

Hello, Sid Roth here. Welcome to my world, where it's naturally supernatural. My guest, a prophetic general, gathered 100 of the most accurate prophets of the world to tell what God will do in 2022. Next.

*Sid Roth has spent over 40 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural!***

SID: I'm so excited about the timing of this show and the guest of this show, Cindy Jacobs. She's just finished a prophet's conference that she has every year, and she's gathering some of the finest prophets, not just from the United States, from throughout the world, to find out what God's going to do in 2022. Cindy, what did the prophets see? What did they say? And was there any consensus in certain areas? I have to tell you, I do not know from her what happened and I did that intentionally because I'm looking to be excited. I hope I'm excited in a good way.

CINDY: Well, thank you, Sid. One of the words that came out that was really thematic, it's like if out of the mouth at two or three let every word be established, was a scripture found in Isaiah 64, 1 and 2, and the Holy Spirit spoke to me, Sid, and spoke to our group, and he said, "I am about to make the nation's tremble at my presence."

SID: My goodness.

CINDY: "I am going to roar out of Zion."

SID: This is God saying that, it's not me or Cindy saying it. God's saying that. I look at it this way, Cindy, the devil's made some pretty bold moves and accomplished things faster than any believer thought he ever would do in this world. But now it's God's turn.

CINDY: It's God's turn. Let me read the scripture to you, Isaiah 64, 1 and 2, "Oh, that you would rend the heavens, that you would come down, that the mountains might shake in your presence, as fire burns brush wood, as fire causes water to boil," listen to this, "To make your name known to your adversaries, that the nations may tremble at your presence." This is what the Lord said to us. Satan has done his shaking, but now I'm going to do my shaking.

SID: It's exactly what I said, not knowing that...

CINDY: Exactly. I'm kind of grinning, because you told me, "Don't say anything. Don't say anything to me."

SID: We got together for a meal, I said, "I don't know what I'm going to talk to you about because all I want to talk to you about is what the prophets said and I can't do it because I want to be surprised."

CINDY: Yeah. But you know, I mean, so over and over, listen, 2022, God is going to make his name famous.

SID: I love it. You know what? My spirit just jumps at that.

CINDY: People have looked at God like it's God with a little G, but he is getting ready to roar. He is getting ready to manifest his miracles, his power, his glory. And you know, Sid, the Lord said very interesting, in rural areas, he said, "I'm going to start showing up so many places." It's like brush fires being set all over the world and Satan can't stomp it out fast enough. It's going to happen. If he gets one group here, then another group's going to rise up, and he's getting ready to display his glory. It's going to be tough.

SID: When the presence of God gets strong, the devil gets nervous.

CINDY: Yeah, that's right. Yay. Let's make him more nervous.

SID: Yeah. Let him have a breakdown.

CINDY: Yeah. And so, I mean like we had one of our prophets in Canada and she showed videos of a pastor just being arrested for allowing his people to sing. You know, there's a lot of bad stuff, even in the US, and I'm sure you recognize this, I know you're watching from all over the world, it'll happen for you too, but the Lord said the difference between what we call the sheep and goat states are those that are righteous and those that are unrighteous. It's going to be so evident the light and the dark, the contrast. And Chuck Pierce gave a word about conflict coming in spring, and that there's going to be conflict it could be war.

CINDY: I have been prophesying for some time that China would arise. In fact, the Lord spoke a word to me that COVID was a Chinese Pearl Harbor. That literally it began to undermine. And that China was militarizing during that season. And I have sent words in to different people, administrations in the past that said China would try to gobble up Taiwan, then go for Korea, Vietnam, and Japan, and then the world, if we declared detente.

SID: You can see the whole strategy, the administration now, very pro-China. Why? I can't imagine. Using slave labor [crosstalk] such brutality.

CINDY: Why, indeed.

SID: It's unbelievable.

