

Sid Roth: Hello, Sid Roth here. Welcome to my world, where it's naturally supernatural. My guest, a doctor in divinity and theology and a biblical scholar, wondered why Satan in the Book of Job was allowed even to enter the Courts of Heaven and how Satan had the audacity to argue with God in Heaven. When God spoke the answer, it rocked all his theology. Next.

Is there a supernatural dimension? A world beyond the one we know? Is there life after death? Can our dreams contain messages from Heaven? Is God ready to bring a tsunami wave of healing onto planet earth today? Join Sid for this edition of *It's Supernatural*.

Sid Roth: Welcome, Holy Spirit, I recognize that you are here big time. This is your platform, have your way. In Jesus' name, I release your glory. Now, my guest, Dr. Francis Myles was astounded by miraculous results as he traced the footsteps of Rabbi Jesus in the Courts of Heaven. Many believers, even those that have studied the Heavenly Courts have never even considered these legal rights. Before you briefly describe the Courts of Heaven, I want to tell you something. When he's a guest on this show, we have more miracle. Do you remember when you demonstrated that the rope-

Dr. Francis Myles: Jumping the bloodline.

Sid Roth: ... jumping the bloodline? Miracles were like popcorn. Well, I believe the same thing's going to happen.

Dr. Francis Myles: I'll tell you the Court of Heaven as the Lord really brought it to me. For a long time I did not understand that there was a judicial side of the Kingdom of God. But when the revelation of the Court of Heaven began to come, things began to open up in my mind. But the thing that brought it home for me is the Lord began to speak to me. He said, "Francis, look around you. There is not on earth any self-respecting government that can exist and run its government without the judiciary." And he said to me, "I am running the biggest government in the planet."

And then he gave me an example. He said, "If an American citizen, for instance, commit a crime in Australia, he can't be tried in an American court. The reason is American judicial system have no jurisdiction over crimes done in Australia and vice versa." So God told me then what I think is going to happen when you break the law of God, you can't go to the US Supreme Court. They have no jurisdiction over the law of God. You have to go to a spiritual court that represents that government for things like that. That is really the understanding of the Court of Heaven.

Sid Roth: You talk about the consequences for violating law.

Dr. Francis Myles: Yes, they are consequence of violating the law of God. This is one of the reasons why Satan is really having a field day with the body of Christ because they don't understand that Satan has access to the Court of Heaven where he can bring accusations against us because of breaking the law of God. And so many people's destinies are held back, miracles that they should be happy to them are held back because of legalities that they've allowed Satan to have in the realm of the Spirit. This is why Paul says give no room to the devil because he understood these legalities in the realm of the Spirit.

Sid, we have seen incredible miracles. We've seen tumors disappear. We've seen people who couldn't get promotions get promoted after we began to deal with the legalities they had in the realm of the Spirit by just introducing them to the concept of the Court of Heaven.

When Jesus in Israel, there were many rabbinical schools, many rabbis. Jesus was of the class of rabbis that were known as rabbis with semikhah. A rabbi with semikhah was a rabbi with authority. They were very unique rabbis because in order for you to be a rabbi with semikhah, you had to have divine attestation. What made you a different type of rabbi from the traditional rabbis? Now, why is that important? Rabbis with semikhah that were proven to have semikhah would have the authority. What authority? The authority to represent a fresh perspective of Torah.

And so Jesus comes into Israel as a rabbi with semikhah. For instance, let me give what I mean by this. You remember when Jesus says, "Come to me oh you that labor and a heavy laden for my yoke is easy and my burden is light." Now, from a gentile perspective, what do we see? We see a yoke around an oxen. But in rabbinical tradition, that's not what Yeshua is talking about. Because in rabbinical tradition, the yoke of a rabbi was his interpretation of Torah.

So Yeshua is saying, "Listen, come to me. I know Torah better than any rabbi before me. I can reinterpret Torah where Torah can bring you life, not death." That's why when this book Rabbi Jesus, it's right, it brings the Court of Heaven from that rabbinic perspective of Yeshua. It's completely life-changing.

Sid Roth: I'm reminded in the new covenant where they talk about Yeshua going into the synagogue. They say he's different than the other rabbis. He speaking with authority.

