*Is there a supernatural dimension, a world beyond the one we know? Is there life after death? Do angels exist? Can our dreams contain messages from Heaven? Can we tap into ancient secrets of the supernatural? Are healing miracles real? Sid Roth has spent over 35 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural**.*

SID: Hello. Sid Roth here. Welcome to my world where it's natural supernatural. I wouldn't want it any other way. Would you? I mean, it's the rarified air of Heaven. It's the best thing in the world. No doctor could ever come up with better medicine than the rarified air of Heaven. What if in your home when, you're praying, there were enemies in the invisible world whose assignment is to stop your prayers from getting even to the sin let alone to God? What if your invisible enemies were in your city and in your state, and in your country. What if you could get rid of those invisible enemies and have an open Heaven for your prayer. This is what would happen. Your prayers would be answered instantly. That is normal. I want you to be normal. I'll tell you what, national leaders are saying that when they get a hold of the teaching of Dr. John Benefiel their prayers are being answered instantly. But for you to get a grasp of what he's teaching you've got to understand a term you probably read in the Bible and kind of skipped over, because that was in the olden days. Well it's still around. It's a term, Baal. Who's Baal?

JOHN: Well Sid, Baal is in the Bible in Matthew 12:24. He's referred to as the "ruler of the demons." Now Matthew 12:24, it says Beelzebub or Beelzebub, and that used to throw me off because if you look that up it says, "Lord of the flies", and I thought, I don't have trouble with flies. But when you look at it deeper that's just another name for Baal. And Baal is the false Jesus or counterfeit Jesus. Paul talked about that. He said, if someone else brings you a different gospel or a different Jesus, don't receive it. So as Jesus is the executor of the Father's will, I believe that Baal is the executor of Satan's will. And so Baal has influenced Israel. Baal has influenced the world. If he's the ruler of the demons then we have to learn how to deal with him, how to knock him out legally, and that's the prayers that we teach.

SID: Okay. What is the major job description? What areas does Baal influence in a country?

JOHN: Well really, Sid, he influences everything. If he's the ruler of the demons then all of culture is under his authority in one way or another. But for instance, he is Baal Hamon, which is like mammal or mammon. He's the one that's stopping great wealth transfer to the church. He's the one that is behind poverty and systemic poverty. And also, he's the one behind sexual perversion, all kinds of sexual perversion.

SID: Like what's going on right now. Internet pornography is just off the charts. It's not a natural thing. It's a supernatural thing, and it's not from God. So he's behind that.

JOHN: Well yes. And with Jezebel, and by the way Bel is a variation of Baal, Jezebel named herself that because she was a worshiper of Baal. And in the Baal temples, which she had, she employed full time male and female cult prostitutes who committed sex acts in the open for everyone to watch as a part of the worship ceremony. So today when someone engages in

pornography of any form, whether they realize it or not, they're engaged in Baal worship, and Baal has a legal right to operate in their lives.

SID: It seems like almost suddenly homosexuality is normal, as defined by society, not as defined by God. How did this just suddenly erupt in the world?

JOHN: It's been growing for a long time. It's been growing since the Garden, if you want to put that away. But it's been getting worse and worse because we have allowed Baal to infiltrate our Christianity, for example. When we traded biblical holidays, for example, and biblical observances for pagan holidays, for example, then we gave Baal a legal right into our nation. And so when we lusted in our hearts we allowed Baal to come in and bring that pornography in, including homosexuality. Because, as I said, in the Baal temples, they had male on female, female on female, and male on male.

SID: Now it's sad that this Baal is a god with a small "g" of a thousand faces. What do you mean by that?

JOHN: Well it means he's gone by thousands of different names and faces over the centuries because he wants to appear as an angel of light. The Bible says that the enemy appears as an angel of light. He wants to appear good and he does not want us to find out, because when we find him out, we have a chance of getting him. We have a chance of taking him down once we recognize his tactics. You know, the Bible says, "My people perish for lack of knowledge." And the Bible also admonishes us to watch out because "your adversary is a roaring lion seeking whom he may devour." The Bible also talks about, in Ephesians 6:12, "We don't wrestle against flesh and blood," people are not our problem, "but against principalities and powers." And as you said, our problem is in the unseen realm and if we don't know how to deal with the unseen realm, like the Bible tells us to do, then we're at a great disadvantage. It's kind of like being in a boxing ring and we're boxing an invisible adversary.

