

Hello, Sid Roth here. Welcome to my world, where it's naturally supernatural. My guest, Todd Coconato, a Hollywood child actor, was stabbed nine times, and taken into the presence of God himself. Next.

Sid Roth: Welcome, Holy Spirit. Go and Flow. My guest, Todd Coconato, a Hollywood child actor, was stabbed nine times and went into the presence of God. Then God said, "Do you want to live or die?" When Todd said he wanted to live, God said, "Then you have to tell everyone I'm real, and stay on fire for me for the rest of your life." Todd came back, but then many years later, the enemy tried to take him out again, but this time he was spiritually ready.

Todd Coconato: I went down to Florida on a vacation, and we had just had our baby daughter, and I had to go get milk. I was sent out at 11 o'clock at night. Fathers know what I'm talking about, to go get some milk. And I go to the Walgreens over there in the area where we're staying, and three men, three gang bangers were in the parking lot. So I'm walking in. All of a sudden I'm approached by these men, and well, here we go again. Another time where I might be stabbed. There's a man, pulls out a knife, and I'm thinking, "Oh my gosh, here we go." But this time something was different. I had the Holy Spirit. I was more mature in the Lord. And so instinctively, I started praying in the Spirit, in my Heavenly language.

The most interesting thing happens after this. Two of the gentlemen that are with him veer off. I have no idea where they go. The other man that was there starts weeping. And so, I look at him and I said, "What's going on?" He said, "Well, you're praying." I said, "Yes, I am." He said, "Why?" I said, "Well, I'm a preacher." He's just looking at me. "Well, why are you praying? Well, you're about to get robbed." I said, "Because that's what I do. I call upon the name of the Lord. The Bible says those that call upon the name of the Lord will be saved." So what happens is, this man starts weeping. He says, "I used to be a worship leader and I left the church, and I've been so convicted, and here you are praying in the Spirit. I don't know what to do." I said, "Let me tell you something. God sent me here tonight, not for this milk, but for you." I said, "There's a reason why I'm here tonight, and I believe the Lord wants to show you how much He loves you, and He's calling you back to Him."

And this is when I started realizing the heart that God has for the prodigals, Sid, so important. Here's a man that had totally gone off into the world, and yet, he had been in the church before. He knew God at one point in his life. Before you know it, the other guys that were with him come back. They're all looking bewildered. "What's going on here?" Well, we told them, "We're having a Holy Ghost meeting in the parking lot." But what happened is, I got to pray for these men. And before you know it, all these guys are praying with me, instead of robbing me, instead of stabbing me and it showed. Yeah.

Sid Roth: There are so many prodigals.

Todd Coconato: Yes.

Sid Roth: They're watching us right now. You have a child that's a prodigal. You have a friend that's a prodigal. Would you pray for prodigals to come home? It's time.

Todd Coconato: It's time. I would be honored. And you know what I want to say to the moms out there, I'm a prodigal. And if you're a praying mom or a praying dad, and you have a son or daughter that's in the world right now in rebellion, I want you to know that the Lord spared my life, changed my life.

I'm a preacher now. I love the Lord. And I just want to pray for the prodigals, and for your son or daughter. In the name of Jesus, by the power of the Holy Spirit, right now, we just say in Jesus' name, Lord, change their heart. Pull them out of darkness. Answer this mama and this dad's prayer right now. Answer the prayers of those that are praying and interceding, because I believe that's why we're still here, Lord. You're giving us more time. And that's because your mercy and your grace. And Lord, I know the enemy has lied to a lot of parents and said that you're not hearing their prayers, Lord, but you are. And this is a confirmation of them. They are literally pulling their son and daughter out of darkness right now. So in the name of Jesus, give them the strength to continue to intercede. Give them the strength to keep pressing ahead. And give them an understanding that their prayers are heard. In Jesus' name, we thank you Lord. Amen.

Sid Roth: Todd, explain, what is the fire of God? And how we believers can stay on fire for God?

Todd Coconato: In the Bible, John the Baptist says, "Look, I baptize repentance and in water, but one's going to come whose sandals I can't even fill, and He's going to baptize you in the fire." And the Holy Spirit came in Acts chapter two, and we have the availability as believers to walk in the fire of God, the anointing of God, the understanding of His Holy Spirit. He will give us divine strategy and wisdom on how to navigate these very uncertain times that we're in.