Dr. Francis Myles: Yes, that's what they meant. They said he speaks with authority. It was because he had semikhah. He said he could reinterpret the Torah because not any other rabbis could do that. All the other rabbis who didn't have semikhah, all they can do is follow the traditions of the other rabbis, what has been taught. But the rabbi with semikhah was allowed to reinterpret the law of Moses in its proper context. So here comes Yeshua and completely changes how the Jewish people saw the law of Moses so that the spirit behind the law is properly revealed. And so this book, following the Footsteps of Rabbi Jesus into the Court of Heaven presents the Court of Heaven from perspective of Yeshua himself.

Sid Roth: You say that without a ruling, Satan has a legal right to deny or delay our destiny.

Dr. Francis Myles: Yes.

Sid Roth: Explain.

Dr. Francis Myles: Oh, this is important. That even though Yeshua is dead first on the cross and we are born again, we know we are going to Heaven, it doesn't give us a license to sin or to break the law of God. If we do, even though we are born again, Satan has the legal rights, therefore, to use the evidence of our sinful behavior before the Court of Heaven. To do what? Not to stop our salvation, but to delay or actually deny the destiny.

Sid Roth: Now you had an incident with witchcraft that almost cost you your life. Tell me about that.

Dr. Francis Myles: Wow. See, this is one of the most unusual demonic attacks that I've ever had in my life. But out of it came one of the most powerful pivotal revelations that's bringing breakthrough to thousands of people around the world. Sid, in 2015 I went to Zambia for the home going celebrations of my mother, Esther, who had just transitioned into Heaven. While I was there, after we did the home going, I got a phone call from American missionary, who's got a massive church in Zimbabwe, to wish me

condolences. And then he invited me the very following week to fight the Zimbabwe so I could speak to 5,000 delegates at his conference.

I accepted, but the day came when I had to fly over there and so when I was picked up by an apostle friend of mine, we're driving to the airport. It was only 45 minutes drive to get to the airport. Halfway there Sid, I knew I was in trouble like I've never been before. And I have had demonic attacks, when you're on the front lines of the battlefield in ministry, you get attacks from the enemy. That's just part of the job. But this was another level.

It started in a very strange way, it felt like somebody had taken a shovel and were digging dirt and it started with my feet. Then it kept going up. I'm like, what is this? Now, I'm not telling my friend because I'm thinking what is this strange feeling? So I begin to pray in tongues while he's talking. But it keeps going up. It goes up and the higher it goes up my body, the weaker and weaker and weaker and weaker I felt. It finally got to my loins. Sid, by the time I get to the airport, I'm like an unhealthy 90-year-old man. I could hardly walk.

I told my friend, I'm under severe attack. I've never felt like this. So part of my mind thinks I need to get out of here. Maybe these are territorial spirits trying to kill me. Let me get out of here. So I couldn't wait to get on the plane. But before I could get to the plane, the Holy Spirit said to me, "If you get on the plane, you'll die." He said to me, "There is a demonic attack that has come against you. If you get on the plane, you'll die. You need to allow me to break it, help you break it before you leave."

That's when I knew I was in trouble. I've never been in a hospital in my life. But they rushed me into a hospital called St. John's Medical Center in Lusaka, Zambia, Sid, where I was admitted and the doctor said, "This man is in trouble." She put the tubes around me, all kind of medication. And because I was so weak, I could hardly walk three steps without breathing heavily. They put one of my young brothers in the room to kind of keep me company if I had to go to the restroom.

Well, Sid, at 2:00 AM in the morning in the hospital, I hear the voice of the Holy Spirit and he says, "Francis, get up. Go outside into the hospital yard." At 2:00 in the morning, Holy Spirit, this is a hospital break? I get to the flower bed and the Holy Spirit said to me, "Francis, it's time for me to deliver you now." He said to me, "Pick up the dirt." And I picked up the dirt in my hands, said, "God, I've got the dirt." He said to me, "The witch's that are trying to kill you spoke to the dirt and they commanded the earth to swallow your body in premature death. This is why you are feeling the soil going up. If it gets to your head, you are dead." He said, Speak to the earth and give it a different instruction. Tell the earth who you are in the kingdom, that I need you, I have need of you and reverse the curse and you'll live."

