

Hello. Sit right here. Welcome to my world, where it's naturally supernatural. My guest started moving in the glory of God at age seven. I didn't know my right hand from my left hand, and he's moving in the glory of God. By 12, he started hosting meetings that were filled with the thick, visible, manifest presence of God. Now, God has shown him exactly what this next and greatest and last move of God on planet Earth is going to look like. It's different than anyone thinks. Next.

Is there a supernatural dimension, a world beyond the one we know? Is there life after death? Can our dreams contain messages from heaven? Is God ready to bring a tsunami wave of healing onto planet Earth today? Join Sid for this edition of It's Supernatural.

Sid Roth: Welcome, Holy Spirit. Release more and more of god's glory. We yield completely to you. I'm telling you, Holy Spirit, you're outdoing yourself this day. You're getting stronger and stronger. The presence of God is stronger and stronger. My guest, Torrey Marcel Harper, also known as Glory Torrey, has seen in the Spirit since age seven. Your life changed forever at age seven. What happened?

Torrey Marcel Harper: I was in the living room with my grandmother. She was praising God. She was in her time of prayer and worshiping with the Lord, and all of a sudden the presence of God began to fill our living room. Seven years old, just had given my life to the Lord a year before, and just hungry for the things of God at a young age. She's worshiping God in our living room. The presence of God fills the area where we are and I begin to speak in tongues. Tears begin to come down my face. I begin to pray in the Holy Ghost. And as I begin to speak in tongues, I begin to see in the Spirit. As a kid at this moment speaking in tongues, praying in the Spirit, and the spirit of intercession and the prophetic began to fall on my life. I had no language for it then, but now I know what it is.

Sid Roth: I'll tell you what, as a result of what God did privately with Torrey... You used to have meetings with God, I guess maybe in your bedroom at night and worship. Well, tell me about that.

Torrey Marcel Harper: So, after that moment of being filled with the Spirit, I remember just an unusual level of sensitivity to the things of the Spirit. It began with burden bearing for me. So, I could sit next to people and I could feel what they were going through or see what they were going through. And I think at the time my mother, she just thought I might have had just a problem with focusing, but really it was the seer realm that was upon my life at a young age.

Sid Roth: Would you feel or see just privately the presence got the cloud of God?

Torrey Marcel Harper: Yeah.

Sid Roth: The Shekhinah glory of God.

Torrey Marcel Harper: I didn't quite see at the time, but I was a deep senser, a deep feeler. And I can remember as a kid in church, the power of God would move in our services. And when the anointing would get at a height or the glory would get at the height, I would run downstairs to the church bathroom because I didn't want all the other kids to know that I was experiencing the Holy Spirit the way that I was. I would run downstairs in the church bathroom and close the door in the stall and stuff tissues in my face and I would begin to weep. So, it started with weeping and feeling and sensing the presence of God.

Sid Roth: Then as a result of what God did privately with Torrey, at age 12 he started hosting meetings at 12.

Torrey Marcel Harper: 12 years old.

Sid Roth: And you didn't have terminology or anything?

Torrey Marcel Harper: Absolutely not.

Sid Roth: But it sounds to me like they were glory-filled meetings.

Torrey Marcel Harper: Yeah, they were. They were. So, for me, I grew up in a context, we were Methodist and didn't even realize we were Methodist. It was a spirit-filled church. My pastor, he was a revivalist, but then the other side of my family were Pentecostal. And so I would go and host meetings at a Pentecostal church. There was a bunch of older people, a bunch of older praying women that were just on fire for God. And I don't know, there was this grace on my life to gather people and I knew how to organize things.

And so at 12 years old, the Lord would say, "You should bring this speaker in and you should..." And I would reach out to preachers and leaders. And it was funny because they would get on the phone and like, "How old are you?" And they would come and they said, "We don't know if this is a hoax or not, but there's a little boy that's inviting us to come speak in the region." And they would actually come. And over time it became a thing. So, they were called Friday Night Fires and the Lord would begin to move by His spirit. And there were elder people that were there, elders, older seniors and pastors and leaders that would come and be a part, and they became revival meetings.

Sid Roth: Now, you went out to the Asbury Revival.