CINDY: Yeah. But God's people, and I believe, and for Israel we see Iran trying to arise, but the Lord just really, really showed us in the midst of conflict, in the midst of persecution, that we were to believe for the best and prepare for the worst. That's very interesting word. I think that there's going to be seasons as the nations are trembling. So it's just, listen, you're just going to have to hear the word of the Lord for what God is saying for you and your nation.

CINDY: Why does God warn? God warns so we'll be taken care of. It's not so we'll be afraid, God warns so we'll say, okay, what do I need to do? And how do I need to prepare? And then how do I advance the glory? What am I supposed to do? This point, I'm going to reiterate it. Bishop Hamon said some of this. Satan has the nations, now God is going to shake the nations. And some nations that we thought were gone are just going to have transformations like we can't believe. But some nations that we thought were okay, they're going to go down so fast.

CINDY: Who would've guessed some of the nations like Canada... However, 22 years ago, I prophesied on national television about the criminalization of Christianity in Canada, that pastors were going to be arrested. And people just can't believe it. They cannot believe it.

SID: Now do you, or any other prophets, see that same sort of thing happening in the United States of America?

CINDY: Absolutely. We prophesied in 2010 about the criminalization of Christianity. But it's in the balance. This is why one of the great words, and I know you'll love this, it's time to rise up. We've had revival, we need revival and reformation. We need those who will be prayer activists, pray and act. We need people who are going to say, all right, not on my watch. If there's a word of the Lord, listen to me, it's time to rise up and make your voice heard. Well, there is time. Work while it's light. And it's very sobering.

SID: It is.

CINDY: It's very sobering.

SID: It's what I'm feeling, because I can tell you that different prophets see different parts of the same picture, and they could be diametrically opposite, but they're both accurate. I see the good. I see the glory. And every time I hear these bad things, I say to myself, if I'm surrounded with the glory, no weapon formed against me is going to prosper.

CINDY: Well, absolutely. Absolutely.

SID: None. I'll have a, for lack of better words, the Holy Spirit will be my rear guard, will be all around me, on top of me, in me, all around, and who could even penetrate that presence of God?

CINDY: That's absolutely true. I personally believe that we are in the end time harvest.

SID: Me too. Me too.

CINDY: I personally believe the greatest harvest of the earth is taking place. I mean thousands and thousands and thousands. So satan's going to push back. He doesn't want to let go of that harvest. That should make us stronger.

SID: What's going to happen with our economy? We really have to know that.

CINDY: We talked a lot about that. In fact, I prophesied if Biden gets in as president, there's going to be something we call the Trump bubble, and it's going to be we're going to be riding on the economic policies and structures for a season from Trump, and it's going to burst. It's bursting.

SID: We're seeing that now.

CINDY: It's bursting. And I, prophesied hyperinflation was coming like five years ago, and we're seeing it now, but let me tell you a story, in Argentina, they went through hyperinflation, so I asked Omar Cabrera, I said, "How did you survive?" And it's supernatural. There was a young man who wanted to go to a conference in Argentina, and Buenos Aires, I think it was, and so he got on his bike, he's riding, sees some pesos, picks it up, rides some more, picks up more pesos.

CINDY: By the time he got to the conference, he had all the pesos he needed. Come on. Our economy is not based on the world's economy. And so you might say, well, not every believer has what they need, but the Lord said to us, and I wrote this down, a new measure of faith is coming into the earth. We are going to come up higher, upgrades, upgrades. God, we're going to come up higher than we have ever walked before. I mean, so if you're listening to this and you hear these things, God loves a good challenge because that's when he manifests his glory.

SID: When you said the word new upgrade, I'm a feeler, and the presence God went... I think I need you to pray for us to have that new upgrade...

CINDY: Let's do it. Yeah, let's do it. Now, you get ready, because I'm going to pray for you, but you need to get ready to receive. So, Father, in the name of Jesus, I pray for upgrades. Upgrades in faith. I release new measures of faith. Come on, you have to cooperate with it. Say, I take it.

SID: I take it.

CINDY: And just say, I'm going to have everything I need, everything you need, if persecution comes.

