you will begin to love others in a way you've never loved them. I decree that anti-Semitism will not rule you, and a hatred for the God of Israel, who had created a first-born nation and made covenant with them; so we would understand the Covenant of God; you will start now understanding the Covenant of God. I repent on behalf of American mindset, and I say now our minds will begin to change; and know God's covenant plan and His blessing, and take a stand on that behalf.
