

*Hello. Sid Roth here. Welcome to my world, where it's naturally supernatural. Many are fearful of the new norm for America, fearful of inflation, anger, America's rapid moral decline. My guest says, "Most even Christians are victims of hell's economy, whose purpose is to destroy everything in your life. God showed him how you can break free." Next.*

**SID:** Yeah, I used to welcome the Holy Spirit into our midst, but I don't have to welcome anymore because he's here.

Audience: Yes.

**SID:** He's here. Now today, Joseph is a recognized international prophet. He was one of the few that got it right that President Biden was going to win the election, but he heard something else.

**JOSEPH:** I woke up from a dream where Trump missed it and he did not win the election. And the Lord showed me there would be a ploy that involves technology that's going to try to debunk him according to what's coming.

**SID:** And now, he has amazing words for the future of America's economy. Joseph calls it hell's economy. What is hell's economy?

**JOSEPH:** Well, a lot of people hear the word economy, and they immediately think that means money. Although that is correct, it's just not complete. There's more to that picture than just monetary. It is a system, Sid. Jesus said to Peter that there was the gates of hell and they would not prevail against the church. What he's talking about is a system. It's a system of darkness that is trying to dominate. It's powered by an anti-Christ spirit. It's powered by the spirit of Jezebel, and it wants control. It's always wanted control, but we know where the ecclesia and we're called to stand against it and break hell's economy.

And it is, it's the voice of hell's economy is things like the media and fear and all these things that are coming at us. And I'll tell you this system of darkness, it wants to dominate. It wants to squelch out the word of God. Jesus broke hell's economy in his time. And what I mean by that is he stood up and preached the gospel. He did what God called him to do and he broke that system of that time both politically, economically and in every other area.

**SID:** So, how do we break free from hell's economy?

**JOSEPH:** I believe it's the glory of the Lord that breaks us free. Let me give you an example. Jesus was approached by Peter for taxes. He needed to pay taxes, does not your master pay taxes? And Jesus answered Peter and he said, "I'll tell you what Peter, you go down, throw your line in the water, pull out a fish and get a coin and pay taxes for you and me." And what Jesus was saying, he was saying, "Peter, I supersede money. I supersede man's need for mammon. I supersede these things. I'm above it. I created everything." It reminds me of the old joke said where all the scientists come together and they say, "Lord, we can do what you can do now, we

can create life." And they started a competition and God said, "Well, you go first." And they said, "Great." They scooped up some dirt and he said, "Uh-uh-uh, get your own dirt."

And now, and so in that same picture, you begin to realize that God supersedes man's economy. God supersedes these things. There's a Levite anointing that's coming upon those that are going to break hell's economy. And here's the difference. So many people seek this. They seek that, they're seeking all the treasures of this world, but those that are according to Matthew 6, they seek first the kingdom and his righteousness, and all these things will be added unto them like the Levites because the Levites, they were all the other tribes are given lands, this, that, not the Levites, their inheritance was God. And if you have God, you have everything. It's just a revelation of what you have that we need. We know in the Book of Genesis that it begins to talk about how the darkness came on Egypt and the darkness is described as a thick palpable sense.

It was so heavy and depressing. People could feel it and nobody moved from their house for days, but not in Goshen. In Goshen, the light manifested from their home and that light was the presence of God. It was the glory of the Lord that came out from the believers. They had the red blood of the lamb on their doorposts. I don't know about you. I want to go red today. And I believe in going red. We see the blood of Jesus break the darkness and the light is coming out of you. It will be no different in this time and in this society. Isaiah 60 is alive and well. The glory is the light in Goshen, in the middle of the darkness in Egypt.

**SID:** I'll tell you what, he accepted the Lord as a young child. However, he was put in a position where he had to make a decision that no young person should have to make. Tell me about it.

**JOSEPH:** Well, I had such an encounter with the Lord Jesus as a very young person. Miracles, signs, and wonders. My brother had a twisted ankle. It was healed right in front of my eyes. Miracles after miracles happened and the encounter was undeniable. Now, one side of my family loved the Lord. One side didn't. And as when I came and began to speak with one side of my family about it, we come from a very wealthy family with property and many scenarios around it. And when I shared what had happened to me, they said, you cannot have that experience and be part of this family. We don't believe in those kinds of things. We don't talk about those kinds of things. So, you get to choose today either over the inheritance of what you're going to get or this thing you call God. And I chose God that day.