SID: I; going to have everything I need. Everything.

CINDY: If persecution comes God's going to say, now move over here because they're coming here, or move this way, or if things get expensive, the Lord's going to say, now invest in this and I'm going to show you.

CINDY: The thing is, no more lazy Christians. no more lazy Christians. Every day, you're going to need to engage your faith to be an overcomer. God will posture you for greatness. God will posture you for blessing. But the thing is, you have to believe for it. So if there's something raw inside of us, if we get in fear rather than faith, because remember what the word says, "I will cause the nations to tremble at my presence."

CINDY: Listen, when God shows up on the scene, nobody says, "Is it Good?" Everybody knows. Everybody knows. And that's what's getting ready to happen.

SID: One more question. Did they talk anything about the governments? The mountains of governments?

CINDY: Yes. They said quite a bit about that because we're seeing more prophets connecting to presidents around the world. And for instance, as we came together as our council, a couple of

years ago, the Lord said, "I want you to dethrone Mugabe in Zimbabwe. I want you to take him out of power." Great authority, 100 prophets together, and we began to decree, we began to decree. As we started decreeing, tanks were rolling into Harare to take him out of office. So the Holy Spirit said, "I'm going to supernaturally have you pray right now, convene the Council of Heaven, and pull him down." And he was down without any shots fired.

SID: I'll tell you what, Cindy, there is so much rich stuff from these 100... It was 100 plus prophets. That I can't wait for...

CINDY: Can't begin. Can't begin to tell.

SID: These are fresh CDs. It's just happened. It's a now time for you. Be right back.

*We now return to **It's Supernatural**.*

SID: Between segments I find out some very interesting things about my guest. I was actually surprised when I asked the question, when did you first start prophesying Cindy? What did you say?

CINDY: I was four years old.

SID: At four years old.

CINDY: I'm 70 now, so I've been prophesying a long time.

SID: You know what I believe? This will be the norm for your children or grandchildren to start prophesying at four. And you know what, they're going to be pure prophecies and boy, are you going to listen to them. Cindy, in the midst, from the prophets, in the midst of all this persecution that you brought up, what's going to happen? What's God going to do?

CINDY: I'm glad you asked that. We're going to be supernatural solutionists.

SID: Say that again. That's—

CINDY: Supernatural solutionists. We are going to know what to do. I mean, people are going to come to us and say, "I don't know." And you say, "Well, I know exactly what to do. This is what you do." I mean, Sid, I have prophesied over heads of state that they should, for instance, start a commodities market. And my husband's laughing, he goes, you don't even know what a commodities market is. I go, "No I don't. What is it?" But the Holy Ghost knows. I mean, I know now, but I didn't then.

CINDY: I think God is going to take us up higher, hone our gifts greater. And you know, we were talking about children, oh my goodness, little children are saying the most incredible things. So I want to say to you, when your child tells you something, don't ignore it. I remember my son was six. He came in and said, "Could a president be like hurt?" I said, "That's called assassination." He says, "Like killed? Yes, that's what's wrong. My tummy hurts, mommy." And so I prayed with him. And then that was a time when we were praying about Reagan, and he wasn't killed in that assassination attempt. So listen into your children.

SID: Speaking of children, what did the prophets say about families?

CINDY: You're going to love this one. The Lord told us that he was getting ready to really emphasize prodigals are going to come home. People whose kids have gone away from the Lord, or marriages are breaking up, that we have a certain sphere of society we call mountains, you know that, but God is going to give us a focus on that.

CINDY: In fact, our friend, John Hamil, he has been talking about turnaround Tuesdays, have everybody on Tuesdays pray. Imagine all over the world people are praying for families to be restored. But listen, you may have been praying a long, long time for your family, but I'm telling you, don't give up praying. They're coming home. Don't give up praying for those prodigals.

SID: You know what, I have been praying, and I recommend you start praying. Praying for supernatural wisdom. We're living in new times, in a new season, and we have to hear from God more than I think in my whole lifetime, especially now. And you know what, God's been answering that prayer. I'm amazed. I shouldn't be, but I am.

