

Hello, Sid Roth here. Welcome to my world where it's naturally supernatural. My guest has moved to a brand new dimension in God's presence, His tangible love. I will be greatly surprised if you do not experience and feel the awesome manifest presence of God's love during this show, next.

*Sid Roth has spent over 40 years researching the strange world of the supernatural. Join Sid for this edition of It's Supernatural!*

**Sid Roth:** Welcome, Holy Spirit, no doubt you're here. Moses, Joshua, Caleb, David had the Shekinah glory of God on them. As a young, traditional Jewish man, that same glory rescued me and gave me something I never thought was possible, my own experiential knowledge of God and this same glory, it's in the studio right now and will give you your own intimacy with God.

Diane Nutt had more than her share of problems. Really amazing, Diane. Her father deserted her at age three, experienced sexual child abuse, rejection, abandonment, fear, loneliness, depression, addictions, suicide, and life-threatening diseases like cancer and severe COVID and even more. Each assault on her destiny could have made her bitter. Instead, it made her better and now she walks in supernatural, not natural, supernatural love, compassion, and glory like few people I know. Hey, I like to tell a joke, but it's true. Diane could read the menu out loud at a Chinese restaurant and others will feel God's presence.

Diane, how did you get to be a carrier of so much of God's glory?

**Diane Nutt:** Well, as you had said, I grew up in a strict Southern Baptist home, but I went through a lot of things in my life. Then of course, my father leaving me at the age of three and moving off and sexually abusing me at 18 months old. I just went through so many things that I had to learn to forgive. That was a major key and it always will be to walk in the glory of God. You have to live a life of forgiveness. No matter how hard it is to forgive you must forgive always.

**Sid Roth:** What about that father? Did you forgive him?

**Diane Nutt:** I did.

**Sid Roth:** Tell me about that.

**Diane Nutt:** Well, in the beginning it was a little difficult learning of him and that he never supported me financially. No phone calls, birthday, Christmas, none of that. But I knew because of my relationship with God that I needed to forgive him no matter what he did. Because he wasn't saved and I wanted him to be saved, I had to stay in a spirit of love and forgiveness so that God's glory would show up and a miracle would happen and that was his salvation.

Someone right now, you're thinking about someone that has treated you wrong, that sexually abused you, that physically abused you, and God wants you to just forgive them and release it right now and just give it to Him and let God burn up all of those emotions, all of those things that are not of Him. Watch and see what God will do as you stay in a spirit of love and forgiveness.

**Sid Roth:** Most people know about the love of a parent for a child, the love of a husband for a wife, but they don't know about what is the difference between those things and the love of God you talk about and walk in.

**Diane Nutt:** Well, the love of God is pure and His love is holy, and His love is everlasting and His love, it draws you. His love compels you to want to do good and to want to walk in everything that He has provided for us as believers and being a part of the kingdom. His love will never let you down, it'll never fail you, and His love is so powerful that when we walk in that love, that power flows out from us to others and people are always aware of it.

**Sid Roth:** Tell me about one person's life that was transformed by the love of God.

**Diane Nutt:** This young woman, she had been in and out of the church, she and her husband and her husband really didn't come with him often. She had come on a Wednesday night and I'd been traveling so much for the first three months of this year that I hadn't seen her when she did come. She was getting ready to leave and she turned and looked up at the altar and I looked at her and I did this because I wanted her to come up there so I could hug her. She came up there and when I began to hug her, God's glory was so strong at that place and His love was so powerful, a demon started manifesting.

**Sid Roth:** Hm.

**Diane Nutt:** As soon as that demon realized what was happening, it pulled her, yanked her away from me. She looked at me and she knew what was happening.

She said, "Apostle Nutt," she said, "I want to get free." She said, "I don't want to stay in this bondage."

She set her things down and she came up to the altar and as I began to take authority, that devil began to manifest so strongly in saying, "She's mine, she'll never be yours."

Of course, I was speaking the blood of Jesus over her and that she was God's child and it was a wrestle for a little bit. I haven't had that kind struggle with someone being delivered in 30 years like that, it was just so vicious, but it was an ancient demon that God was setting her free from. That's how God revealed that to me. She could literally feel it moving out of her arms and even when it got into her hands and she said, and she actually told me, "It's still in my finger," but when that demon came all the way out, she went back and fell out under the power of God. The next thing you know when she's laying there, the joy of the Lord just begins to manifest in her. When she got up, she was a total different person.

Now, this is the awesome thing that happened. When she came to the service on Sunday morning, her husband came with her and children and she said, "My husband and children, they're saying, 'What's happened to you? You're different. You're not angry like what you used to be.'"

He hadn't been in church when she did come, he didn't come with her for three months. God moved in his life and so it was just an amazing thing to see because of one person getting free and then now her husband got free as well.

**Sid Roth:** Now you teach on a glory light that I actually haven't had taught on before that's in the Bible. It's called the amber Light. Years ago this light touched you and changed you dramatically. Tell me about someone in your home that saw the amber light.