**SID:** God changed Joseph to teach us how we can destroy hell's economy from even operating in our life. I know you want that. Be right back.

*We now return to **It's Supernatural.***

**SID:** Joseph Z, if you had a pinpoint what triggered the prosperity in your life, what was the turning point?

**JOSEPH:** Oh, is what we began to talk about, Sid with giving up houses, lands, walking away from family for the sake of the gospel in Jesus. And it says in Mark 10, when anybody does this, it's a shortcut because he says, "You'll receive now and this time a 100 times as much houses, lands, mothers, brothers, family, sisters with persecution and in the age to come eternal life." And we've had a good share of persecution. I know you have. I know many people have. But I believe for those that endure and they go through it and they're willing to give up to go up, I believe there's a supernatural award.

**SID:** Remember his father who had the wealth, he had a choice. Follow Jesus, lose your inheritance.

**JOSEPH:** Yes.

**SID:** Or follow me and keep your inheritance.

**JOSEPH:** That's right. It was very emotional. Sid, and my family's very educated, wealthy. It was not just a fly at the seat of your pants moment. It was a very difficult moment, and it was something that I had such an encounter with the Lord. I couldn't deny God. I knew if I denied the Lord, which sadly my father would make me do frequently, that if I would've denied the Lord, I knew that it was a turning point for me. I might not have made it into heaven. And it was so serious that when I did this I felt a blessing get on me that stayed with me even in hard times. I had an angelic encounter where one of the messages that came to me said very clearly, you will not call another man on this earth your father ever again because God says he takes ownership of you now.

**SID:** What can we do to break hell's economy?

**JOSEPH:** We step in the glory. We begin to walk in all that God has for us. I think the fastest way to break hell's economy is to break mammon the love of money, the love of these worldly things to begin to break it off our life. And you do that by being a generous giver. You do that by sowing into the gospel. The whole thing about increase in all this money talk is ultimately it's a Jesus centered message that should be sending the gospel around the world. That's what it's all about. Do you know God is not rich in every area. God's lacking. He's lacking his lost kids. I want to make God rich, I want to bring souls into the kingdom for God and anything he gives us or sends our way, anybody that gets behind his mandate, we're going to break hell's economy as a byproduct of doing his mandate.

The glory gets on what he's doing. That's Isaiah 60 and Isaiah 60 says, "The darkness shall cover the earth. Deep darkness to people, but a rise, shine for your light has come." I think God is a secret weapon said I think it's going to get darker and darker and darker, but I know God is a secret weapon ready. He's going to spring it on the earth. He's just getting ready to spring it on the earth. It's us. We're the secret weapon couriers and carriers of the glory of the Lord that will break off hell's economy health system in every part of society and we will outgrow the yoke 30, 60, hundredfold. The shoulder, the neck and the yoke is destroyed according to Isaiah 10:27 and I believe that's how we break hell's economy. Less of us, more of him. He would lose his life,

will find it and he would try to keep his life will actually lose it, if we just listen to the simplicity of what Jesus said and do it. Hell's economy doesn't stand a chance.

**SID:** We're living in a time right now where if the first Christians were to come back to America and see Christianity.

**JOSEPH:** Come on Sid.

**SID:** They would say, "What is this?"

**JOSEPH:** They would.

**SID:** "How did it ever evolve into that?"

**JOSEPH:** They would.

**SID:** What you're saying is so simple.

**JOSEPH:** Yeah.

**SID:** But it's true. He's either Lord of your life of all or not Lord at all. I would say this is a choose which God you shall serve, which way you're going to go. This is a choice that's being laid down by God because I promise you the presence of God that Joseph talked about the glory of God that Joseph talked about. When that comes, it's a two-edged sword. It will either be the best thing that ever happened to you, but if you're in sin, there's a couple called Ananias and Sapphira in the Bible. Now, it's time to get right with God. I'd like you to repeat this prayer after me and believe it to the best of your ability.

Dear God..

Audience: Dear God.

**SID:** I'm so sorry.

Audience: I'm so sorry.

**SID:** I've messed up a lot.

Audience: I've messed up a lot.

**SID:** Things I know about.

Audience: Things I know about.