Torrey Marcel Harper: Yes, sir.

Sid Roth: But the day after the Asbury Revival began, you came here to do a show with me.

Torrey Marcel Harper: Yes.

Sid Roth: And God showed up. What did He tell you?

Torrey Marcel Harper: So, I was preparing to come here and minister here at the show here. And as I'm sitting in my hotel room, I began to see the wind of God blow into my hotel room, and it nearly swept me off of the bed. And I slipped into an open vision and all of a sudden I saw the map of America and I saw the wind of God blow from the west coast to the east coast. And I heard the Lord say these words. He says, "We are in the days of Seymour, Seymour and his sons, William Seymour and his sons." And he says, "I'm going to begin to release another wave of an Asuza outpouring greater than what we saw back then, but it's going to fall on the next generation."

Sid Roth: And now William Seymour was the one that started the great revival in California and that's who you had a vision of.

Torrey Marcel Harper: Yes, sir. Yes, sir.

Sid Roth: Well, at the Asbury Revival currently known as the preview of the main event, God gave Torrey an open vision of this main event known as The Greater Glory Revival. This vision will change the trajectory of your life forever. Be right back.

We will be right back to It's Supernatural.

We now return to It's Supernatural.

Sid Roth: Glory Torrey, you were worshiping at the Asbury Revival. What did you see?

Torrey Marcel Harper: So, I get to the Asbury Revival two days right before it ends. I'm there for the collegiate day of prayer. And as I'm sitting in the balcony of the auditorium, the presence of God is extremely strong, pure. It was amazing, just really overwhelming. I'm worshiping and I sit in my seat and I hear the Lord say, "Go low. Go low." And so I kneel. I just bend over and the Lord said, "Go lower." So,

then I get on my knees and then I hear Him say, "Go lower." And the more that He kept saying it, I kept saying, "Lord, there's an even deeper dimension of lower." And I didn't realize He was more so talking about the posture of my heart. And the minute I got close to the ground, I heard the Lord say these words. He says, "This is where I want my church in this hour, in a lower position."

And as I saw that, and as I heard the Lord say that, I began to see a huge sword swing across the earth and it looked like a harvest sickle. Because I do believe that we're in a days of harvest right now, and I begin to see the sickle of the Lord begin to swing. And He said to me, "Son, this next move of God, this next move of harvest, is only going to happen for those that go low." And He says, "For those that don't get low enough in the place of brokenness and humility and surrender and love sickness," He says, "I'm going to shut down the pride. I'm going to get rid of the celebrity Christianity." He says, "Those that are standing will not endure this next move of God, but only those that get low will be a part of it." It's called the low administration.

Sid Roth: Are you literally saying, quote, "Christian celebrities," perhaps on television that if they don't go low, God will get rid of them?

Torrey Marcel Harper: Yeah. Yeah. I believe over the last three years, God has been resetting the landscape of the body of Christ with the world at large. And Hebrews 12 says-

Sid Roth: Right. By the way, I'm thinking if we go low, all they'll see is Jesus.

Torrey Marcel Harper: Because that's where our eyes should be. And so I've been saying this statement: all eyes on Jesus. And I remember the Lord saying to me, He reminds me of Hebrews chapter 12. He says, "Everything that can be shaken will be shaken." And we are in that day. And so God is getting rid of anything that would be on the lips of his bride more than our bride groom.

Sid Roth: Well, people have to hear your brand new three-CD teaching. Tell me about it.

Torrey Marcel Harper: In my brand new three -CD set that Sid Roth is making available, called Cultivating Your God Encounters, I will teach you, you can host and steward the presence of God in your life. What I encountered and experienced, you can too.

Sid Roth: Anything I can do, you can do better in Jesus. That's what he'd say. Now, there's something you teach on called the Obed-Edom moment. What is that?

Torrey Marcel Harper: So, you're reminded of when the glory, the arc of the covenant was displaced, it landed in Obed-Edom's backyard.

Sid Roth: Well, let it land in my backyard, Lord.

