

Hello, Sid Roth here. Welcome to my world where it's naturally supernatural. My guest says, "All the heavy lifting for miracles has been done by the Messiah. We simply need to move out of the way." Are you ready to move out of the way? Next ...

*Sid Roth has spent over 40 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural!***

SID: Holy Spirit, I invite you to take full control over this show, over every aspect of this show and I believe that heaven is going to come down to earth. We've talked about healing before. We've talked about miracles, but there's a lot of controversy over miracles. What's your definition of a miracle and what has God shown you about miracles?

KYNAN: I define a miracle as God's interruption or intervention in a natural process or when God overrides the laws of nature. We know that water can never become wine until Jesus shows up. We know that people can't walk on water until Jesus shows up. Those are what we call miracles because they make no sense at all. They don't follow any natural logic. They're supernatural.

SID: I have found with Jewish people that have no desire to believe in Yeshua, Jesus, as the Messiah. That one miracle and all of a sudden they will listen. People are totally opinionated. They're either for or against. There's no in between. We don't discuss anymore. Anger level, et cetera. One miracle cuts right through that.

KYNAN: Right through it.

SID: Something that you teach on and you go into much depth, which is so vital that this, when we become born from above, when the Messiah of Israel is living in us, our whole DNA is changed for the miraculous. Explain that.

KYNAN: When you get born again, the Spirit of God dwells on the inside of you and the same power that raised Jesus from the dead lives within you. That's why Jesus said, "Out of your belly will flow rivers of living water." That life of God flows out of us.

I want people to think of it this way, Sid. It's not so much about trying to attain or achieve a miracle. The miraculous power is already inside of you. You need to release the miraculous because it's already, it's your inheritance, it's your DNA. It's in every fiber of your being. In fact, Sid, I would argue that we were born for miracles, or born again for miracles, rather.

SID: When you pray for someone, in your inner thoughts are you thinking, "I wonder if they're going to be healed or not. I wonder if they have enough faith. I wonder if I have enough faith"? What's going on inside of you when you pray for someone?

KYNAN: No, I don't because I realize that Jesus did all the work for me. He already did the heavy lifting. He already accomplished, He already destroyed sickness on the cross. My job is to release my faith and to partner with Yeshua to see that miracle come to pass. Sid, I'm telling you, it's easy. Miracles are easy.

SID: Right. You say it's easy. It's easy where you minister, but the fact is there are millions of believers, there are many even watching us right now. They don't see miracles in their church. They don't see miracles when they pray. Why?

KYNAN: Well, one of the reasons is, unfortunately, I call it the great omission. Jesus calls it. We call it the great commission going to all the world and preach the gospel. But we've, in the American church, been guilty of the great omission because we've omitted the power of God from the gospel. When you remove God's power from the gospel, all you have is a spell. And people have been under the spell of intellectualism. They've been under the spell of powerless religion. And it's time for people to come back under the gospel, which is the demonstration of the authentic power of God.

When I pray for people to minister in this area, we had a young lady we prayed for, and I said a simple prayer. I just told her, "You know what? You are anointed to do the miraculous." And she says, "Okay." She goes into a cancer ward the same day. A man has two months to live and people are gathered around him. Well-meaning Christians are just kind of singing Kumbaya around him and she knocks them out of the way. "Move, move." And she just lays hands on his head, "Be healed."

That was a Sunday afternoon. That Wednesday, his cancer went into remission. He was totally healed. She wasn't a pastor, she wasn't a priest and a bishop, anything. I think we have sort of conflated this idea that we have to do something. If I just pray hard enough, if I'm just good enough, if I don't eat any donuts this week, the Lord will work through me. But reality is that Messiah has already done the work. We have to partner with Messiah to see his miraculous power revealed in our lives.

SID: What happens when your wife comes down with a serious condition, Kynan?

KYNAN: I'll never forget, my wife had an ovarian cyst and it was very, very serious. The doctors had already seen it. They had already diagnosed it, and I had been teaching at that time about miracles being our inheritance. I literally said, "It's yours. It's already yours." And in one of my meetings as I'm teaching, Sid, the fire of God goes into her body. She can feel the fire burning inside of her, and literally the cyst is dissolved by the fire of God. She goes to the doctor and they confirm there is no more ovarian cyst, no surgical intervention, no therapy, just the miraculous power and presence of Jesus. And that's for everybody.

SID: I'll tell you what, Kynan. It sounds so simple.

KYNAN: Yes.

SID: Guess what? It is. When we return, Kynan will reveal the blueprint from heaven for miracles that work. Find out how God showed Kynan the most powerful key to walking in miracles. Be right back.

*We now return to **It's Supernatural**.*

SID: Hello, I'm here with Dr. Kynan Bridges. And Kynan, you use a term blueprint from heaven that works. What is it?

KYNAN: Jesus is the blueprint from heaven. The Messiah is the blueprint. He said in John 14:12, He says, "Whoever believes on me the works that I do, shall he do also and greater works than these shall he do because I go to the Father." See, if we want to know who the Father is, we look at Jesus. If we want to know how the Father heals, we look at Jesus. If we want to know if miracles are the Father's will we look at Jesus because he is the express image. When God sent Jesus, Jesus told his disciples in John 14, "If you've seen me, you've seen the Father."