And, Sid, under the anointing of the Holy Ghost, for the first time in my life, even though my mind was feeling weird, but my spirit was excited, but my theological mind is like where, I mean I'm looking for the theology for this but my spirit knows this is God, but my theological mind is-

Sid Roth: Is you don't understand.

Dr. Francis Myles: ... having convulsions, but I will obey God anyway. I took the dirt and spirit of prophecy comes upon me and I say this, these words come out of my spirit. "Earth, earth, earth, earth, hear the word of the Lord." Sid, I did not know that was the exact scripture from the book of Jeremiah, Jeremiah 22, 29. Earth, earth, earth, hear the word of the Lord. And I began to prophesy to the earth

about who I was. It was not my time to die. I reversed the curse of the witches. You're going to let me go. And the Lord said to me, "Francis, she has heard."

What? She has heard? He said, "Put it back and watch what happens." I took the dirt and I put it back in the soil, Sid. And I'm telling you, I'll never forget what happened next as long as I live. The dirt had been filling all the way up to my waist now, fell to the ground with a thud, and out of my toes, the power of God began to percolate from my toes. By the time it got to my forehead, Sid, I could run a mile. I went back in the hospital, I was like, Elijah-

Sid Roth: You would've died if you didn't have that revelation.

Dr. Francis Myles: I would've died that day. So I get in the hospital, Abhed, my brother, said, "What happened?" I said, "I don't know, but I'm delivered." And then I told him, "Go to sleep because me and the Lord have some business to do." I love prophetic experiences, but the word of God means more to me.

Sid Roth: Now, what does the soil have to do from the Bible? That's what I want to know.

Dr. Francis Myles: So the Lord began to talk to me. He said to me, "Francis, the earth is alive. And if you and my body of Christ does not understand that and don't speak to the earth, you'll be victims of witches who understand the mystery of the earth on the planet until you know that you can speak to creation and creation can listen to your voice and begin to move in your favor."

Sid Roth: This revelation is mind-blowing. You're going to demonstrate it when we come back. But we never got to the question of what God showed you about Job, the revelation. Rock your theology. I'll tell you what, when we come back, I want you to demonstrate with the dirt for miracles. And I want to know the revelation God gave you from the book of Job. Be right back.

We'll be right back to It's Supernatural.

We now return to *It's Supernatural*.

Sid Roth: Francis is getting such, what I believe are end time revelations. For instance, he really questioned in the Book of Job how Satan could have the audacity to do what he did in Heaven in the Book of Job. But God answered you. Tell me about everything God said.

Dr. Francis Myles: I was blown away. Sid, as a theologian I had a theological quagmire when I came to the Book of Job. I couldn't hardly believe it because in the Book of Job it says that Satan shows up in Heaven, the third Heaven, before the glory of the Shekinah.

Sid Roth: Yeah, I've read that and I wondered about that too.

Dr. Francis Myles: With angels, he shows up. And so I'm looking at that and I'm saying, "Lord, there's something wrong here." Because Jesus tells us I beheld Satan fall from Heaven like lightning. We know he was cast out of Heaven. I'm saying, "Lord, I don't get it. Why is Lucifer in Heaven?" I mean somebody must be fired at the borders of Heaven who let this guy cross over. This is not America. Come on, sir. This is Heaven. Is the border that poor? I said, "Satan is before the God of Heaven." I was expecting God to say, "Satan, what are you doing here?" Instead, the Lord does not ask Satan what he is doing there in Heaven. He asked him, "Where on earth have you been?" Which means God is seeming to acknowledge that Satan's presence was legal.

I just didn't get it. So one day God said to me, "Francis, I know this is a theological quagmire for you, but it's really simple. Yes, Satan was cast out of Heaven. He has no residency here anymore, but he has been given a temporary access to one aspect of the Kingdom of God, the Court of Heaven, because how can we have a trial if the prosecutor is not seated?" So Satan is a prosecutor so he is the one who brings accusations. Jesus can't bring accusations against you, you only one accuser and he has been given access to the Court of Heaven until the age of sin comes to an end. So he has legal right until that time when God puts in the lake of fire to come before the Court of Heaven, to bring charges against the children of men on earth who are breaking Torah, breaking the word of God.

Sid Roth: Actually, I have been looking at that dirt. That's what that is here. It's dirt.