So the devil wants to rob us. He wants to deceive. He comes to kill, to steal and destroy. He wants us to be distracted. But there are two different things going on. The devil has plans right now, and many are the plans of the wicked. That's what the Lord has said to me. There are many wicked agendas and wicked plans, and we operate in an Issachar and anointing of understanding and discerning the times. We're meant to be watchmen, but we can't always stay in this place over here. We're meant to operate in what God is doing.

God is always up to something. And as long as we're here as the body of Christ, that means that God has a plan, and He has a purpose, and He's raised us up in this hour. It's not a mistake that we're here in the time that we're in. And so, I believe God is calling us to get in alignment with His spirit and what He's doing. And as we operate in the fire and the anointing of the Holy Spirit, we are going to see Him move. I believe in greater miracles than we've ever seen before. And I believe that God is not done moving. That's why we're still here.

Sid Roth: Todd, would you demonstrate what your prayer life in private is like?

Todd Coconato: Absolutely, Sid. We don't have to have some super polished prayer. Sometimes we can literally go before the Lord and just say, "Help," and He will answer.

Sid Roth: I've prayed that prayer myself.

Todd Coconato: Yes. Yes. And I want it. Sometimes people say to me, "How do I pray?" I say, "You got to just speak to the Lord." He's looking for a personal relationship with us. We never want to hear the words, "I never knew you." And so, I pray throughout the day. I pray everywhere I go. And I have a time where I get into what I call my prayer closet or my prayer room, and I go and I inquire of the Lord. And it's in these times, Sid, that He reveals things that I normally would not know. These are divine revelations. And so many times I've gone into my prayer room and thought I knew what was going on, and then the Holy Spirit will give me a completely different version of what I didn't see. It's important.

We can definitely listen to words from other people and listen to great speakers and sermons, but I believe the Lord wants us to hear His voice. He says, "My sheep hear my voice." And so it's so important that we, as believers, have an active prayer life, and spend time in the secret place. It's a game changer.

Sid Roth: Recently, God spoke about issuing a restraining order against the enemy.

Todd Coconato: Yes.

Sid Roth: Explain what you mean by restraining order.

Todd Coconato: Yeah. So we're in turbulent times right now. One of the globalist organizations in our world is saying, it's actually coming against the church now. So now they're so overt and in our face that they're targeting Christian leaders. They're targeting tithing. Targeting praying. They're targeting speaking in tongues and healing. But you know why they do? Is because they know that's where the power is. And now we understand the battle is not a political battle, it's a spiritual battle, of light versus darkness. And so this is what we're dealing with.

So I was sitting with some friends in Florida, and the Holy Spirit was moving in a conversation that we were having. And we started talking about issuing a restraining order against the enemy. And what this is, is that as long as the church is here, we are the buffer for the evil agendas. So yes, there's all these evil agendas, but guess what? We're still here. And as long as the church is still here, we can pull down the strongholds. We can push back the assignment of the enemy. The devil wants us to stay in a place of defeat.

Sid Roth: You wrote a brand new book because of an angelic encounter. Explain.

Todd Coconato: I don't say this lightly. Other than when I got stabbed, this is the only other time in my life where I've had an encounter like this. But I was sleeping, and there was a messenger angel that came, and it was at the foot of my bed. Said two things, "Come out from among them and be consecrated. Come out from among them and be consecrated." Now if you read the Bible, every time an angel comes, the first thing that happens is somebody's paralyzed with fear. And I was paralyzed with fear. But then when I realized that this was an angelic visitation that I was having, I knew it was from God, I had a peace. And as quick as the angel came, the angel left. And for several months after, even several years after, I pondered why the angel would come and say, "Come out from among them and be consecrated."

I've been a Christian many years. I've been a preacher many years. I'm thinking, "Are there more areas I need to consecrate?" Well, sure enough, there were, Sid. I've been seeking the Lord, and I believe God is calling His church back to holiness, to consecration, to purity. To understand that we need healing, we need deliverance, and that we're never done. God is always peeling away layer after layer, until the moment that we die. And we have to seek His face in every season, and continue to go deeper. He doesn't want us to stay stagnant. He doesn't want us to stay at level one. He wants us to go deeper. And as we do that, we have more of the anointing that comes upon us. We have more understanding of what our mission is. And every day we wake up and make it about the Lord and His business rather than our business. So that's-

Sid Roth: Your book is almost like a blueprint.