SID: Alright. You said the god of Islam, Allah, is connected to Baal.

JOHN: What we found out in our research, and it's not that hard to find out, is that Allah's original name was Baal Allah, and also Hu Baal or Hu Bal, because Bal was also one of the pronunciations of Baal. And it makes sense if he's the rooter of the demons that all false religions would be under his orchestration.

SID: And so Islam, Muslim, Mormon, witchcraft.

JOHN: Yes.

SID: But guess what? When the enemy is unmasked you have the authority, and it's a most ingenious way that God shows you to get rid of these demons, when they're gone, open Heaven for every one of your needs. How do you like that?

*We now return to **It's Supernatural**.*

SID: Hello. Sid here with John Benefiel. And Dr. John, I am overwhelmed with the information. I just hope we can get all of it out. But we are literally worshiping Baal, this false god through a lot of things that are done in ignorance. For instance, tell me something about our U.S. dollar.

JOHN: Well on the back of the U.S. dollar, if you look at it you see the seal of United States. Part of it on the back of the dollar is the pyramid, and at the top of the pyramid is the all-seeing eye. It's a truncated pyramid, and at the top there's this all-seeing eye, which is the eye of Lucifer. Just as the Statue of Liberty, and I'm not making this up, the History Channel gave an hour special on this a couple of years ago, exposing that the Statue of Liberty is actually a statue of Lucifer. The originators of that statue were three French freemasons that admitted this is Lucifer, but they said it's not really Satan. This means the light bearer. So the eye of Lucifer is on the back of our dollar bill, and that's under freemasonry, even though most freemasons don't understand this. You know, most Masons, most Mormons, most folks don't understand that they've been duped. They don't go into those organizations wanting to be duped. But that's what the enemy does. He deceives us because he appears as an angel of light.

SID: Now speaking of masons, one of the leaders of the U.S. was a man by the name of Albert Pike. Tell me about him.

JOHN: Albert Pike was a confederate general who was convicted of treason, yet he, there is a statue of him in D.C., and he wrote morals and dogma of freemasonry, which is the bible for freemasons. Most freemasons don't even realize this because the higher you go, the more you find out. And what he wrote and what's revealed in the 33rd degree of freemasonry is that Lucifer is god, Lucifer is the good god and our God, Adonai is the evil god.

SID: They have it all backwards.

JOHN: As perverted as you can get. But you would expect that from the enemy, wouldn't you?

SID: Now I find this hard to believe, but the Ku Klux Klan was started by the same Albert Pike.

JOHN: Albert Pike started the Ku Klux Klan in the United States. And his friend in Italy, Mezzini, at the same time, they were both masons, he started the mafia at the same time. They're all connected. Remember, there's only two kingdoms. There's the Kingdom of God and there's the kingdom of darkness. And if Baal is the ruler of the demons, then it's all out of his orchestration. When I say his, there's as much female as there is male, because the Queen of Heaven is the part that's the female part of the Baal principality.

SID: What about Mormonism? How does this fit in?

JOHN: Same way. Mormonism stems from masonry. And if you look at the two worship systems in their rituals and all of that, you find them to be almost identical to each other.

SID: District of Columbia, I was born there, and I'm shocked by what you told me.

JOHN: Well when we named it the District of Columbia, we said this is the district belonging to Columbia, okay. But we didn't know who Columbia was. Well Columbia is the Queen of Heaven, and the statue on top of our nation's capitol is called Statue of Freedom. But when you find it out, you find out it's the statue of Columbia. So that idol, and it is an idol, it's an idol that's free to worship, that thing is given authority over our nation. That's the Queen of Heaven. That's the female part of the Baal principality. And then what you have at the other end of the mall is the Washington Monument, which is an obelisk, which is a freemasonry symbol, which they erected, and that thing is a male phallic symbol, which is also part of the Baal worship system. So from one end of our mall to the other you've got Baal.

SID: Now we had a hurricane in which the Washington Monument was cracked, and something to do with masons was affected. Explain that.

