

Hello. Sid Roth here. Welcome to my world where it's naturally supernatural. Is it possible to live in peace? I mean, no matter how difficult the circumstances? Is it possible to get behind positive thinking, will power and self-help courses and be completely free of fear, toxic emotions, addictions and all soul ties? There is really total freedom, total peace available supernaturally and my guests have taught thousands amazingly so quickly how to move in this supernatural arena. Next.

*Is there a supernatural dimension? A world beyond the one we know? Is there life after death? Are there hidden forces of darkness trying to block God's blessings for your life? Do angels exist, providing us with supernatural protection? Disarming our enemies? Can our dreams contain messages from heaven? Can we tap into ancient secrets of the supernatural? Is God ready to bring a tsunami wave of healing on to planet earth today? Sid Roth has spent over 40 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural!***

**SID:** Most people believe God, repeat the promises of God and don't have the results that they expect. Is there something missing? You two have taught me and thousands of other people how to pray from the heart. To me, that is the missing ingredient with most believers.

**DENNIS [Dr. Dennis Clark]:** Absolutely.

**SID:** Jennifer, there's a subject that you hear a lot about and it's soul ties.

**JENNIFER [Dr. Jennifer Clark]:** Right.

**SID:** But soul ties are we think in terms of a sexual attraction, a man towards a woman. That soul tie, but it's more than even the sexual arena. What does that mean?

**JENNIFER:** Well, a soul tie means there's an emotional connection. Soul ties can be good or bad, Godly or ungodly, clean or unclean. The ingredient that makes a soul tie bad and even gives it demonic hell is if there is lust involved.

**SID:** Dennis, give me a real life example of someone you helped with a soul tie.

**DENNIS:** I can give you the one that comes to mind immediately is a man who was saying it was non-sexual. He says, "I've just got to get ministry. I've got this hard, difficult relationship with my mother. It's like she interferes with our marriage in the sense that she's calling all the shots and as much as I know better, I can't stop from letting her run the show." So, I had him pray in my office and when he got free, I could discern his spirit that it was free, but he said, "I feel like something broke." His phone rang immediately and it was his mother and she says, "Why have you cut me off? I know it." That brought in another important truth. When there is demonic activity with a soul tie, yes it starts out emotional but that demonic activity is like an invisible umbilical cord that connects and it's looking for a connection.

**DENNIS:** If you've got unresolved needs that you're not letting God meet that need, you're finding some other way, that thing is going to connect. I've had another one was even a pastor

who said he had married, happily married. Ran into a childhood sweetheart. Hadn't seen her for 10 years and instantly he scared himself that the attraction was so strong, this was a happily married man.

**JENNIFER:** Was so strong.

**DENNIS:** But it was so strong he called me up and he says, "You know what? I want someone to pray with me on this." He said, "I've frightened myself. I ran into her, haven't seen her in 10 years."

**SID:** So, he thought it was over, but it was just like he hadn't missed a beat.

**DENNIS:** Exactly. He was surprised.

**JENNIFER:** You prayed with him and he was free of that.

**DENNIS:** Oh absolutely. Yeah. He got free, but he was shocked. The part he was shocked about was that was 10 years ago.

**JENNIFER:** Time makes no difference if you don't know how to break the attachment.

**DENNIS:** Right. You can try, try, try, but it really has to be a spiritual disengagement so to speak that has to be severed. That umbilical cord.

**JENNIFER:** It doesn't have to take a long period of time. Once you know how to do it, it can be just about instant.

**DENNIS:** Yes. But they just have to be able to identify it and a lot of times it takes an old connection. Now, we're talking people connections, but it can go into so many areas that I'm seeing it rob people of their destiny. That's what really troubles me it's because it's the counterfeit to proper relationships with people, places, or things.

**JENNIFER:** Then you have people forming relationships with other people to get an emotional need met and they're actually using and manipulating another person and lo and behold, the person they're attached to is using them. So, that is getting to be very, very common. God wants to put relationships together. He doesn't want us using people to meet our needs.

**DENNIS:** In other words, one of the things that we saw and it was important is most professional men, even in the secular realm, if you were a doctor, a lawyer—

**JENNIFER:** Pastor, counselor—

**DENNIS:** Pastor, counselor and if you looked at your bookings for the day and you saw I've got Ralph at 9:00, I got so and so at 10:00, I got Sally at 11:00. If there was even a mild emotional stimulation, they should all be treated neutral. They're clients. To get excited over one

appointment over the other ones should be a red flag saying there's something here that I need to put my guard up and take it to the Lord.