Todd Coconato: Yes. It literally is a strategy from Heaven, and that's what the Lord is giving. What I believe is, if you read this book, *Come Out from Among Them*, what it's going to do is going to set you up for success. We talk about the World Economic Forum, all the different things that the globalists are doing. I mean, I get in a lot of stuff. But then we talk about a strategy from Heaven, and how we, as the body of Christ, have victory. We are the church victorious. We have the anointing of the Holy Spirit. We have the fire of God, and we're not going to cower down. We're going to stand in this hour.

Sid Roth: Now while many are preaching doom and gloom, and the end is here, God gave Todd something very, very different. Be right back.

We will be right back to It's Supernatural!

*After being stabbed in the heart, Todd Coconato went into God's presence, but God had a purpose and sent him back. Years later, an angel visited him and gave him a special message. Todd tells you what that message was in his book, *Come Out from Among Them: Why You Were Made for Such a Time as This*. And he recorded three audio CDs called *Complete Victory, Destroying Darkness, and Recovering All*, so God's fire can come into your life too.*

Sid Roth: Well, Sid Roth here with Todd Coconato. And Todd, what happened with you?

Todd Coconato: *I had an angelic visitation, and there was a massive messenger angel at the foot of my bed, and he said two things. I realized that this was from the Lord and it was holy. And then for months after, I pondered those two statements that that angel said.*

Sid Roth: *Why should people be reading your book and listening to these CDs? What change will it make in their lives?*

Todd Coconato: *This is a strategy that the Lord put on my heart. And I believe that if we use this strategy, we will not only survive, but we will thrive in these times. I've seen a greater impartation of the fire and presence of God. We've had many people write us and tell us that that is exactly what they've experienced.*

Sid Roth: *I understand you not only recover all that was stolen in your lifetime, but you can even recover things that were stolen in an ancestor's lifetime, that should have been passed on to your generation.*

Todd Coconato: *That's right. We can issue a restraining order recovering what the enemy has stolen from us.*

Sid Roth: *If you don't get resources like this, it's hard to hang in there. I believe this is going to push you into that new realm that you've wanted. I urge you to get these resources, the book and his brand new and exclusive three CD set.*

We now return to It's Supernatural!

Sid Roth: In 2011, you had a vision of what is happening right now.

Todd Coconato: Yeah.

Sid Roth: Explain that.

Todd Coconato: Yeah. Many years ago, the Lord talked to me about two simultaneous revolutions, and I preached the message at our church. We had a little remnant church in California. And some people understood it. Other people thought I was a little crazy. But I said, "There's going to be a time when there's going to be rioting in the streets in America. There's going to be a lot of disunity, and I believe there's going to be a lot of bickering and fighting, even in the body of Christ. We're going to see some pretty crazy things." And it was two simultaneous revolutions. So let me give you one. So we have, just a couple of years ago, we saw our streets and our cities being burned down by rioters and looters. We've seen so much disunity in our country. So many things going on in the world. Wars and rumors of wars, and all these different things. You can just go on Twitter feed and just see what's happening in all these other countries.

Then at the same time though, there's going to be a Jesus revolution, and there's going to be an undercurrent. That's what we're seeing right now is an undercurrent of revival and a move of God, where different streams are coming together, and people are hungering and thirsting. And I'm telling you, Sid, I've never seen longer lines and more hungry people than right now. We are at a time where you could go into a coffee shop and you could start seeing the Lord moving. You could go into a bus stop, or an airport, and start seeing people that are hungry for God. The church has left the building. Yes, we still gather, it's very important, but people are hungry everywhere. And so, while there's this revolution in the world, and the evil things and the egregious things that we're seeing, there is a Holy Spirit move of God. And I believe we got to step into that river of living wine.

Sid Roth: God told you in 2022 that we would have one more round.

Todd Coconato: That's right.

Sid Roth: Explain.

