

Hello, Sid Roth here. Welcome to my world where it's naturally supernatural. My guest says, God has assigned a good purpose for everyone. That includes you. But few believers ever enter their purpose for certain. Want to learn how you can enter your God-given purpose?

*Sid Roth has spent over 40 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural!***

SID: I protest. Yeah, I'm sorry. I protest. I happen to be Jewish. I know the Bible says that the Gentile believer is to provoke the Jewish believer to jealousy. But this is out- ... You don't have to go so far Guillermo. I mean, I call him and I said, "Guillermo, anything new?" He says, "Yeah, I had a visitation from the Lord. He gave me a new mantle. I'm moving a greater ..."

SID: What's the matter with me? Lord, I would like that new mantle. Guillermo, tell us what happened.

GUILLERMO: Every time God gives you a mantle it's for an assignment. In other words, if you have any assignment that you need to do, God will give you a mantle. And I think the time we're living in it requires to have a new mantle. You will not be able to overcome darkness the way it is now without new mantle.

SID: Now, this is wonderful but there's something that I read about in the newspaper. It's not so wonderful. There is an epidemic of young people committing suicide. And I might add it's not just young people. I mean, it's over the top. Why is this going on?

GUILLERMO: The reason is lack of purpose. Purpose is the original intention why God created you. In other words, if you don't know your purpose, Sid, because this people, this generation don't know their purpose, they are lack of, they see that death is more attractive to them. Number two, you see they said, "I feel lonely." Loneliness is not lack of company it's lack of purpose.

GUILLERMO: Then you see, for example, people without, people without direction. If you don't have direction it's because you don't have purpose. Purpose is the beginning. Purpose is the beginning of your destiny. You don't know where you're going if you don't know your purpose. God wants to speak to those people that are watching. What is the original intention God created? God created everyone for a purpose.

GUILLERMO: There's so many people asking themselves four questions. Who am I? That talks about identity. That's where you see identity crisis. Who am I? Where am I from? That talks about origin. We came from God, we didn't come from the monkey. We came from God. We didn't come from the big explosion, we came from God. Hello? Because number one, who am I? Number two, where am I from? Number three, why is the reason of my existence? Why am I here? That talks about purpose.

GUILLERMO: Lastly, the fourth question is, what is my destiny? Where am I going now? Where are you going with your life? It doesn't matter your age. Abraham was 75, 80, 100 when he started fulfilling his purpose, so it doesn't matter how old you are.

SID: Moses was 80.

GUILLERMO: Moses was 80, so that tells you age had nothing to do with your purpose. There's still time. God purpose can not be denied to you. Purpose is for you and God created you with a purpose.

SID: You know, what? Many people that are watching us right now don't, they think they're rebuking the devil for all this stuff in their life and they don't know that there is a refining process. This is a mystery to most of you. What do you mean by that?

GUILLERMO: Yeah, because everybody we were created, we were a spirit being before we became human beings. We were created in the spirit before the foundation of the world. God finished us there, but now we came to earth and everything God sends to earth we must, it must go through a process. What is process? Those that are watching at home. Process is nothing more than steps and actions and decisions toward compliance with destiny.

GUILLERMO: In other words, you're going to comply with destiny. If you don't submit to your process, you will never comply to destiny. This generation wants things now. Instant gratification. Sacrifice is a bad word for them because they never go through a process. They want to be millionaires without work. They want to —

SID: That was me. I know about that, too.

GUILLERMO: I will believe that you must go through a process. There's a lot of people watching, asking questions say for example, I don't understand why I'm still alive? Because there's a purpose. There's a great purpose. And as your purpose is, as your process. The level of your process is the level of your purpose. In other words, if you have a tough process, that is so big. Your purpose is so big and God is about to take you into another dimension.

SID: You know, what? You got the devil running a million different directions. If you're under a refining process, you could be rejoicing right now because God knows that He can trust you.

GUILLERMO: Yes, yes.

SID: And once you come out of this, you will be so used by God. When we return, talk about being used by God. I want to know about the nurse that operates in miracles when the doctors gave up.

SID: You know, I've been in the hospital and I've had good nurses and bad nurses, but I've never had a nurse like the one that went to your teaching seminar. Tell me what happened to her.

GUILLERMO: You know, said by the grace of God I activated I would say millions and millions of people in the supernatural. This is one of the nurses that captured that supernatural lifestyle. She had an issue with her son. Her son had meningitis and the doctor said there's no solution. There's no cure. She rejected. She said, "I won't accept that." Prayed for him. God healed, God delivered.

GUILLERMO: Then she said, "Now, I know my purpose in life. To be a nurse and minister to those cases where they come to the hospital, the doctors say there's no solution so let's send them to the nurse. The miracle nurse." They call her the miracle nurse. Those sick people come into her, even people that are dead, and pray for them. They got up from the dead. I mean, that's what she's doing in the hospital, now. When the doctors and science can't do anything, she prays for them and people get healed.