What we need to do is look at the blueprint. The problem, Sid, is that people are looking at wrong representations of what God intends. We look at other people, we look at the person we pray for that didn't get healed. We look at that situation that didn't seem to be resolved, but that's not the blueprint. The Messiah is the blueprint. This is why the writer of Hebrews tells us, he says, "Looking unto Jesus, who is both the author and the finisher of our faith."

See, if you don't look at the author and the finisher of your faith and you look at man, man will finish your faith. What we need to do is look at the author and finisher because he is the standard by which we are to judge what God desires to do in and through us.

SID: What is the most powerful key that God has shown you to releasing miracles?

KYNAN: This is profound, Sid. God showed me something that we don't think much about. The Bible says that when Jesus saw the multitude and they were sick and they were broken and they were parched, the Bible says he was moved with compassion and he healed them all. And compassion is like a spiritual force, if you will, that causes us to tap into God's miraculous power, love and compassion. The reality is one of the reasons why I got into healing ministry is I was so frustrated, Sid, that people weren't healed. I saw people in the church had been in church for 30 years, still sick. I saw people die of sicknesses. I went to funerals.

SID: And these people believe Jesus paid the price.

KYNAN: Absolutely.

SID: But there's some disconnect going on.

KYNAN: There was a cognitive dissonance and something rose up inside of me. I felt a compassion, Sid. I felt like, you know what? This is not right. And that led me on a journey to really seek the Lord with all of my heart. And that's where he showed me his unconditional will to heal. I believe that love and compassion are a powerful tool that unlocks God's supernatural power.

SID: Give me a story illustrating this.

KYNAN: Yeah, it's funny. I remember I was praying and I was in a service, and this, I hate to say this, monster of a man. He was the biggest man I've ever seen in my life. I mean, he looked like an oak tree, probably 6'8", tattoos everywhere, tattoos on his face, meaning he'd probably done something pretty bad. And the Lord tells me, he says, "Go love on that man." And I said, "No." And the Lord said, "Go minister to him." And I said, "Okay."

I looked at him and he's looking so angry and he's looking so violent. I literally go and I lay my hands on this chest and I embrace him. And when I embrace him, Sid, he starts weeping like a baby. I mean just crying. He's just crying and I'm holding him and I could feel the love of God flow out of me into him. That liquid love begins to bring restoration to this man. And I said, "Wow, look at the power of the love of God." The Bible says, "Love never fails." And when we learn how to yield to the love of God and we learn how to respond to the love of God, it's a recipe for miracles every time.

SID: Kynan, you have a different spin on Peter walking on water.

KYNAN: That's one of my favorite stories, Sid. When Peter's walking on the water, actually we kind of misinterpret that text. Jesus is walking on the sea of Galilee and the disciples are in the boat and they're terrified. They say, "Oh, that's a ghost walking." And Peter recognizes that no, that's the Messiah. That's Jesus. And he asked him a question. He says, "Lord, would you bid me to come to you?" Number one, he had to get out of his comfort zone. That's number one. Every miracle is outside of your comfort zone. But number two, he's not really walking on the water. He's walking on the Word of God.

When the Messiah speaks his word, he gives Peter the invitation, and Peter responds to the invitation of the Messiah. He was literally inviting him into the miraculous. And as Peter responds, he sees something done that defies the laws of gravity. He's able to walk on water, which is impossible, because he is looking at the one and responding to the one who makes all things possible when we believe.

SID: Give me an example in your life.

KYNAN: I was praying for a lady who had a stroke and she couldn't speak, she couldn't use her right hand. I'm in front of thousands and I said, "Well, if I get this one wrong, Sid, this is the end of my healing ministry." I literally go to her and I said, "I want you to speak." And she's not even responding. Her friend gets frustrated with me, but the Lord kept telling me step out of the boat. Just believe me because faith is spelled R-I-S-K. And I said, "Okay."

I said, "Just say Jesus," and nothing's coming out. I said, "Come on, say Jesus." And I'm thinking, "Oh, Lord, this is the end of the ministry." I said, "Say Jesus." And finally, she grabs my hand with the arm that she can't use, nearly breaking my hand it was so strong. She takes the microphone and she says, "Jesus!" And when she did that faith exploded in the room. And miracles just happened all night long after that.

SID: People read your book or they sit under your teaching. Give me a testimony related of someone else that understood the Peter story on the walking on the water.

KYNAN: There's a gentleman in our ministry who actually hears this teaching, grabs hold of it and says, "I'm going to step out of the boat." He asked the Holy Spirit, "Holy Spirit, just show me something." And as he's praying, he sees the face of a man dressed like in a jogging suit, walking with his bike and he feels the prompting to go minister to this person. He doesn't know who he is.

He gets out of his house and gets on his bike and rides into town. He sees a couple of people. One of them he goes up to and he says, "I want to minister to you." The person says, "No, I don't want to talk to you." He was feeling a little discouraged, but sometimes we have to persist. As he's heading back home, he realizes there's a man walking toward him dressed exactly as he saw in the vision. This man rides toward him and he says, "Hey, I believe that God wants me to share a word with you." And the person says, "Oh, my God. I came out here. I told God, if you don't speak to me today, I want to end my life."