Todd Coconato: There's the scripture says there's wars and rumors of wars, but the end is not yet. And when everything started happening in Eastern Europe, and we started hearing talks of Gog and Magog, and nuclear, possible nuclear war. And I went to the presence of the Lord in my prayer time, and the Lord said, "We are not done." He says, "There is one more round, and I'm going to move mightily on the earth. And I'm going to bring prodigals to know me, and it's going to look different than anything that we've ever seen. And so, you get out there and you preach the hope and the kingdom business, and about what Jesus is doing. And lead people to the Lord, make it about souls and kingdom business. And if you do that, I'm going to be with you." And anybody who does that, if we make it about souls, and we get in alignment with what the scripture says, and we go out and make disciples, we are going to see the greatest move of God in the history of the world.

Sid Roth: Recently you've been teaching about recovering all the enemy has stolen.

Todd Coconato: Yes.

Sid Roth: Explain that.

Todd Coconato: Yeah. David and his mighty men, when they went at Ziklag, and they came back and all their stuff had been plundered, their wives were in captivity, their kids were in captivity. And David, even his own men were turning on him. And what he did at this time, he could have spiraled out of control, he could have given up, but he encouraged himself in the Lord. And then he inquired of the Holy Spirit. And when that happened, he got a strategy. He got a strategy from the Lord, and things turned around. He recovered what was stolen.

And I believe that there have been things that have been stolen and robbed from some of the people that are watching this broadcast. The enemy has come to try to take you down. Your family. People have slandered you, they backstabbed you. There's family members that have turned against you. But God is saying, you are able in the name of Jesus to recover what the devil has tried to steal from you, and what was meant for evil is going to be turned around for good. But the message is, we've got to learn to encourage ourselves in Christ, and we've got to go to the Holy Spirit and get the strategy.

Sid Roth: How do you encourage yourself in the Messiah?

Todd Coconato: Yeah. The best way is to worship, and to be in prayer and in God's Word. If we get into the word of God every single day, we will get a word, and it'll be a timely word, and it'll be a powerful word. And so, I believe God wants us to get back into the basics, the foundations, the fundamentals of our faith. And if we do these things, I know it sounds so easy, but the crazy thing is, a lot of people aren't doing it. If we do it, we're going to see the glory of the Lord and the blessing Lord on our lives, on our families. It's a game-changer, Sid.

Sid Roth: One of my producers started listening to your teaching. And just before she went to bed, she listened to something, and she had a prophetic dream.

Todd Coconato: Wow.

Sid Roth: And she felt like she made a mega-jump in the Lord. Are you getting reports that... Was this unusual for her? Or is this happening to many people that are sitting down and listening to what you have to teach?

Todd Coconato: This is all glory to the Lord. If we get into the secret place more, if we get into the word more, we spend time with the Lord, we are going to experience this same move of God. And I believe that's available to anybody who does it. We're hearing these reports all over.

Sid Roth: Now, you see so many miracles. Tell me one major miracle that's happened with you.

Todd Coconato: One of the biggest things that I'm seeing, is people coming off of drugs and coming off of addiction. Sometimes people will come to ministry and they'll say, "There was like a 2% recovery rate. We were told we were going to have to be in years of rehab and all these different programs. And then God got a hold of my life, and the fentanyl addiction is gone, the opioid addiction is gone." And so God is healing marriages, he's healing addictions. See, this is what they don't want you to know, they want you on-

Sid Roth: What about things like cancer?

Todd Coconato: Cancer, yes.

Sid Roth: Cancer is rampant.

Todd Coconato: We have someone right now in the ministry that actually, we're getting from the doctors all the information because they just got healed from cancer. And people say, "Well, it's not really." No, we're actually getting the verified proof just to show. Because God is healing cancer, He's in the healing business, and I believe He wants to heal more people than ever before.

Sid Roth: You know what excites me? You speak before college kids.

Todd Coconato: Yeah.

Sid Roth: And recently you spoke before 400. What happened?

Todd Coconato: Yeah. And this college that I was at, Sid, I was so impressed by these young people, because they were on their faces before the Lord, calling out to God for our nation. Interceding for our nation. And I'm going to tell you something, if we all would do what they were doing, this nation will be turned around tomorrow.