SID: Isn't that awesome? You say that God will anoint you for your purpose. Not just what you want to do. That nurse was anointed for her purpose. Explain.

GUILLERMO: Okay, we all are anointed according to purpose. In other words, the anointing God's giving is because there's an assignment.

SID: What does anointing mean?

GUILLERMO: Anointing means divine ability. Divine power to do the impossible. In other words, Jesus said, "I'm going to give you power to do the impossible." In other words, but this is not just for big bishops or apostles or teachers, this for every believer. In order for you, and for me, to fulfill my purpose in life, I need that divine power. As a matter of fact, that was the criteria for ministry in the Old Testament. Every person that God called into ministry He said, "You must be anointed." Even the Messiah. His name is the anointed one.

SID: Is it just for the people on TV to be anointed?

GUILLERMO: No, it's every believer to be anointed. In other words, you will not be able to fulfill your purpose in life unless you are anointed for it.

SID: Well, what would you say to the person that is watching us right now and say, "Well, I am anointed, but I don't have the money to fulfill my purpose."

GUILLERMO: Well, whenever you find your purpose, you find your prosperity. In other words, God supplies needs for a moment, but abundance and excess will come when you enter in your purpose. It's a lot of people living for their purpose, living for their need. And that's why most of us as preachers, we need to teach the people purpose because when they find their purpose, they will find their prosperity.

GUILLERMO: I don't worry about it. If God called you, He will provide. He is the provider. He is the provider.

SID: Okay, now let me tell you something. This apostle is operating in the strongest level of God's glory that I personally have ever witnessed on him before. And it's got to do with that recent visitation that you had.

GUILLERMO: Yes.

SID: I believe that you have words from God that will change our audience's lives.

GUILLERMO: I can feel the power of God flowing. I see somebody that needed a heart. A heart condition. There's a valve in your heart that you need it to be replaced. God is putting a brand new one right now. As a matter of fact, the Lord tells me there's a lots of people right now, their organs, some of those organs, your organs were removed and now want to create one. Father, there's someone with a kidney, there's a kidney, human being in dialysis. You are ready to shut down because your body will be shut down. But right now, it's only working 10%. God is releasing a new kidney in Jesus' mighty name. There's something happening at home.

GUILLERMO: I can see a little child nine-years-old. You will not be able to talk. You will not be able to hear and God is delivering you now and open, God is opening your mouth and you'll start talking. Mother, go talk to him. Tell him to talk to you for the first time. God is healing right now.

GUILLERMO: Father, I release massive creator miracles. There's a divine power flowing upon you now in Jesus' mighty name. Take it, take it, take it. God is creating brand new knees. This man, I was preaching in a country and he got a prosthetic knee. As I call him, the Lord created a brand [new] prosthetic knee. God is releasing new knees now in your body. Bones are being created. Flesh are being created. God has spoke to me. As I sit down, He said, "I will release creator miracles."

GUILLERMO: Right now in the name of the Lord Jesus Christ I can see glaucoma is being healed. Glaucoma. There's so many miracles happening now and you will see the show and God is empowering people with divine ability to walk in the supernatural. Father, I activate every person that is watching now to walk in the supernatural, to do miracles, signs and wonders. I release it, now. Take it, take it. Be activated. Raise the dead, heal the sick. Right now, in the name of the Lord Jesus Christ.

GUILLERMO: A matter of fact, there is a woman by the name Marike, the Lord is healing something in your, as a matter of fact, your womb, female organs were removed. I feel the presence as I'm talking to you. God is, you're feeling something, He's filling up in your womb. All your female parts are being filled. Now, I've seen that miracle many times. God created new organs in your body.

GUILLERMO: Father, in Jesus' name there is a woman, Sid, that she had one of her breasts had been removed because of cancer. God is creating a brand new breast. Please testify. When you

see this, I want you to call. Those creator miracles. This is the time for unusual creator miracles. Right now in the name of the Lord Jesus Christ, take it now, take now. Amen and amen.

SID: I'm going to tell you something. I have been with Apostle Maldonado many times. You are at a new level. When we return, I'm going to ask Apostle Maldonado to pray an apostolic prayer and to prophesy to release destiny ...

GUILLERMO: Yes.

SID: ... and purpose over you. Be right back.

SID: You say God's purpose is stronger than any obstacle in your life. Even stronger than someone trying to murder you?

GUILLERMO: Yes, purpose is more powerful than plans. Purpose is more powerful than opposition. Purpose is more powerful than even death. Purpose is more powerful than persecution. One time...

SID: I want you to tell me.

GUILLERMO: Yeah, one time I was ministering in one of the countries in South America, and we finished the crusades. There was six people with guns followed me and my team to the home where we were going to have dinner that night. I remember they came, they put a gun in my head and they put a gun into all the people. Not because we were a thief, it's because we were preaching the gospel. The Lord said to me, in that moment, when you have a gun in your head, what did I think?