Torrey Marcel Harper: For three months the arc of the covenant, the glory of God, is in Obed's house. And why this is important is because I realized when Asbury began to break out at the end of February, I noticed there was a lot of critical conversation. There was some that blessed what God was doing, some fabricated what God was doing in their other areas. There were so many, it was just a lot of noise going on. And I remember the Lord saying to me, He said, "I'm looking for the church in this hour." In the

midst of what I am doing at this little small campus where nobody knows, He says, "I want to begin to release that all over the body of Christ."

But He says, "It's important that we don't become jealous of a move of God in another place." And when we look at what happened in the story of David and Obed-Edom, David, when he sees that it's at Obed's house and Obed's house is blessed, David does not pick up a critical spirit. He doesn't get jealous. He begins to worship. And the Lord said to me in this hour, He said, 'That must be the response of the bride in this hour.' I don't care where the move of God is happening, I just want to be a part of it. Whether it's in your house, whether it's in the north, whether it's in the south, I just want in. And so it's the Obed-Edom hour where we're not jealous, but our response is worship.

Sid Roth: How dangerous is criticism?

Torrey Marcel Harper: It's very dangerous because what happens is it's not a part of God's nature, which is honor. Honor is a part of the glory of God and I cannot experience the glory when I can't honor and when I can't appreciate what God is doing. And we should be like this, our heart should be like this, that if God is moving in your life or if God's moving in another place or He's blessing someone else, someone else is receiving miracles, I shouldn't get jealous. I actually should celebrate because then I know that my opportunity is coming.

Sid Roth: You had an open vision of a maternity ward. First of all, what's an open vision?

Torrey Marcel Harper: Open vision is when you begin to see outside of what is in the natural. Through the eyes of faith, the Holy Spirit would begin to show you things that are in the unseen realm, not visible to human flesh, but through the eyes of the spirit.

Sid Roth: What did you see in a maternity room?

Torrey Marcel Harper: So, these last few weeks have been absolutely wild, and I just believe that we're only in the beginning portions of God moving across the earth.

Sid Roth: Absolutely.

Torrey Marcel Harper: From Asbury on, I'm telling you, God's moving. And in the midst of all of this happening, I'm speaking to a friend of mine on the phone. She's a fellow revivalist. And we're talking on the phone and the spirit of Jabal begins to hit me as we're talking about what God is doing in America, what God is doing around the Earth by way of revival and by way of glory. I slip into an open vision in the midst of my travail and I go into a hospital maternity ward. The whole floor is filled with pregnant women. And all of a sudden I see within each room, instead of there being room numbers, 1, 2, 3, 4 and so on, there were pregnant states. And so instead of there being room numbers, there were pregnant states. Missouri, Texas, California, New Jersey. There were all these states. And then on the other side there were nations, and they were all in a birthing position about to give birth to Revival.

Sid Roth: Was there specific nations beyond the US that you remember seeing?

Torrey Marcel Harper: I remember seeing places like Amsterdam and Denmark, different places in Europe, London being a part of what God was doing, Zimbabwe being a part of what God is doing, Brazil, Argentina being a part of what God is doing.

Sid Roth: Well, and you call these glory hotspots.

Torrey Marcel Harper: Yes, glory hotspots.

Sid Roth: That's where there'll be like a fountain?

Torrey Marcel Harper: Yes, sir.

Sid Roth: And people will come there, partake of the fountain and bring it to wherever they're from. Tell me about the entire church service you just had in Midland, Texas.

Torrey Marcel Harper: So, in the midst of all of this, the Lord's dealing with us about national birthing. Again, this is all within the window of time end of February, and a lot of this is still happening right now, moves of God. Even since Asbury, there are several campuses, colleges that are experiencing the glory of God. Churches right now are experiencing the glory of God. It's breaking out in movie theaters right now. It's breaking out in parking lots. It's breaking out in living rooms. I get to Midland, Texas, and I'm holding this word in my spirit about national birth.

The Lord said to me, "We're in a national birthing ward right now, a global birthing ward, where cities and nations are beginning to give birth." I go and speak at this church and what was meant to be only a two-day service turned into five days of sustained glory and presence, not only for that local place, but it brought a spirit of repentance and travail and unity to the body of Christ there. And they tried to do their normal services and God began to interrupt. Sid, I believe that we're in an hour that God is interrupting our normal schedules.

Sid Roth: You call this a faceless move of God. What do you mean?