CINDY: Now, I heard somebody say, "Well, I just can't do that." I heard at somebody saying that, and the Lord just says to you, "No, yes you can." That's why you're listening today. You're going to get that word of knowledge, word of wisdom, which means supernatural knowledge, and you have it when you have the Holy Spirit in you. If you don't ask for the Holy Spirit, he'll give it to you.

SID: Now, you have been praying for nations, your specialty is praying for my nations.

CINDY: My specialty, right.

SID: And we can have a whole program on just heads of governments you've prophesied into, or nations you've prayed for and it's happened, what you've prayed for them. Give me one more example.

CINDY: Thanks. I was in South Korea, and sometimes when I go into a nation, I'll say, "I want to meet with the president. Tell him a prophet wants to meet with the president," or the mayor or something like that.

SID: But it would take favor to do that, you can't just walk in and say, "I want to see President Biden."

CINDY: But at the word of the Lord. So I was flying into Seoul and I said, "Well, let me see the mayor of Seoul city." And so I go in, the mayor did not know who I was, but psychics aren't afraid of saying they're a psychic, I'm not afraid of saying I'm a prophet. So I went in there and I prophesied to this leader. I said, "You're going to heal the ecology of your nation." Well, the man, that was his expertise in healing environment and taking down pollution levels. And I said, "And you're to run for president. You'll be the next president."

SID: He hadn't thought about running?

CINDY: Yes, he had. He didn't know who I was, but his family had been praying that I would go give him a word. And he ran and he became the President of Korea. President Lee.

SID: You'll have to get her CDs full all the prophecies and all of her ways to pray for your family, for the needs in your house, based on the things that have worked for all these years, for nations and heads of state. If it worked for them, it'll work for you. But how important is for a mother or father to be praying for their children?

CINDY: I'm so glad you asked that. Let me just minister to you a little bit. God gave you those children, so he's equipped you. He's equipped you to pray the right prayers for their destiny. And I encourage you do what we call stand in the gap for them, if you don't, Satan will take advantage of them. He hates your family and he hates your children, and so I want to say to you, God will anoint you, he'll give you supernatural thoughts to pray for the destiny of each of your children.

CINDY: Just trust him as you're praying for your children. Trust him to give you those thoughts. And I see there's a woman named Miriam, and you're very concerned for one of your children, and the Lord just says to you, "Miriam, I'm going to take care of that school problem. I'm going to take care of those problems. Do not be afraid. You can do it." And God is going to just cause your children to prosper and thrive. So fear not, God is with you.

SID: I want you to prophesy or pray, whatever God shows you, don't hold anything back...

CINDY: I love to do this. And the Lord would say, "I am positioning you for greatness." I see some of you, maybe you've lost a job, but the Lord says, "No, I've got a better job for you." The Lord says, "I am getting ready to open the doors." Isaiah 22:22, "Open doors that no man can shut and shut some doors that no man can open. And as I move you around, trust me, I am positioning you for glory. I am positioning you to be my ambassador, like Daniel."

CINDY: In fact, I see someone God's going to use you for politics, and you have been saying, should I, shouldn't I. The Lord says this is your confirmation. Just go for it. Just do it.

CINDY: I see some others that you live in a place of great persecution, and the Lord says, "I'm going to show you how to maneuver in the midst of that persecution, and you are going to come out."

CINDY: I see someone, you're in a hospital room watching this right now, and you have sickness in your whole body. I command the spirit of death off your body and I say, be healed in Jesus' name.

SID: Let me tell you this, there's a great, great, great presence of God right now. Whatever you need. Pray a simple prayer. You pray it. Yes. You have as much authority as Cindy or myself put together, because it's the same Jesus. Whatever you need right now, you have a faith injection for it to happen. Pray that as I go off the air. In Yeshua's name, I agree with that prayer. Amen.

CINDY: Amen.
