

Hello. Sid Roth here. Welcome to my world where it's naturally supernatural. My guest says expect unusual miracles beginning this year. Like a raven with money in its mouth, dropping this money into your hands, this actually happened to a woman and she was continually struggling with finances and the supernatural raven money gift which was verified by her friends that were present, from that moment on she has never struggled financially. Are you ready for your unusual miracles? Next on ***It's Supernatural!***

*Is there a supernatural dimension? A world beyond the one we know? Can we tap into ancient secrets of the supernatural? Can our dreams contain messages from heaven? Is God ready to bring a tsunami wave of healing on to planet earth today? Sid Roth has spent over 40 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural!***

**SID:** You know, there's a popular word and it's almost ... it kind of bounces off of you but it's an important word. It's called breakthrough. Tell me what breakthrough means based on the Bible, based on what God has shown you.

**KYNAN:** You know, breakthrough is a very powerful concept in the Bible. I believe that a breakthrough is when the power, purpose and presence of God bursts forth in someone's life and transforms their lives forever.

**SID:** Well, you not only teach from the word of God, but from hands on experience.

**KYNAN:** Yes.

**SID:** You desperately needed a breakthrough when you were starting in ministry. How bad were things?

**KYNAN:** Very bad. I even questioned whether or not I was supposed to pastor. Because you know, sea bites sometimes. I had a lot of sea bites and I was wounded and hurt and a lot of times, ministers don't ... they're not honest with themselves when they're burnt out, but I was burnt out and I said, "God, I don't even know what I'm supposed to be doing anymore." I can remember coming home after a very tough time evangelizing and my wife and I were in the living room and she looks at me and I didn't realize that she was as prophetic as she is, but she said, "What do you see?" I said, "I see you."

**SID:** I would have done the same.

**KYNAN:** I mean, what do you mean what do I see? She said, "No Kynan. What do you see?" I said, "I don't know what you're talking about." I was discouraged, I was frustrated. She said, "What do you see?" I said, "I don't know." Then finally the light bulb came on. I began to prophesy. I said, "I see women and children getting saved. I see young people coming to the Lord. I see nations being disciplined. I see crack addicts coming off the street." What was happening in that moment is that God's purpose was breaking through in my life. I was getting a revelation of what heaven intended for my life, which looked different from my situation.

**KYNAN:** As I began to prophesy, the atmosphere began to shift and all of a sudden, I tapped into that breaker anointing which I'll talk about in a moment. That next Sunday, we had the largest service we had ever had in the history of our church because things shifted. A lot of people are waiting for as shift to happen in heaven, but heaven is already open. The earth needs to shift because when your mind shifts and you tap into what God has already promised you, then you enter into the place I call manifestation.

**SID:** Talking about breakthrough, tell me about a healing breakthrough with the person with cerebral palsy.

**KYNAN:** Yeah this is a very powerful testimony. I was in California doing a revival meeting. It was a lot of warfare leading up to that meeting and we were in the night meeting and a woman comes in with cerebral palsy of course from birth and she's had her whole life, has not been able to function normally her whole life and they bring her into the sanctuary. Now one of the things I think is important Sid is that if we're going to see the miraculous, we have to have an attitude of expectation. Because the attitude of expectancy is the atmosphere for miracles. So, what happens is that this woman comes in and she comes to the altar. Her son brings her and she said, "What do you want God to do for you?" She's like, "I want God to heal me. I want him to touch me." I could feel her faith.

**KYNAN:** I know what Jesus meant when he said he saw their faith. You can see people's faith. As I was praying for the woman, all I did was this. I said, "You know what? You can do all things through Christ who strengthens you. You can do all things through Christ who strengthens you." I didn't realize it then but I was activating the anointing that was already on the inside of her. See, Christ lives on the inside of us. See, when we want a breakthrough, when God can breakthrough in you, he can breakthrough for you. This is so important.

**KYNAN:** As I'm whispering this in her ear, I said, "You can do all things through Christ who strengthens you. You can do all things through Christ who strengthens you." Every time I said that she took a step. When I would say it again she would take another step and then another step and eventually she started running throughout the sanctuary and the faith of the people just exploded. Sid, the glory came into that building and that was the beginning of many miracles that night.

**SID:** You also talk about putting a demand on heaven.

**KYNAN:** Yes.

**SID:** Explain that what that means to you.

**KYNAN:** You know, just like in economics there's supply and demand. God has an economy. Heaven is a system, not just a place and when we look at the kingdom of God, that's why the Bible says ask and you shall receive. In other words, when I ask, I'm placing a demand on heaven's supply. I was praying one day and as I was praying I saw a vision. In this vision, there were two golden double doors and in the vision, I pressed through the double doors and as I pressed through the double doors, there was an endless storehouse. I mean there was gold, there

were rubies, there were all kinds of precious metals. There were four angels guarding this storehouse.