**SID:** I meet so many believers, this is related, that are for lack of better words, emotionally crippled and as a result, they sabotage themselves their whole life and they don't even realize that they're doing it and they have such potential if they could just clear up that baggage they're carrying along with their emotional issues. I find this almost everyone is dealing with this, but when we come back I want to find out the most important key for total freedom. Be right back.

**SID:** Well, Dennis, you were giving some examples of soul ties, but early on you said soul ties are not confined to the sexual arena. It could be agendas, places and things.

**JENNIFER:** Yes.

**SID:** Give me a concrete example, Jennifer.

**JENNIFER:** Okay. We knew a woman who left her husband and moved to Florida because she had to live in Florida and she couldn't find a job in Florida. So, she wanted that so much that she left him because she had an emotional attachment to living in Florida. Anything that you want, that you can't let go of. It could be a career. It could be food. It could be shopping. It could be workaholicism. It could be anything that you're drawn to that you can't let go of and it's unnatural. That's the real key.

**DENNIS:** It could be an addiction.

**JENNIFER:** It could be an addiction. Right. Yes. Right, it starts with the craving, but you can take it as far as you want.

**SID:** What have you found with all of your experience as the major key for freedom?

**JENNIFER:** The major key for freedom of course is going to God and not just praying prayers to God, but going down to your spirit for Jesus indwells you and relying on his power. That's the major key, and then the keys added to that is relying on him for forgiveness, relying on him for cleansing, but it has to be a matter of the heart. You can't just say words.

**SID:** All right, so Dennis, give me some examples.

**DENNIS:** Well, I've seen kind of an agenda. But this pastor said, "I have this young girl that's really gifted, but I can't get through. She insists she was a single parent. She insists on having a father for this child and she sounded like a broken record. I've got to have a father for my son. I

got to have a father for my son. I got to have a" ... She wouldn't listen to us. She wouldn't listen to reason. This shows the consequence when you won't deal with it. She ends up saying, "The first man that shows me interest, I just know he's going to be my husband and he's going to be a father to my" ... She wanted a father more than she wanted a husband, to my child. The first man that showed her interest was schizophrenic, on drugs and thought he was Jesus and she got involved with him, married him and ended up, this is the interesting part, losing custody of that child that she had to have a father for.

**DENNIS:** That's when you won't listen. That's just one of the examples when you won't listen. The other example where they wouldn't listen was from two different areas. A young man was calling about struggling with pornography. I thought it was interesting. He'd call it an unnatural driven-ness toward it and it's wrong and he said, "Would you show me how to get rid of it?" What I found was one of the keys and we'll talk about this later in detail—

**SID:** By the way that is supposed to be one of the strongest addictions to get free from.

**DENNIS:** Exactly, and he did wonderful, but here's one of the keys. That was most people deal with guilt or shame for their behavior when they know it's sinful and when they want to deal with it. They deal with guilt and shame but they never deal with the lust behind it, which was the hook that initially got in. When you can get that neutralized by the presence of God on the inside, you've got it at its core and you break the power of the craving, the lust, the excitement. Depending on whether it's a person, place or thing—

**SID:** You think of lust again in a sexual arena, but it could be in any of those.

**DENNIS:** Any arena. Lust gives birth and it grows and it becomes a killer. Whether it's attached to a person, place or thing.

**JENNIFER:** Lust is an inner excitement. The thing is that lust gives ground to a seducing spirit.

**SID:** Again. Here's the important thing. You say, "I'm not dealing with pornography." So, maybe it's another addiction. TV, food, whatever. At the end of this program, I'm going to have Drs. Dennis and Jennifer Clark share a special mentoring session on our ISN network. I want them to equip you on how to hear and pray from your spirit. Few believers understand this. Log on to sidroth.org to watch. Now, these toxic emotions, they'll sabotage your entire life. Sabotage your intimacy with God and destroy your destiny. Do you want to deal with it, or do you want to keep walking around that same mountain for 40 years? Next be right back.

**SID:** There is an insidious thing called toxic emotions and another called seducing spirits. Explain them briefly, Dennis.