SID: Yeah, what did you think?

GUILLERMO: This is what I said, Sid, I said, "Lord, I have not finished my purpose so death cannot touch me"

SID: You're saying no demon in hell can take you out until you fulfill your destiny. That's what he's saying to you.

GUILLERMO: You know what happened in that moment? They left. They just took the watches, a little money, but we're here. We keep preaching.

SID: Now, there is something that doctors tell us would rob us, actually, forget getting these dread diseases. The open door to most, maybe 98% of the sicknesses, is something called stress.

GUILLERMO: Stress. Yes, I would say stress have to do with the heart. Stress, can I define stress for those people that are watching?

SID: Please.

GUILLERMO: Okay, stress is nothing more than when you and I try to do something that only God can do. In other words, there's a lot of people stressed out because they want to do something that only God can do. What you do is just release everything to God. Your anxiety, your impossibilities. Just give them to God. Release problems. You are sick in your body, you're being tormented. There's things that you cannot do. Just release them to God and rest upon God. You know where is the best place to rest from stress? The presence of God. The glory of God. That is the place, the Bible calls it the fullness. God, there's a place of fullness. In the presence of God, you will have fullness of rest.

SID: You teach and write about keys to knowing our purpose. It's hard to get in that presence of God. If you're struggling, God, what am I going to do? If you want to get in the true peace of God ...

GUILLERMO: Yes.

SID: ... know your purpose. Give us one or two keys.

GUILLERMO: First of all, to know your purpose. You have to know God. You'll never know your purpose ... You never know a thing before you know God. God is the one that gave you a purpose. Number one, very quickly. Indicators of purpose. What indicates that, that is your purpose? Number one, I would say anger. Holy anger. Divine anger. What angers you, you are called to give solution to. Moses, when he sees one of the Jewish people being beaten up, he got so upset and killed him. So whatever releases your anger, Holy anger, divine anger, that you are called to resolve.

GUILLERMO: Number two, your compassion. What releases your compassion? Children? Whenever you see sick people? There's people watching right now, if you allow me to prophesy to certain people. There's some people right now that you're watching. As a matter of fact, there's someone you're called to preach and you went away from God. There's someone that you're called to be a businessman to invest in the kingdom of God, and you have seen so much that you don't want to know nothing about your purpose. God is calling you.

GUILLERMO: There's a lot of people that you abandoned your purpose. You never submitted to your process and now it's calling you back.

SID: No matter what their age?

GUILLERMO: No matter what their age, because God can ... We are living in a time, Sid, that God is accelerating everything.

SID: Okay.

GUILLERMO: God can do in one year what it took 10 years.

SID: What you think you missed you don't know God.

GUILLERMO: Come on, yes. Yeah.

SID: You don't know God.

GUILLERMO: Yes.

SID: You are not going to miss a beat. Would you release an apostolic prayer over the viewers right now to know and do their destiny?

GUILLERMO: Yes, Father, I want you to stretch your hands, all the audience. We're going to pray. Father, in the name of the Lord Jesus Christ I just saw it so clearly. I see a 13-years-old, you are totally blind and God just healed you. You just felt heat in your eyes. Father, in the name of the Lord Jesus Christ I release purpose. Father, I ask you to open every person that is watching. Open their eyes to see. Reveal your purpose to them. What is the reason of their existence. Father, I anoint them for purpose. I release the divine power upon their life to fulfill their destiny.

GUILLERMO: Father, I ask you now to release that compassion, to release passion, to release the fire of God, even in their bones to come back and to do their destiny. Bring those that wanted to commit suicide. There's a lot of young people watching right now that you've been contemplating suicide. Right now, in the name of the Lord Jesus, I command every spirit of death come out of their minds. I set you free right now and I release destiny. I released purpose. I see God. I see people having encounters with God.

GUILLERMO: You just saw something. God is talking to people right now. You're saying, "Oh, God just spoke to me. God just spoke to me." There's some people you will have dreams and visions. You will have dreams and visions about your purpose in life. You were created for a purpose and God is releasing destiny right now. Father, open their eyes to see. Open their ears to see and I release the anointing of the Holy Spirit. Thank you, Lord. Yes, Lord, Yes, Lord. I release the anointing.

GUILLERMO: There's one man that is watching me. You have such a call from God. You have such a powerful purpose in God, and you've been separated from God. By your name, as a matter of fact, your name is Mark. Mark, and God is marking you now for destiny and for purpose. I declared God, I rebuke every plan of the enemy to stop your purpose and your destiny. I remove every obstacle. I remove every plan and I release everybody right now watching, being activated in the supernatural for miracles, signs and wonders and to fulfill your purpose in life.

GUILLERMO: I've prophesy life. I prophesy destiny. I prophesy purpose in Jesus' mighty name.

SID: I tell you what, this is the first day of the rest of your destiny.

GUILLERMO: Come on.