Dr. Francis Myles: The dirt.

Sid Roth: I have been looking at your dirt.

Dr. Francis Myles: Hallelujah.

Sid Roth: Tell me why that's there.

Dr. Francis Myles: Well, we are about to do a prophetic act because there's about to be a lot of miracles around the world. I really believe you are watching us for a reason because today becomes that moment of power where everything changes. It's the most expensive revelation God has ever given me. I almost died getting it. But the miracles that have come out of it are more than worth it.

Why do we have the dirt here? Because we're going to do a prophetic act. Because do you know that the earth is alive and can actually swallow the witchcraft against you? Do you know that the earth is so alive, the earth can swallow the unemployment in your life because every resource you ever need is in the earth because the earth was made by God. God's divine provision center. You want a car, you don't come from Heaven, you come from the earth. You want a husband, you won't draw from Heaven, will come from the earth. You want a house? Everything is on the earth. And that's why the Bible says the earth is the Lord's and the fullness thereof.

Now, I discovered a scripture, Sid, that blew my mind. I didn't even know it was in the Bible. And one day the Holy Spirit said to me, I want you to go to the book of Revelation chapter 12 and verse 15 through 16, there's an interesting scripture. I'm going to read it in a personalized version, but I'm just going to summarize what the Bible actually says.

Sid Roth: In a personalized way you're doing it.

Dr. Francis Myles: Yes. I'm going to do it in a personalized way because it comes out even more powerful. The serpent, the dragon, Satan spews the flood out of his mouth in order to drown the woman, who I believe is Israel, and the church. But then just right after that, the Bible says, and the earth rose up to help the woman by swallowing the flood of the dragon.

Sid Roth: Well, read that scripture.

Dr. Francis Myles: So now I want to read it in a personalized way. So I put it this way in a personalized way. This is my way of putting it because I want to deal with that in your life. And the witches or demon controlled people, howled curses like a river out of their mouth after me, saw that I might be swept away, but the earth helped me and the earth opened its mouth and swallowed up the curses which they had howled out of their mouths.

Sid Roth: That is strong.

Dr. Francis Myles: My God.

Sid Roth: Would you pray right now?

Dr. Francis Myles: I'm going to pray right now. Wherever you are, you can do this at your own time. But if you want to pause, if you've got a TV and you can pause this thing. I want to take some dirt in your hands, but I'm going to do it for you as a prophetic act. Get ready to see miracles in your life right now because we are going to command the earth to swallow the witchcraft, the unemployment, the debt in your life. And we're going to command the earth to bring forth prosperity, increase favor in your life because guess what? The earth is alive.

Sid Roth: And miracles.

Dr. Francis Myles: And miracles are going to come forth in your life or your earth body is going to vomit diseases it just swallowed. Come on right now.

Sid Roth: Right now.

Dr. Francis Myles: In Jesus' mighty name. So let's pray wherever you are, get ready for a miracle. In Jesus name. Heavenly Father, I thank you for this miracle moment, in Jesus name. Earth, earth, earth, hear the word of the Lord. As a man of God today, I command you for everybody who's watching this show. I command you earth, earth, earth to rise up, open your mouth, for God gave you a mouth, and I command you to swallow every form of witchcraft that is working against the destiny of God's people around the world. In Jesus name, earth, earth I command you to swallow the unemployment for the Bible says the earth is full of God's fullness, not unemployment. God's fullness. In Jesus name, I command the earth to swallow the debt around God's people. And I command the earth right now to vomit or bring forth blessings of favor, increase real estate, breakthrough jobs in Jesus name, in the lives of God's people.

And I also command your earth body because you see your body comes from dirt. It hears the voice of God the same way the earth hears the voice of God. So I command your earth body to vomit that cancer. We had a man vomit cancer. We commanded a man to vomit cancer and he vomited all cancer, black stuff came out of after the command and the cancer was in his spine, Sid. It was in his nerve and it came out stage 4. Right now, I command your earth body as your earth, earth bodies, I command you as a man of God, vomit that cancer, vomit that diabetes, vomit that disease in Yeshua's mighty name. Amen.

I'm telling, Sid, I sense miracles are happening all over the world right now by the power of the Holy Ghost. Hallelujah.