**Diane Nutt:** Yes, our spiritual daughter, we were sitting there and we had been talking and sharing and the presence of God just got stronger and stronger. Next thing she's looking at me and she said, "I see the glory cloud." She said, "But it's an amber light that's all around you." That was many, many years ago and then it appeared in our sanctuary. A young woman came up and told me that when I was preaching that she saw it was like a sheer curtain and she said, "But it was a wave of the glory of the light." She said it was an amber color and God set people free. It changed her life eternally, but it was just, she said it was just like waves of glory but it was the amber that was just moving back and forth.

**Sid Roth:** You say the amber is coming to many believers now.

**Diane Nutt:** Yes. Yes, it is. That amber, see, there's something about the amber glory because it represents the fire. The fire of God is the presence of God but in that place when we go to the altar, Sid, and we lay our sacrifices on the altar and we lay our sins on the altar and the fire comes and burns up those things, the glory shows up and that amber glory ends up manifesting in our life.

**Sid Roth:** When you shared it, I didn't remember reading about Amber light, but you mentioned a number of scriptures. One you mentioned, and I actually looked it up, Ezekiel 1:27.

**Diane Nutt:** Yes. Ezekiel 1:27 says, "As I saw the color of amber as the appearance of fire roundabout within it from the appearance of his loins even upward and from the appearance of his loins even downward, I saw it as if it were the appearance of fire and it had a brightness around about it."

Sid, people have told me often when I'm ministering that the top part of my body will disappear and all they will see is the glory cloud of God. Sometimes it's a white cloud, but here more recently, it's been the amber color of the glory. But the fire of God came so strong in my life last year after going through the COVID and the cancer, and I really began to repent of things that I didn't even know I needed to repent of. It's just those small things.

**Sid Roth:** You've been a believer so long. If you had to do it, how much more, us?

**Diane Nutt:** Yes. That fire increased. And so the first place that I went and ministered this year in January, they literally said when I came out there was a amber cloud above my head and it walked with me as I walked up to the platform and as I was standing there, it was just hovering over me but as I began to move from the chair over to the podium, the amber glory, it spread out and it was lengthwise and like this. It was like my whole body was covered in the amber.

**Sid Roth:** The secret of Diane's encounter with the amber glory revealed, be right back.

*We'll be right back to It's Supernatural!*

*Do you know that Messianic Vision was and still is on TV in Ukraine and also had on the ground presence there even before the Ukraine-Russia war began? In Jesus' name, we helped deliver tons of critical food supplies, clean water, and more to desperate people. We ministered in the war-torn city of Odessa where one out of every two people have Jewish ancestry. Many hundreds of people, including entire families, came to faith in Messiah.*

*Here's a miracle story from the front lines of the war. Our Ukraine ministry partner working with the maker of Ukrainian army uniforms put Bibles in the pockets of 6,000 uniforms. In the Russian invasion, a bullet struck a soldier, but the New Testament put in his pocket stopped it. The soldier lived and now believes in his Messiah. God is so good. This is Vladimir saying goodbye for now and please consider supporting this vital work we're doing.*

**Sid Roth:** Diane, how can we experience the amber glory?

**Diane Nutt:** Well, the big thing in experiencing the amber glory is there's scriptures in the book of Leviticus in chapter 6, but we have to continually go to the altar because God wants us to render our hearts to Him and not our garments.

**Sid Roth:** What do you mean by go to the altar?

**Diane Nutt:** Well, to find that place. It's not a physical place like in a edifice, in a building in which we meet, but just to find that time with Him where we bear our hearts before Him and we're real with ourselves and we lay those things on the altar because the fire of God is going to come in such a way that you are going to literally want to get rid of everything that is not of God and allow the fire of God to burn those things up. We always have to keep the fire burning within us, but the fire upon us and people can literally feel that fire around you. Yesterday when we did what we did the show, I looked at the pictures that one of the crew had taken and I could see the fire of God all over me. It was so strong and the fire of God on you. I'm like, "Okay, these are ..." The fire of God changed the color.

**Sid Roth:** It was getting so strong on me, I was looking like you. We did a social media yesterday.

What's happening inside of you?

**Diane Nutt:** I'm just being overtaken by the glory of the Lord. I just want to ask people, just lift your hands up to the Lord right now and I want you to just receive because His glory is tangible, because God

is a tangible God, and He wants you to not just be aware of maybe some of you see that amber glory right now. Maybe some of you see even the white glory cloud. But the key here is Him in His fullness of who He is, the Father, Son and Holy Spirit. He wants you just to receive an impartation right now, so I just release the glory into your homes right now, wherever you are listening right now. I can feel electricity in my hands right now. It's very, very powerful, Sid. Miracles are happening right now. God's supernaturally healing someone's heart right now where you had a lot of trauma and tragedy and really you felt suicidal, you felt like giving up on life. Listen, abundant life is being made available to you right now. I can literally see the glory moving right now, even in this studio that we're in right now. The glory cloud is present right now, but miracles are being made available to you right now. Hallelujah.

**Sid Roth:** I told you I'm a feeler and as she's talking, it's almost like Ezekiel's temple where the water was at the ankle and then the knee and then the waist and then so high all you could do is swim. You're almost swimming right now.