**KYNAN:** As I came out of the vision, the Lord spoke to me. He said, "You just stepped into the treasury of heaven where there is unlimited supply. Heaven has no restrictions. Heaven has no limitations."

**SID:** Boy there's such a presence of God on the statement you just made.

**KYNAN:** Yes. Heaven has no limitations. The only thing that limits us is the demand that we place. I just feel this so strongly. I feel like there's somebody watching right now you need to place a demand on heaven. Listen. You're not waiting on God. He's waiting on you. He has already made it available to you. That transformation, that miracle, that salvation, that healing, it's yours. You need to go where the table is spread. The Bible says.....

**SID:** So, when someone, Kynan, says "I'm expecting. I'm waiting on you God. I'm waiting. I'm waiting," there's a more aggressive stance than that passive stance of waiting on God.

**KYNAN:** Yes.

**SID:** Go ahead.

**KYNAN:** Okay Matthew 11:12 says that the kingdom of God suffers violence and the violent take it by force. Christianity is not a spectator sport. You can't see the kingdom manifested from the bleachers. You have to engage heaven. You have to engage the realm of the spirit. Let me give you an example. Imagine if you found out that there was \$5 billion behind the door in your back room that you never go in to. Would you stand at the door and say, "Lord, open this door if it be your holy will."

**SID:** No, I'd knock it over.

**KYNAN:** You would knock it down because why? What's behind the door is more valuable than the door itself. What God has on the other side of your hindrance, on the other side of your wall is greater than the limitation and it's time for the church to burst through and see the manifestation of what God has planned. Yeah.

**SID:** I tell you what. I've been a believer a long time and what you're saying with the presence of God on it, I'm ready to knock that door down. Now, we read about unusual miracles in the Bible like God sending a fish with money in its mouth but these unusual miracles are once again erupting. I want to learn about the raven giving money to a woman and supernaturally she never struggled with finances again. We'll be right back.

**SID:** I don't know about you, but my expectancy is up. I'm expecting unusual miracles, but this takes the cake. Tell me about the supernatural raven.

**KYNAN:** You know, you can't make this stuff up. One of the precious sisters in our ministry, she was going through kind of a challenge at the time and she went to the store and a supermarket and spent pretty most of what she had buying some things, but there was a few things she needed to get at another store so she left that store and went to another one. As she's pulling up in the parking space, a raven comes down in the parking space. When the raven comes down in the parking space, they notice that he has something in his mouth. As they get out of the car, they go toward the raven, he doesn't fly away. This a bold raven, Sid.

**SID:** This is.

**KYNAN:** He starts walking toward them. As they get closer, he gets closer. They get closer, he gets closer. They reach down and they realize that he has money in his mouth and he just stands there. When they get closer, he drops the money and he flies away. It was \$50. The exact amount she had just spent at the store before. Now here's the part that's so interesting. These were fresh crisp bank notes like they had just come from the bank.

**SID:** Brand new printed.

**KYNAN:** Brand new crisp bills in the raven's mouth. This miracle changed her life. You see, it only takes a moment to change your world. It only takes a moment to manifest a miracle, but we have to learn how to maximize our moments.

**SID:** Tell me about the breaker anointing.

**KYNAN:** In Micah two, it talks about the breaker anointing. That word breaker actually comes from the Hebrew word (Hebrew) and it means to break through. It's the same in Genesis 38 when the baby broke out. It's the same word. That breaker anointing is being released in the earth to break off limitations of all kinds. To break off financial limitations. To break off family limitations. To break the brick walls that people have. The people that are saying, "You know what? Why haven't I gotten my miracle?" Because there's a spirit of prevention arresting the manifestation of what they've asked for. But the good news is that this anointing that has been released not only in the believer, before the believer is stronger than the limitation on the believer. I believe that this is a season where we're going to see mass breakthroughs in the body of Christ.

**SID:** Give me a hands-on example in your own life.

**KYNAN:** Yeah.

**SID:** With the breaker anointing.

**KYNAN:** I've seen it so many times. I went through some of the most difficult seasons I've ever been in in ministry. I remember being in this place where this darkness was in my life and I just wasn't really feeling God, hearing God. I just wanted to just stay inside all day. One day the Lord came into my room and he said this to me. He said, "How long are you going to tolerate this?" I said, "What do you mean?" He said, "I've given you the authority. I've given you the authority." I said, "Lord, you know what? I want to change. I want something to happen in my life." All of a sudden, Sid, I experienced supernatural breakthrough. Something lifted off of my life. Something was released off of my life and I've never been the same since that day. I've seen it so many times.