Sid Roth: Well, let me tell you, there are people watching us right now that love God, but they know that they don't know God. They know that they haven't had a personal experience with God. I want you to say this prayer out loud with me. Mean it to the best of your ability, and God's going to use you just like he's using all of the guests that you see on my show.

Dear God.

Dear God.

Sid Roth: I'm so sorry for my mistakes.

I'm so sorry for my mistakes.

Sid Roth: I believe your precious blood.

I believe your precious blood.

Sid Roth: Has washed me clean.

Has washed me clean.

Sid Roth: And now that I'm clean.

Now that I'm clean.

Sid Roth: Yeshua come and live inside of me.

Yeshua come and live inside of me.

Sid Roth: I make you not just my savior from my sins.

I make you not just my savior from my sins.

Sid Roth: But I make you Lord over my whole life.

I make you Lord over my whole life.

Sid Roth: There is such a presence of God. I believe you could pray for the fire of God to come on us. That same fire that came on you.

Todd Coconato: Yeah. Lord, we just thank you. We're not messing around, we're not playing church. We're not doing this to try to have the accolades of men. Lord, this isn't about building a ministry. This isn't about anything, Lord, other than you and your glory. Lord, we've been through, some of us have been through some pretty significant challenges. Some of us have been through the refiners fire and back. Maybe somebody's going through it right now. But Lord, your fire is what's going to get us through. Your fire, the fire knowing that you are the God of Heaven and Earth. You are who we serve. You created all this. And so I pray right now, Lord God, that we would catch the fire. We press in right now, and understand this is the reality. This is the situation. But God, you've given us everything we need to succeed. You've given us everything we need not only to survive, but to thrive.

Let this be a season that we go into the deep end. Let this be a season that we trust you. Always, from the beginning of time, you've been looking for a people that will trust you. Let us be that generation. There's a reason why we're here, God. Let us not be stagnant. Let us not be tired. I pray we'd rise up right now, and walk in the anointing and unction of your Spirit. I thank you for the fire that's even here right now. I feel you so strongly, God. Hallelujah. Just praise Him right now, everybody. Thank you, God. Thank you for your presence. Thank you for your tangible presence.

God, we're not trying to impress anybody. We want a true encounter with you. We want an encounter with your Holy Spirit. This is the difference between somebody who's stagnant, and somebody who's moving in the gifts and the anointing, and the fullness of what you have. I pray, Lord God, that we would catch the fire.

There's somebody right now that's listening. You've been through a real difficult relationship, a real difficult relationship. The enemy's tried to wear you down and beat you down. And God is saying right now, "I am rekindling the fire in you. I'm rekindling. You know that I've called you by name." And God is saying that what the devil tried to steal, it's going to be given back, and then you're going to get a double portion like Job. Hallelujah. Hallelujah. Thank you, Jesus. Thank you, Lord.

I want to speak to a marriage. There's been a marriage. You're listening right now. Your marriage has been on the rocks. And I want you to understand, there's many more people that deal with this than you realize. But God is saying He is not done in your situation. Keep interceding. Keep pressing ahead. This is really a testing, but God is going to get you through this, in Jesus' name. We speak life over this marriage right now. Revive it, God. Revive it with your fire. I pray this couple would be not only a praying couple, but a couple that has your anointing, that walks in the authority of your Holy Spirit. In Jesus' name. In Jesus' name.

And there's someone in here that's been church-hurt, and you've been out of the church for a while, and God is saying to restore, rekindle your first love. Go back to your first love. It's about relationship with Him. That's how we make it. Man is going to let us down time and time again. But the relationship with God is a personal relationship, and it's real. He is rekindling the fire in you. You know He's real. You know He's moved in your life before.

Lord, we are not going to grow weary. This group is not going to grow tired. We're not going to let depression, or oppression, or doubt or fear, come upon us, Lord. We are going to take this time to go deeper and to press in. And I pray the fire of God, of healing, miracles, signs and wonders. We come upon these saints, that we would know you are able to heal. You are able to set the captive free. I thank you for what you're doing right now, in Jesus' name. Hallelujah. Hallelujah. Hallelujah. Thank you, God. Thank you, Jesus.