**DENNIS:** Seducing spirits, God literally took me to the school of the spirit on it. I was seeing people that were willing to deal and quite easily deal effectively with soul ties but I learned as much from even the ones that refused ministry. Had a woman who refused ministry because she had some strange reasons why she didn't want to deal with lustful issues. She was married to an unbeliever. I think that was part of her excuse and some pastor sent me another man from another city and likewise. He refused to deal with his marital— He said, "I don't care why they sent me here." I said, "I'm fine." I said, "Okay." I didn't know what the Lord had in it. These people were from two different cities far away. I went to a Christian banquet dinner.

**Man:** Hi. You look very familiar.

**DENNIS:** 400 people in attendance and I watched walk in the door these two people who didn't know each other, made a B line for each other and God said, "That is a seducing spirit. That's that invisible umbilical cord that both of them have wide open doors in their life and they attract each other and it made me very conscious that these seducing spirits are purposely trying to sabotage people's destiny by getting them in the wrong relationships and in most cases, these were highly gifted people.

**SID:** That's what I have noticed. It's almost like the devil wants to sabotage them before they walk into their destiny.

**DENNIS:** But if they would have opened up and said, "Do you realize that there are lustful issues here?" You drop down in your spirit and if you can feel that kind of unnatural titillation, excitement, call it what you will, craving and you won't deal with it, then it's going to deal with you.

**SID:** But there are other toxic emotions like, what?

**DENNIS:** Hurt.

**JENNIFER:** Fear is the big one.

**DENNIS:** Fear is a big one. Lust, anger, guilt, shame. We call them the basic hell flags of emotions.

**JENNIFER:** Yeah, because those are the devil's playground.

**DENNIS:** It's not sin in and of themselves, but when you feel any of those and stay there, you are an open candidate for the enemy. That's his playground. That's where he plants his flags. You stay in any toxic emotion long enough, you sin. In that sin, you are giving legal access to demonic activity, wrong relationships and we tested this with believers even. We had a young man that said, "My wife keeps telling me that I have an unhealthy relationship with a woman at work. I don't believe that. There's nothing sexual." So, we said, "Well, test your own spirit. Close your eyes. Put your hand down on your belly and picture that woman at work." He went, "Whoa." He felt an excitement that he knew was unclean. So, we don't even use the word lust and love because our society—

**SID:** Again, if you pray properly and pray out of your spirit, which we're going to teach you shortly, there's really hope in these areas?

**DENNIS:** Oh absolutely.

**SID:** It's not just will power?

**DENNIS:** No.

**JENNIFER:** He was set free in a matter of seconds after.

**SID:** Seconds.

**DENNIS:** Seconds. He was set free in seconds.

**SID:** You talk about how to get rid of cravings and not just shame.

**DENNIS:** Yeah.

**SID:** What's the difference between shame and cravings?

**DENNIS:** Shame can be what we would call a remorse conscious. Just like guilt. Remorse conscious means it's after the fact. I want to go to the open door where the craving came in. Temptation has to have the hook or you wouldn't do it. Nobody wants to feel guilty or ashamed or fearful but they do like the feeling of excitement. They do like the feeling of the attraction or it starts out innocent. Oh, I'm just having a good time but that's the point of entry to where you give the enemy a foothold. So, we say let's cleanse that area out and you'll be free. How do you know you're free? Peace.

**SID:** Pray for people.

**DENNIS:** Right now. There are plenty of people right there to say I'm identifying with some aspect, whether it's a person, place or thing. But I want you to go to the Jesus in you. The Jesus down in your heart and when you think of that person, place or thing, that every thought has a corresponding emotion and if that emotion is something of a craving, I want to deal with it. If you feel guilty or ashamed, you receive forgiveness for that, but I want the craving. I want that part of you that feels like I have to have it and I want you to let Jesus the forgiver in you, I want you to receive it just like salvation. I receive it as a gift. I receive forgiveness down in my heart until it changes to peace.

**DENNIS:** It will be instant. When it changes to peace, then you can out loud say, "I renounce that craving. It has no power over me and my emotions belong to God." Because the emotions were the gateway. My emotions belong to God. I was bought with a price. My will and emotions belong to God and I am free. There's many people getting free of things right now in just a matter of seconds because it's the Jesus the deliverer in you and the forgiver in you that's dealing with the place where it entered in. That place of lust, craving, want, need, excitement. You call it

whatever you want, but when that changes to peace, you had a supernatural exchange and you're free.

**SID:** You may say he went just a little too fast for me. That's why we're going to right after this show, teach you the how-tos step by step with a special mentoring session on our ISN network. I want them to equip you on how to hear and pray from your spirit. Few believers understand this. Log on to [sidroth.org](http://sidroth.org) to watch.