**SID:** And things I don't know about.

Audience: And things I don't know about.

**SID:** I believe the blood of Jesus.

Audience: I believe the blood of Jesus.

**SID:** Has washed away my sins.

Audience: Has washed away my sins.

**SID:** And I'm clean.

Audience: And I'm clean.

**SID:** I'm pure.

Audience: I'm pure.

**SID:** This is the first day of the rest of my life.

Audience: This is the first day of the rest of my life.

**SID:** I want the rest of my life to count.

**JOSEPH:** I want the rest of my life to count.

**SID:** Jesus, come and live inside of me.

**JOSEPH:** Jesus, come and live inside of me.

**SID:** Thank you for forgiving all my sins.

**JOSEPH:** Thank you for forgiving all my sins.

**SID:** I make you, my Lord.

**JOSEPH:** I make you, my Lord.

**SID:** Fill me with your spirit.

**JOSEPH:** Fill me with your spirit.

**SID:** Fill me with your glory.

**JOSEPH:** Fill me with your glory.

**SID:** Fill me with your shalom.

Audience: Fill me with your shalom.

**SID:** Amen.

Audience: Amen.

**JOSEPH:** Amen.

I hear the spirit of the Lord saying over your life and over many people in this audience, for I am bringing not only a great awakening, I'm bringing a turnover. There's a line being drawn to many who fear the Lord and those who do not. I see a book of remembrance that's going to be opened in this season and God is going to use this program. He's going to use your life and many of the young lions and generals that you have raised up, Sid, even not knowing about it, there are hidden works you have done. And the Lord says, "I am well pleased." There's many individuals that will begin to multiply as an offspring and an offshoot of this place. And even as we said, a Super Bowl year is coming and the Super Bowl year is not where you just get to the Super Bowl, but there's going to be a victory in the Super Bowl and the Lord's going to begin to raise up warriors and fires.

We'll go to the north, south, east and west. The middle East is going to hear my voice. They're going to hear it not only through satellite, they're going to hear it through what I see something under the ground and there's going to be well springs and it's going to multiply forward and a harvest will multiply and compound and they will not be able to deny it. I see the Lord saying through your voice and many of the people that are in this audience right now and those that are watching, there's a word for many people right now and it goes just like this. The Lord is going to put himself in the middle of shadow leadership, shadow governments. He's going to put himself in the midst of these people and they will admit that God has been there. They will admit that God has been with them.

I hear this so strongly right now, Sid, even over voting. I hear this strongly over so many things that are taking place all around the world with society. The Lord is saying, "Do not say we are losing. Do not say it is over. Do not say the end is here. It is not the end." The spirit of the Lord is saying very clearly, "I am going to bring such an awakening. I'm going to ring the bell of unrighteousness and I'm going to wake up these unconventional reformers that begin to shout at the darkness."

I see it. I see agents going into shadow governments. I see agents and it's the spirit of the evangelist. It's not just the prophet, it's the evangelist. It's not the apostle, it's the evangelist. I see the spirit of the evangelist. The Lord says, "Watch the flaming torch of the evangelist in this time," for they will usher in the radical change, and it will begin on a governmental level. It will begin an economic level and it will begin. I see someone witnessing to Elon Musk. I'm looking at it right now. Somebody's witnessing to Elon Musk.

**SID:** You are seer. You're seeing it.

**JOSEPH:** Yes.

**SID:** Is what you're saying.

**JOSEPH:** Yes. Yes sir. I see it. I see somebody talking to Elon Musk and he's humored the idea before, I see him humoring the idea. And the Lord says, "You think this is funny?" I see the Lord saying, "He thinks it's funny. This isn't funny. I'm going to bring my spirit to his house." It's going to start with that woman that he loves or that he likes. He's going to bring the spirit of the Lord's going to invade that woman. And I see the spirit of the Lord bringing truth to that and I see there being a ripple effect. And he will use agents like Elon and others. Although they're unrighteous, they don't fully believe, they don't fully have access. He will use these agents of change to come out and literally shout at the darkness. Even if it's just because they're protecting their own money. I see them being used as a catalyst of defense for the righteous.