JOHN: Well there was an earthquake and a hurricane, too, both about the same time. But July the 4th of last year, 2011, we led people, a team of people to the Lincoln Memorial to issue this Baal divorce decree. We did it there, and what happened was 50 days later, this earthquake, which D.C. hardly ever has happen there, it shook the Washington Monument and cracked it so that even today that obelisk, that evil symbol, can't be, it's having to be repaired. Also at the house of the temple, which is 13 blocks north of the White House, where freemasonry performs the 33rd degree, where they're told that Lucifer is God, what I've been told and somebody sent me a picture is that altar there has been cracked also in that earthquake that cracked the Washington Monument. In the National Cathedral—

SID: You guys think that was just a coincidence? I don't. Do you think that was a coincidence?

JOHN: No, not all. God continues to amaze us all the time. We just did what God said to do, and then He follows up with this great act. And so, also, the National Cathedral, which is not Christian, which is the highest point in D.C., and by the way we renamed the District of Columbia to the District of Christ, because it belongs to our God. Those spires two of the four highest points in D.C., cracked and fell off during that same earthquake.

SID: Another coincidence. I'm going to tell you something. We're surrounded with this. Wait until you hear the next segment. We're surrounded with Baal, the Baal worship, known and unknown. What if there was a biblical legal way of divorcing yourself from all of the vestiges, all of the roots of Baal? Can you see how your prayers would be exactly like Jesus praying? We're going to come back and find out how.

*We now return to **It's Supernatural**.*

SID: Hello. Sid Roth here with Dr. John Benefiel. I am overwhelmed with the spiritual clout, and that's what it is. When someone reads this divorce decree from anything known and unknown with this false god, Baal, it just opens up the heavens for an individual. Tell me some of the things that are going on. For instance, tell me of this baby who was born with their organs outside of the body. Sounds horrific.

JOHN: Yes. And then so they called us for prayer. At that time, we didn't have the Baal divorce decree, but we knew we were dealing with Baal. The doctor said to the parents, "You need to abort this baby. It cannot survive outside the womb." After that prayer, miraculously they did another X-ray, another ultrasound, and all the organs were back inside of the baby.

SID: That's our God.

JOHN: Baal is the one that always goes after the next generation. Baal tries to cut off the next generation, and so he's the one behind abortion.

SID: Tell me about the blind person.

JOHN: Well a girl in our church, when she was little, she had an operation, and the surgeon made a mistake and severed her optic nerve. So she couldn't see. I mean, totally blind.

SID: That's history. There's nothing they can do.

JOHN: There's nothing you can do about that at all. So now she's in college. She comes to us. She learns about the Baal divorce decree. We see Baal in her life. I lay hands on her and God heals her that night. And she woke up in the middle of the night seeing. She thought it was a dream. She went to the doctor, and the doctor verified, "Yes, I don't know how this happened, but you've got an intact optic nerve, and you see just fine." And she drives and everything.

SID: How about areas like finances.

JOHN: Finances. Well we've seen it on an individual level, Sid, and we've seen it on a statewide level, and across the country, too. A couple in our church, after learning of the Baal divorce decree, they declared that in their home and in their business, and assistance is also part of my teaching. And what happened was they were faced with \$19 million in debt, and miraculously it was wiped out. They don't owe it any more.

SID: Did you say \$19 million?

JOHN: \$19 million.

SID: Have I got a White House for you to go to in Washington, D.C.

JOHN: Well you know, in our state, we have no budget deficit and we've had no increase in taxes. The governor and the attorney general are personal friends of mine, and they're both spirit-filled Christians.

SID: So you have a number of believers praying this divorce decree in Oklahoma City. And tell me what the results are.

JOHN: Well for one thing, when we started dealing with that, since Oklahoma City is the capitol of Oklahoma, we saw our state legislature make a shift that had never happened since we became a state in 1907. Born again Christians were elected to take over the House of Representatives. And then we divorced Baal in the Senate. That next year, the Senate was taken over. And now all of the statewide elected executive branch offices are all born again Christians, and love the Lord.

SID: What's going on with in the financial area of Oklahoma?

JOHN: Well in the financial area, you know, when the recession started, Forbes Magazine came out with a big article that rated Oklahoma City the most recession-proof city in the nation. And they've been exactly right, because we've had the lowest unemployment rate of any city over a million population every month, virtually every month, for the last four years.