**Diane Nutt:** I am. There's some of you even right now that you can feel, literally feel the fire of God that is on you right now. Just surrender to that because God is supernaturally burning those things up and you are forgiven. I'm just telling you right now, the forgiveness of God is right there and you just need to forgive yourself. Just go ahead and forgive yourself right now and let His love come. Just let it come. Just open up your heart and let His love come. Right now I see the glory of God. It's getting thicker in here. I can see it, and so I know that someone somewhere, if not many of you are tangibly seeing the glory of God right now, you're feeling the glory of God right now. Sid, God is just moving so strongly right now.

**Sid Roth:** Oh, I know.

**Diane Nutt:** Hallelujah.

**Sid Roth:** That's why I'm just soaking it up. I hate to end. Do you have anything more that you want to say?

**Diane Nutt:** Well, I'm just being quick into what the Holy Spirit shared with me, that you are crossing over a threshold into another room. The door is just opening up and the miracles are going to keep increasing. The recreative miracles are going to become the norm.

**Sid Roth:** Excuse me. That is another sign of the greater glory. You see, we have had miracles in the anointing, but in the glory, these are miracles that'll be outside the body such as someone without a leg, the leg, if it's been amputated, the leg growing out.

**Diane Nutt:** Yes.

**Sid Roth:** There'll be no question. That's what TV was designed for, not the other stuff.

**Diane Nutt:** That's right. That's right.

**Sid Roth:** We've run out of time, but we will continue with a special online event right now. Diane and other guests will continue to increase in glory exponentially and in this high degree of glory all things are possible, instantly. As soon as this show ends go to [sidroth.org/rise](http://sidroth.org/rise).

But I have a question for you. I've heard this come out of Diane over and over again. When that glory comes, it'll burn you up. Not you, anything that isn't of God, it's going to burn up.

**Diane Nutt:** That's right.

**Sid Roth:** My question to you is, are you ready or should you be living a holy, repentant life now? Trust me, when that glory comes, you don't want to have hidden sin. It's not hidden from the presence of God. Repeat this prayer after me out loud. Dear God.

**Diane Nutt:** Dear God.

**Sid Roth:** Please forgive me ...

Please forgive me ...

**Sid Roth:** ... for all the things I've done wrong.

... for all the things I've done wrong.

**Sid Roth:** All the gossip ...

All the gossip ...

**Sid Roth:** ... all the hurts I've brought people ...

... all the hurts I've brought people ...

**Sid Roth:** ... all the resentment I've had for people ...

... all the resentment I've had for people ...

**Sid Roth:** ... and Lord, anything else I can't remember.

... and anything else I can't remember.

**Sid Roth:** Put that under the blood.

Put that under the blood.

**Sid Roth:** I thank you your word says ...

I thank you that your word says ...

**Sid Roth:** ... when you see the blood ...

... when you see the blood ...

**Sid Roth:** ... you will remember our sins no more ...

... you will remember our sins no more ...

**Sid Roth:** ... and we're clean.

... and we're clean.

**Sid Roth:** I'm ready for your amber glory now.

I'm ready for your amber glory now.

**Sid Roth:** I say ...

I say ...

**Sid Roth:** ... Jesus is my savior.

... Jesus is my Savior.

**Sid Roth:** ... from all of my sins ...

... from all of my sins ...

**Sid Roth:** ... and I make you my Lord ...

... and I make you my Lord ...

**Sid Roth:** ... in every area of my life.

... in every area of my life.

**Sid Roth:** Amen.

Amen.

**Sid Roth:** Diane, would you pray for us now?

**Diane Nutt:** Sure, sure. Absolutely.

Father, I just pray right now in the name of Jesus, Lord God, that you would open up the eyes of the understanding of each of those who are watching today, Father God, that you would enlighten their hearts, Lord God, so that they would know the hope of their calling, which is in Christ.

Father, I pray that every person would not just have an experience with you, but they would have an encounter with you, an encounter with your glory that would change their lives forever, that would cause them to have a hunger and just the taste buds for your glory to live in that realm of your glory and

to walk in it. Father, let your glory just be manifested even now to those who are watching all over, those who are here in the studio. Father, thank you right now for your glory just coming and descending in this place and even a greater way.

Father, I just thank you that the amber glory, Father, will begin to show up and manifest as your precious sons and daughters as they go to the altar, as they lay things on the altar, and as they allow the fire of the Holy Ghost to come and to burn those things up. Father, thank you for the supernatural manifesting and for your glory just residing on them and within them in the name of Yeshua, in Jesus' name, amen.

**Sid Roth:** Wow. Do you feel that peace? I sure feel that peace, in Yeshua's name. Amen.

**Sid Roth:** We Jews have two choices, follow God or follow tradition. The rabbis tell us fast and pray on Yom Kippur and our sins will be forgiven. They don't tell us the main event, only the blood of Messiah

pardons sin. Fasting and praying without the main event doesn't work. Messiah Jesus suffered the penalty we deserve. 2000 years ago he was our final Yom Kippur blood sacrifice, your penalty paid in full. May your name really be inscribed eternally in the book of life. Think for yourself.