**SID:** Boy, that is one powerful word.

**JOSEPH:** Thank you.

**SID:** Joseph has prophecy never shared before of something to break hell's economy. Be right back.

*We now return to **It's Supernatural**.*

**SID:** I want to take you back a little at age 12.

**JOSEPH:** Yeah.

**SID:** All these wonderful supernatural things were happening, but then you heard a voice.

**JOSEPH:** Yes, we used to have a ranch and on the same property when I was about 12 and even earlier than that, Sid, I would go out on an ATV and my ball cap, I'd have my German shepherd duke, we'd go out in the back 40, right? And peculiar thing would begin happening to me. I would be out in the back 40 and over the trees almost with the sound of the wind. I would hear my voice shouted audibly and called to such a level that I would answer shouting, "Yes, what do you want? What is this?" And I remember one time I jumped on my ATV, and I drove all the way back to my father's house and I said, "What did you want? What were you calling me for?" He said, "I didn't call you." And this happened many times. I've learned that was the voice of God in my life calling me as a young person.

**SID:** And then the voice changed.

**JOSEPH:** Dramatically. And there's a reason I believe the Lord showed me what this was. But let me explain. I first of all heard the voice of God, but during that same time, there was another voice that began calling me audibly over the trees. And this voice got more intense, and it began to come closer and closer to me leading up all the way. Finally, when I looked down my German shepherd, saw this voice, heard it, and bristled up his hair and ran away.

**SID:** Dogs can kind of sense those.

**JOSEPH:** Yeah, sense this thing. I sensed it too, Sid. The hair was standing up on me too, where I had it at the time. And so, I had this sense from this dark presence. And I'll tell you, Sid, it got closer and closer to me calling my name until it said it right in my face. And that also made me jump on my ATV and tear out of there because I didn't know what was happening. I've since discovered that is how many people that are born with prophetic gifts, like Amos Chapter 7, verse 14 says that Amos said, "I wasn't the son of a prophet or was I a prophet," but God came and spoke to him. Implying people can have DNA, prophetic gifting. I believe that is where many psychics get misled when they're young. They mistake the voice of darkness for some spiritual voice, and they're being wooed into evil. And I believe that God rescued me from a psychic lifestyle.

**SID:** You are so gifted in this spirit. Joseph Z prophesied over almost every member of our staff. He didn't know these people and he was as precise as any prophet I have ever heard. I'll tell you, what has God shown you about our future, the US?

**JOSEPH:** I've prayed about this a lot and what I see and what I see so powerfully is this word the Lord showed me called the hidden ones, the nameless, faceless generation. And it's made up of three different classes of people. And the three different classes of people is what I call the burnt stones, the burnt stones, the Cinderellas and the young lions. These are the way God speaks to me.

The burnt stones are much like Nehemiah's wall. He had to go get the stones that were once in place and they fell to the ground, and they're all burnt with fire, but there's still stones. They're valuable. And they had to clean those and put them back in the wall to create a united front against the enemy. They did so, the burnt stones also are like in my pop culture references, he'd be like, John Rambo in the back 40, after the last battle he did, he's out there sharpening a stick by the fire and the colonel comes to him and says, "Johnny, we got another battle."

And Johnny says, "I don't do that anymore, commander. I'm all done with that," And the commander comes to him, he says, "Well, we need you. It's an unprecedented threat." And finally, he straps on the gear and he goes back to war. God is calling the burnt stones like that back in tour. Why? Because another class of people is coming. These reformers, the young lions, the young lions are like when you see Antifa, you see people that are just filled with rage and desire to do something for a cause, but they have no direction. They're either hijacked by the devil or they're just going in the wrong direction. But the old lions, those burnt stones will bring them into order and they will call them higher and they're going to say, "Hey, walk this way." Because the young lions grow weak, they get hungry, but the glory of young men is their strength, and the glory of old men is their gray hair.

And you combine that, you got to force. Then thirdly, the Cinderellas, the Cinderellas are those that have had their ideas, their inspiration, their anointing hijacked by an institution and it looks good to everybody else, but they're in what we call golden bird cages. These golden bird cages are where they're trapped and it looks good to everybody, but they can't break free of the very institution. They're being celebrated by and controlled by and they're going to break free and the glass slippers going to fit and you're going to see new inventions, new ways, new influences in many different parts of society. All three of them are not called to burn the institution down. They're called to breathe life into the institution. And that's what God's doing with the hidden ones.

**SID:** The glory of God will cause you to walk into the best, the best part of your life.