Torrey Marcel Harper: Because no one will get the glory but Jesus Christ. We won't be able to say, "It was because of this this revival happened. It was because of her this happened." It will be because of a sovereign move where there was humility, brokenness, and one word that I love, hunger.

Sid Roth: How about you? When you hear the word hunger, what kind of emotions are stirred up with that? If it's not strong, very strong, then I want to pray with you right now. I want you to know God for yourself, not know about Him. Not believe because your parents believed, but to know Him for yourself. Repeat this prayer out loud with me right now. Yes, you. Dear God.

Dear God.

Torrey Marcel Harper: Dear God.

Sid Roth: I'm a sinner.

I'm a sinner.

Torrey Marcel Harper: I'm a sinner.

Sid Roth: I'm so sorry.

I'm so sorry.

Torrey Marcel Harper: I'm so sorry.

Sid Roth: I believe.

I believe.

Torrey Marcel Harper: I believe.

Sid Roth: The precious blood of Jesus.

The precious blood of Jesus.

Torrey Marcel Harper: The precious blood of Jesus.

Sid Roth: The unique blood of Jesus.

The unique blood of Jesus.

Torrey Marcel Harper: The unique blood of Jesus.

Sid Roth: It's the only blood that does this miracle.

It's the only blood that does this miracle.

Torrey Marcel Harper: It's the only blood that does this miracle.

Sid Roth: All my sins are washed away.

All my sins are washed away.

Torrey Marcel Harper: All my sins are washed away.

Sid Roth: And I'm clean.

And I'm clean.

Torrey Marcel Harper: And I'm clean.

Sid Roth: And now that I'm clean.

And now that I'm clean.

Torrey Marcel Harper: And now that I'm clean.

Sid Roth: Jesus, come and live inside of me.

Jesus, come and live inside of me.

Torrey Marcel Harper: Jesus, come and live inside of me.

Sid Roth: I make you my savior and Lord.

I make you my savior and Lord.

Torrey Marcel Harper: I make you my savior and Lord.

Sid Roth: Very quickly, look in the camera and pray.

Torrey Marcel Harper: Even right now, Holy Spirit's moving. Father, I just thank you for your glory and your presence upon my brother and my sister that is watching even throughout this audience, that a fresh wave of your power and your spirit would begin to blow even right now, bringing healings, bringing miracles, bringing deliverance, bringing breakthrough. Father, we thank you for open heavens right here, right now. Angels ascending and descending, releasing the glory and the revelation of Jesus Christ.

Sid Roth: I know you are more than ready for that fresh wind of God's glory. Glory Torrey will worship like he did in Midland, Texas and then pray for you to enter into the glory in our extended show. Go to sidroth.org/freshwind. Just before you go, Torrey, I want you to dig deep. I want about a minute of words of knowledge. Look in the camera.

Torrey Marcel Harper: As I said a little bit earlier, I saw the Lord beginning to release his precious presence and glory upon certain nations. I do believe that all over America, God is beginning to blow. And I just even sense on a national level that the Lord's going to begin to move. God's going to use Charlotte. He's going to use North Carolina. He's going to use places like New York City. He's going to use places. I saw an oil spill over the state of Florida begin to break open. God is beginning to move all across our nation. Denmark, get ready. It's your finest hour. Get ready, Zimbabwe. God's beginning to move across Africa, across the UK. The glory of God. There's someone that's watching right now. You're praying for your children. I see a wave of breakthrough falling on children right now.

It's that jolting moment where I don't care what your child is going through right now. There's a breaker anointing that's being released to break depression, to break chains, to break addictions. Even right now, I'm looking at people that are being healed right now. Miracles are beginning to break out right here in this studio. And for those that are watching right now, the power of God, healing backs, healing spines. Even right now, people are having trouble with sleeping. The glory of God is being released right where you are to heal you. And the Bible says, "And the power of the Lord was present to heal." Receive your healing now.

Sid Roth: Also, there in your wrists and in your fingers, if you will bend your wrist and move your fingers, you'll see you are healed. God is not just good. God is very, very good.

Sid Roth: I'll just add a few more adjectives. Very, very, very, very, very, very good. Very good.