SID: Wow.

KYNAN: And literally in that moment, he led the person in the sinner's prayer and they got born again all because he took the risk.

SID: And that's the most amazing thing. He teaches on this and it's so simple. It really is.

KYNAN: Very simple.

SID: And you say, but more important than you, the Bible says, those who believe say "That's me." Say it. "That's me." Well, lay hands on the sick and they will recover. Well, who's going to lay hands on me? Oh, I can lay hands on me.

KYNAN: That's right.

SID: God said something that's so jumpstarted Kynan's healing ministry and it's going to jumpstart yours. Be right back.

SID: All these things you teach, they're so simple because in the Bible it's so simple.

KYNAN: Yes, sir.

SID: That everyone can understand it and everyone can do it. You said there was something that God spoke to your heart that jumpstarted your healing miracle ministry.

KYNAN: It's a very simple statement that the Lord spoke to me. And it's funny because in my zeal, I went, "God, I want to be your man. I want to be the one that your power flows through." And the Lord said to me, "Kynan, you do the believing, I'll do the manifesting." In fact, he went further to say, "Just get out of my way."

SID: Now your *book Releasing Miracles*, it's so easy, it's so practical. Share a nugget from the book now.

KYNAN: I want to encourage you guys because I believe with all my heart that we are coming into a season where miracles are absolutely necessary. There's coming a time, beloved, where we are going to have to walk in the supernatural power of God. You're going to have to know how to abide in what I call that abiding presence. It's going to affect your family, your children, your business, your ministry. We're going to see food multiply. We're going to see like the Nigerian man that put water in his gas tank during a gas shortage and drove 40 miles with water because God turned the water into gasoline. That's the kind of God that we serve.

I teach this in my book that Jesus says something profound in John 14. He says, "The works that I do, will you do also." Notice he didn't say the works that I did, the works that I do. He's still doing the work. He's still raising the dead. He's still casting out demons. He's just doing it through you. He's doing it with you. And I believe that God is not calling the church just to be used by God.

I remember being in Australia preaching and I was about to get up and I would say this prayer every time, "Lord use me. Lord use me. Lord use me." And the Lord says, "No." I said, "What? Am I a reprobate? Have I lost my salvation? God, I'm sorry." He says, "No, no, no, I don't want to use you. I want to partner with you." And he took me to Mark 16 to confirm this. It says, "And they went everywhere preaching the gospel the Lord working with them, confirming his word with signs and wonders." Beloved, that's you. He's the best partner in the universe. He's never failed and he never will fail. All he wants you to do is say yes to him. If you'll say yes, he'll release and reveal his best. Now is the time.

SID: Now, you see on this show people from every possible walk of life, every possible background. I'll take myself for example. A lot of people don't know my background. I'm come from a very traditional Jewish background and I had an encounter with Jesus that my wife said, "You became an entirely, entirely different person overnight." Now, some people, it takes a lifetime to work out stuff. I'm still working on it, don't get me wrong. But overnight I changed.

There are people watching and you think you've gone too far or you've walked away from what you knew. I tell you this, when you understand that Jesus died for every sin that you've ever committed, that he wants to give you a clean slate, that he wants to forgive you when you stumble again, that he wants you to spend eternity with him in heaven. And that there is no one righteous on earth, the greatest rabbi, the greatest imam, the greatest Hindu yogi. There's none

righteous, no, not one except Jesus, the righteous one. The son of God who came and died in your place.

Repeat this prayer after me. Believe it to the best of your ability. And I tell you, the same change that happened to Kynan, the same change that happened to me and all of my guests, God's not a respecter of persons. He's a respecter of faith. Repeat out loud, "Dear God ...

Audience: Dear God ...

SID: I've committed many sins ...

Audience: I've committed many sins ...

SID: For which I'm so sorry ...

Audience: For which I'm so sorry.

SID: I believe ...

Audience: I believe ...

SID: The blood of Jesus ...

Audience: The blood of Jesus ...

SID: Washes them away ...

Audience: Washes them away ...

SID: And you remember them no more.

Audience: And you remember them no more.

SID: And I am clean.

Audience: And I am clean.

SID: Now that I'm clean.

Audience: Now that I'm clean.

SID: Jesus, come and live inside of me.

Audience: Jesus, come and live inside of me.

SID: Become my Lord.

Audience: Become my Lord.

SID: Amen.

Audience: Amen.

SID: Everyone that said that prayer and everyone that knows Jesus and everyone that didn't say that prayer, pray for a miracle right now.

KYNAN: Father, right now I release the glory into your home. I release in Jesus' name, the abiding presence of the Messiah that would cause you to know that he's done the heavy lifting for you. Cancer's no match for him. Diabetes is no match for him. That prodigal son is no match for the Messiah. Right now, I declare the miracle power of God flows right where you are and that you receive an impartation where miracles will become normal. In Jesus' name. Amen.