SID: It's even affecting your sports teams. I've been watching your basketball team.

JOHN: That's the Oklahoma City Sooners, and there's some wonderful Christians on the team.

SID: Alright. How would you like John to lead you in a prayer so that you can divorce Baal. Let's see that right now.

JOHN: Alright.

SID: I'll repeat it after you, and you repeat it right after him.

JOHN: I just want to say that we're turning from our wicked ways in this decree. And so if you'll just say after me: Dear Lord Jesus.

SID: Dear Lord Jesus.

JOHN: I turn.

SID: I turn.

JOHN: From wicked ways.

SID: From wicked ways.

JOHN: I want to follow you Jesus

SID: I want to follow you Jesus.

JOHN: I ask you to grant me.

SID: I ask you to grant me.

JOHN: A divorce.

SID: A divorce.

JOHN: From the principality of Baal.

SID: From the principality of Baal.

JOHN: The ruler of the demons.

SID: The ruler of the demons.

JOHN: I want nothing to do.

SID: I want nothing to do.

JOHN: With this evil principality.

SID: With this evil principality.

JOHN: I want you and you alone, Lord Jesus.

SID: I want you and you alone, Lord Jesus.

JOHN: So I declare.

SID: So I declare.

JOHN: That I am divorced from Baal.

SID: That I am divorced from Baal.

John : And married to the Lord Jesus Christ.

SID: And married to the Lord Jesus Christ.

JOHN: Now and always.

SID: Now and always.

JOHN: Amen.

SID: Amen. That is supernatural. But now a lot of people, because of the financial crisis in the United States of America, and for that matter, for the world, because of the morality, can the same thing happen in America that's happened in Oklahoma City?

JOHN: Oh absolutely. I absolutely believe that. Chuck Pierce prophesied to me a few years ago, when we first started getting the Baal divorce decree, he said you got to do this in all 50 states. So I said, okay. So God opened the door for me to go to all 50 states, which I've gone to now. And I've led out prayer network, because I have a leader in the network in all 50 states and 40 nations. I've led them to understand through my teaching what they're dealing with and to on purpose divorce Baal. And so we're seeing things change in our nation. I believe we're seeing things change in the elections. I believe we're seeing things change in the economy. As we divorce ourselves from the principality that's the ruler of the demons and we freely, because remember, God said, "If my people are called by name who do these things," he didn't say everybody. That if they'll turn from their wicked ways then I'll hear from Heaven and I will forgive their sin and I will heal their land. And Sid, God is healing America. I am so hopeful and so excited about the future of America.

SID: I like hearing that. I like this. Now tell me very briefly what this other legal assistance is.

JOHN: Legal assistance.

SID: Yes. What is this?

JOHN: Well it's just like this court of law. If you get a favorable judgment from a judge, which we just got in the Baal divorce decree, because God granted this divorce.

SID: I like it.

JOHN: It's wonderful. But then you know, just because you get a favorable judgment does not necessarily mean you're going to collect on it. So sometimes you have to have law enforcement officials enforce the favorable judgment, and that's what the writ of assistance is. Because the angels are charged with the job of going and binding the strongman and plundering his house, and bringing us the spoils. And that's what the writ of assistance does, it's a legal document that says angels, we're not praying to angels. But it says, we release the angels to go and bind the strongman, plunder his house and bring us the spoils. That's wealth transfer.

SID: You know, these legal contracts, the devil operates on law. If you give him an inch, he'll take it. But we want to take back all the ground that our Messiah earned for us already.

JOHN: Yes.

SID: But the most important legal agreement is to understand that our Messiah, the Messiah of the world, Jesus, came as a man. God became man and lived among us, but lived a perfect life as a man, and died in our place so that we no longer are separated from God, and that He will live

inside of us. And guess what? If you know God before you die, you will know Him after you die. With your mouth say, Jesus, forgive me of my sins. I make you my Lord. Live inside of me. Teach me your ways of the Bible.

SID: Next week on *It's Supernatural*. My guest is the first woman in 1400 years to go into a mosque, proclaim Jesus and see miracles. How did she get such favor? I want to know. Do you want to know? I want to know. And we're going to find out because anything she can do, you can do better. And I'm going to tell you something else. You are going to build on her shoulders as you learn these mysteries.