**SID:** When we return, I want Dr. Kynan to explain how to reverse the spirit of delay in your prayers, dreams and destiny and break this spirit once and for all of delay off of your life. Next.

**SID:** Angels of breakthrough are here now.

**KYNAN:** Yes.

**SID:** Example.

**KYNAN:** There are angels in the earth right now. In fact I go preach all the time and one of the angels that accompanies me is called Breakthrough. His assignment, the assignment of this angel is to arrest the spirit of delay in a believer's life. I'll give you an example. I was preaching in England and we had this activation where I said, "You know what? It's time to receive. Receive." Right? So I had everybody reach up prophetically and receive what the father had already supplied. When we did that, the atmosphere shifted. People started getting healed, but that wasn't the kicker. The kicker was the person co-hosting the event with me, their daughter called them and around the same time, this person had lost a pair of earrings about a year earlier.

**KYNAN:** Couldn't find them for a year or whatever it was and all of a sudden, during this same time, they're walking up the steps and the earrings are perfectly set on each step. One two. Perfectly aligned with each other. I said to the host and she said to me, "Kynan, I believe that an angel delivered those earrings."

**SID:** How could that be though? People have walked there for a year.

**KYNAN:** Because it's angelic. It's supernatural. It's naturally supernatural, Sid. One of the things is that this is what the Lord told me. He said, "We have to partner with the angelic realm." How do we do that? Psalm 103 says that the angels harken to the voice of God's word. Which means they can not operate in their assignment until the word of God is spoken. So, one of the ways we partner is that we have to align our earthly conversation with the heavenly conversation

concerning our lives and we have to speak. I've seen this so many times, Sid. I've seen people be healed. I've seen people be delivered as they begin to engage the atmospheres that they were in with the words that they were speaking.

**KYNAN:** We have to give a voice to God's word. God's word is written. It's settled in the heavens, but when we speak it, that's when heaven begins to invade the earth.

**SID:** Can you pray for those viewing right now and break the spirit of delay?

**KYNAN:** Yeah. You know you're watching right now. You may be going through discouragement, delay. In fact, delay has a couple cousins that he always operates with. One is called distraction. The other one is distress and the other one is discouragement. Right now, by the power of the blood of Yeshua, we take authority over the spirit of prevention operating in your life. Just like it was with me when my wife and I prayed and we saw a net, a spider's web with all of our blessings caught in it, we spoke to that web and we said, "Be broken in Yeshua's name. I declare over your life right now by the power of the Holy Spirit that everything that's held up, hindered, everything that is stagnant, everything that has been arrested by the enemy, that right now from this day forward, it must come back to you in Jesus name.

**KYNAN:** That you must receive the restoration of everything that the locusts have stolen, that the cake worms have eaten. This is your season of restoration and reconciliation. May the power of the blood of Jesus accelerate every promise in your life that Isaiah 43:19 will be your portion, that behold he does a new thing and it shall spring forth. He will make a way in the wilderness and rivers shall spring up in your desert right now in Jesus name.

**SID:** Yeah. Kynan, you're a prophet. You have seen things that are going to begin this year that are so wonderful. Tell me one or two.

**KYNAN:** One of the things that's going to happen beginning this year is the increase of angelic activity. Another thing that's going to happen this year is the increase of the prophetic anointing. Because it is prophetic declarations that release breakthrough. If you don't believe me, ask Daniel who in Daniel 9 and 10 when he proclaimed over Israel angels were dispatched. We're also going to see, Sid, the manifestation of unusual miracles and guess what? It's not going to be from pastors. It's not going to be from clergy. It's going to be from ordinary people who have the audacious faith to believe that what God said is going to be reality in their lives and they're going to walk in miracles, signs and wonders like we've never seen before.

**KYNAN:** The glory, the latter ring glory is hitting the earth so that the glory of the latter house will be greater than the former. Our churches are about to explode. You not going to have to beg folks to come to church. You're going to have to push people away because the capacity is not big enough to contain them. I see churches leaving sanctuaries and going into soccer fields, to stadiums. To all kinds of open fields where we're going to see creative miracles, instant miracles and ultimately mass salvations that will shift the culture around us.

**SID:** That's what my next question was. How is this going to change society?

**KYNAN:** Because you see the Bible says this. The Bible says the children the Lord has given me are for signs and wonders. As we begin to walk in the power of the kingdom, Mark chapter 16 will become our reality. The Bible says they went about proclaiming the kingdom. The Lord working with them confirming his word with signs and wonders. I believe what happened in the book of Acts is going to happen in this generation. We're going to see millions of people come to the Lord. We're going to see people come out of addictions and bondages and immorality and come into the kingdom of God and know that Yeshua is the name above all names.

**SID:** You shared another word that God gave you. Now. Now! Now!

**KYNAN:** Amen.
